

# Art in State Buildings Program Process

Presented by BGS to House Corrections & Institutions Committee 2/5/14

BGS Commissioner meets annually with Arts Council to discuss which capital construction projects should be "project sites" through the AiSB program

- \$1,000,000+ total project cost
- Frequent visitation by members of the public

BGS Commissioner approves up to 2 project sites to be considered for the installation of artwork.

Approved project sites are recommended to the Advisory Committee for approval. Advisory Committee reviews and approves project sites.

Capital funds appropriated for a project site are transferred upon request to Art Acquisition Fund (up to \$50,000 per year total).

Art Selection Panel is appointed for each project. Includes project architect and BGS PM. Panel selects artwork, subject to endorsement by Advisory Committee.

Arts Council facilitates process to result in recommendation of artist for each project selected for installation of artwork.

Council contracts with selected artist.

BGS PM and architect collaborate with artist on placement and form of artwork.

Commissioner BGS (or designee) reviews final installation and placement of artwork.
