

## Municipal Recycling Grants, Facility Signs

Communities are eligible to apply for funding to assist with the purchase of recycling equipment. Grant applications are considered on an individual basis and funding may be up to 1/2 the purchase price. Some equipment may include curbside collection bins, balers, crushers, roll-off containers. Grants are paid as a reimbursement to communities after they have purchased the equipment.

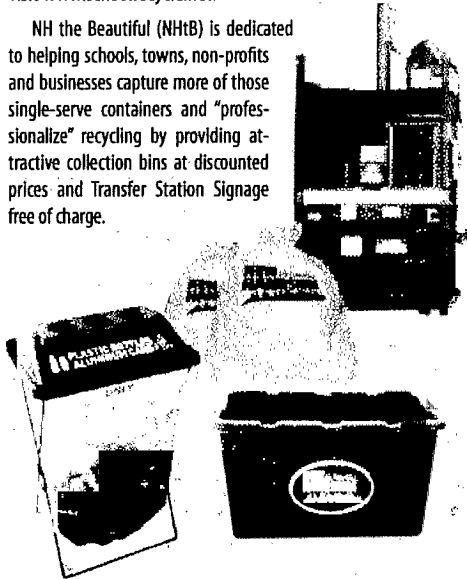

**Priority is given to communities:** *demonstrating the greatest need, funding can help the greatest number of people money has not been previously expended.*

Equipment purchased with NHTB grant money must be used exclusively for recycling. Communities that discontinue their program must either repay NHTB or work with NHTB to transfer that equipment for use in another community.

### Schools, Business and Towns

Additionally, we support recycling in NH schools by helping to purchase collection containers and trailers – visit [www.schoolrecycle.net](http://www.schoolrecycle.net).

NH the Beautiful (NHTB) is dedicated to helping schools, towns, non-profits and businesses capture more of those single-serve containers and “professionalize” recycling by providing attractive collection bins at discounted prices and Transfer Station Signage free of charge.

## **LITTER-FREE NEW HAMPSHIRE HOW TO GET YOUR "Free" BLUE BAGS**

New Hampshire the Beautiful, Inc. is pleased to assist New Hampshire towns, cities and individual groups with litter clean up programs. If your community is not part of the Litter-Free New Hampshire Program, please contact our office to join.

Our Blue Bags come in cases of 150, weigh about 30 lbs/case and need to be picked up at the offices of Northeast Resource Recovery Association (NRRRA), 2101 Dover Road, Epsom, NH.

Individuals representing the town, city or group can pick up the bags only during the weekday hours of 8:00 AM to 4:00 PM. Please determine how many cases your group needs and call or email, in advance, Paula Dow at 603-736-4401 or email: [nhtb@nrra.net](mailto:nhtb@nrra.net)

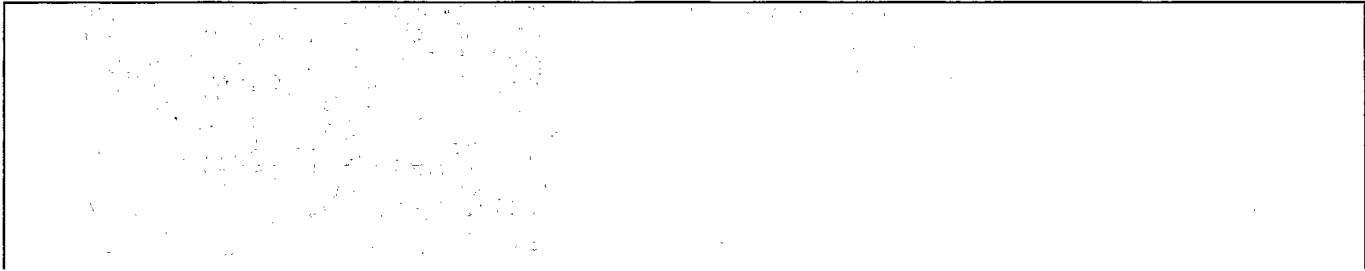

Litter-Free NH provides assistance in the form of How-To sheets for writing Public Service Announcements, organizing groups to clean up, and getting free blue litter bags. Groups or communities wishing to perform local clean-up should fill in the application below for free bags. New Hampshire the Beautiful has provided hundreds of thousands of litter bags to Adopt-A-Highway groups and individual communities for litter clean up.

