

**Act No. 28 (H.11). Human services;, Alzheimer's Disease**

**An act relating to the membership of the Commission on Alzheimer's Disease and Related Disorders**

This act amends the membership of the Commission on Alzheimer's Disease and Related Disorders by removing the two legislative members and adding the Commissioner of Health or designee, and a representative of both the University of Vermont's Center on Aging and the Support and Services at Home (SASH) program. The act creates a pattern of staggered membership by establishing varying term lengths. It further limits the compensation and reimbursement of expenses to members to four meetings annually. Lastly, the act requires a new annual report from the Commission to the General Assembly on or before January 15th of each year.

Effective Date: May 26, 2015
