To achieve that goal, it is the purpose of this act to upgrade the State's telecommunications objectives and reorganize government functions in a manner that results in more coordinated and efficient State programs and policies, and, ultimately, produces operational savings that may be invested in further deployment of broadband and mobile telecommunications services for the benefit of all Vermonters. In addition, it is the intent of the General Assembly to update and provide for a more equitable application of the Universal Service Fund (USF) surcharge. Together, these operational savings and additional USF monies will raise at least \$1.45 million annually, as follows:

(1) \$650,000.00 from an increase in the USF charge to a flat two percent;

(2) \$500,000.00 from application of the USF charge to prepaid wireless telecommunications service providers; and

(3) \$300,000.00 in operational savings from the transfer and consolidation of State telecommunications functions.
