H.702

Senator Mullin moves that the Senate propose to the House that the bill be amended in Sec. 1, 30 V.S.A. § 219a, in subsection (m), after subdivision (2), by inserting subdivision (3) to read:

(3) An interconnecting electric company may agree to one solar facility in its service territory for the generation of electricity to be installed and consumed primarily by a customer or group of customers, which shall be considered a net metering system for purposes of this section if:

(A) the facility has a total capacity of 5 MW or less and meets the provisions of subdivisions (a)(6)(B)–(D) of this section; and

(B) the interconnecting electric company does not undertake a pilot project under subsection (n) of this section.

and by renumbering the remaining subdivision to be numerically correct.