New Hampshire communities are eligible to apply for funding to assist with the purchase of recycling equipment. Grant applications are considered on an individual basis and funding may be up to 1/2 the purchase price of the equipment. While we will not help with the purchase of land, studies or buildings, we do help fund the purchase of curbside collection bins, balers, crushers, roll-off containers and other equipment that will help a community achieve higher diversion rates. Additionally, we support recycling in NH schools by helping with the purchase of recycling collection containers and trailers through the [NH School Recycling CLUB](#).

Recycling Equipment grant applications are accepted on a rolling schedule, with current applications being considered every two months and up to 9 months given to allow communities to purchase and install suitable equipment. Grants are paid as a reimbursement to communities after they have purchased the equipment. Priority is given to communities demonstrating the greatest need, where the funding can help the greatest number of people, and where money has not been previously expended. Equipment purchased with NHTB grant money must be used exclusively for recycling and communities that discontinue their recycling programs must either repay NHTB or, where applicable, work with NHTB to transfer that equipment to another community for use in recycling.

**ClearStream™ Recyclers and Green Recycle Bins are available for schools, towns and businesses in New Hampshire.**  
[Read more about it here.](#)

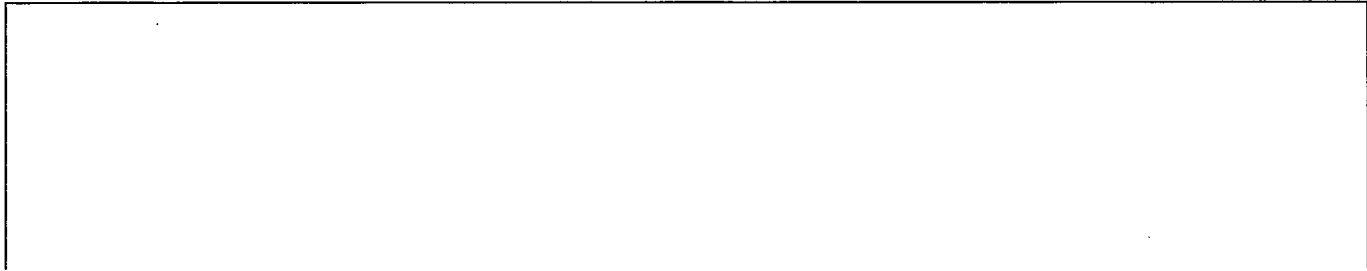

**To Download a grant application:**

Download [Adobe Acrobat Reader](#) if you do not already have it. Follow [this link](#) to open a copy of the [grant application](#). In the uppermost left there is a disk icon for saving the application and printing later as well as a printer icon for printing the application form right away.

**RecycleMobile**

The RecycleMobile was developed to help make recycling at special events low-cost, highly visible and efficient. It is a simple to use, eye-catching recycling unit consisting of a fiberglass box with six collection holes (3 per side) that is attached to a 4' by 6' trailer and houses six - 32 gallon barrels. **Solid Waste Facility Signs**

**News Update**

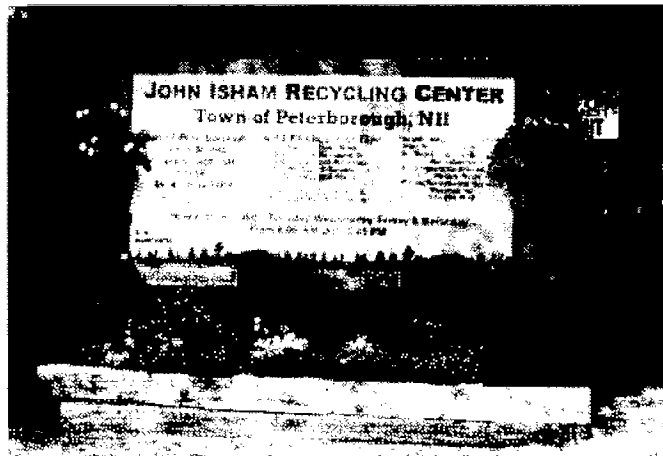

**Resources**

**Contact Us**

Solid waste facility managers find that having professionally-made signs gets their programs taken more seriously. NHtB has a program that provides free signs to NH communities. The number of signs available to an individual community is limited and available signs are standard.

Click [HERE](#) for a list of available signs.

All requests for signs must be made on the [Sign-Order Form](#) and mailed to the office at 2101 Dover Road, Epsom, NH 03234 or faxed to 603-736-4402.
