- 4 ~~(B) specify a jobs performance requirement or a capital investment~~  
5 ~~performance requirement, or both; and~~
- 6 ~~(C) provide any other information the Council requires to evaluate~~

4 Except as otherwise provided for an enhanced incentive for a business in a

8 title, the Council shall calculate the value of an incentive for an award year as  
9 follows:

10 (1) Calculate new revenue growth. To calculate new revenue growth,  
11 the Council shall use the cost-benefit model created pursuant to section 26 of  
12 this title to determine the amount by which the new revenue generated by the  
13 proposed economic activity to the State exceeds the costs of the activity to the  
14 State.

15 (2) Calculate the business's potential share of new revenue growth.  
16 Except as otherwise provided for an environmental technology business in  
17 section 35 of this title, to calculate the business's potential share of new  
18 revenue growth, the Council shall multiply the new revenue growth determined  
19 under subdivision (1) of this subsection by 80 percent.

20 (3) Calculate the incentive percentage. To calculate the "incentive  
21 percentage," the Council shall divide the business's potential share of new

1 ~~revenue growth by the sum of the business's annual payroll performance~~  
2 requirements.

3 (4) Calculate qualifying payroll. To calculate qualifying payroll, the  
4 Council shall subtract from the payroll performance requirement the projected  
5 value of background growth in payroll for the proposed economic activity.

6 (5) Calculate the value of the incentive. To calculate the value of the  
7 incentive, the Council shall multiply qualifying payroll by the incentive  
8 percentage.

9 (6) Calculate the amount of the annual installment payments. To  
10 calculate the amount of the annual installment payments, the Council shall:

11 (A) subtract from the value of the incentive the amount of any  
12 applicable property tax stabilization agreement;

13 (B) divide the difference by five; and

14 (C) adjust the value of the first installment payment so that it is  
15 proportional to the actual number of days that new qualifying employees are  
16 employed in the first year of hire.

17 § 34. ENHANCED INCENTIVE FOR A BUSINESS IN A QUALIFYING  
18 LABOR MARKET AREA

19 (a) The Council may increase the value of an incentive for a business that is  
20 located in a labor market area in which:

1 ~~(1) the average annual unemployment rate is greater than the average~~  
2 ~~annual unemployment rate for the State; or~~

3 ~~(2) the average annual wage is less than the average annual wage for the~~  
4 ~~State.~~

5 ~~(b) In each calendar year the amount by which the Council may increase~~  
6 ~~the value of all incentives pursuant to this section is \$1,000,000.00 from the~~  
7 ~~General Fund and Education Fund combined.~~

8 ~~(c) The Council may exceed the limit imposed in subsection (b) of this~~  
9 ~~section upon application to and approval by the Emergency Board.~~

10 § 35. ENHANCED INCENTIVE FOR ENVIRONMENTAL TECHNOLOGY

20 disposal, reduction, recycling, and remediation;

7 hydrogen, fuel cells, waste-to-energy, or biomass.

8 (b) The Council shall consider and administer an application from an  
9 environmental technology business pursuant to the provisions of this  
10 subchapter, except that:

11 (1) the business's potential share of new revenue growth shall be  
12 90 percent; and

13 (2) to calculate qualifying payroll, the Council shall:

14 (A) determine the background growth rate in payroll for the  
15 applicable business sector in the award year;

16 (B) multiply the business's full-time payroll for the award year by  
17 20 percent of the background growth rate; and

18 (C) subtract the product from the payroll performance requirement  
19 for the award year.

~~§ 36. ENHANCED INCENTIVE FOR WORKFORCE TRAINING~~

~~(a) A business whose application is approved may elect to claim the incentive specified for an award year as an enhanced training incentive by:~~

~~(2) applying for a grant from the Vermont Training Program to perform training for one or more new employees who hold qualifying jobs.~~

~~(b) If a business is awarded a grant for training under this section, the Agency of Commerce and Community Development shall disburse grant funds for on-the-job training of 75 percent of wages for each employee in training, or 75 percent of trainer expense, and the business shall be responsible for the remaining 25 percent of the applicable training costs.~~

~~(c) If the business successfully completes its training and earns the incentive for the award year for which the business elects an enhanced training incentive, the Council shall approve the enhanced training incentive and notify the Department of Taxes.~~

~~(d) Upon notification by the Council, the Department of Taxes shall:~~

~~(1) disburse to the business a payment in an amount equal to 25 percent of the cost for training expenses pursuant to subsection (b) of this section;~~

1 ~~(2) disburse to the Agency of Commerce and Community Development~~  
2 a payment in an amount equal to 25 percent of the cost for training expenses  
3 pursuant to subsection (b) of this section; and

4 (3) disburse the remaining value of the incentive in annual installments  
5 pursuant to section 37 of this title.

6 § 37. EARNING AN INCENTIVE

6 (b) Award year one.

7 (1) For award year one, a business has from the date it commences its  
8 proposed economic activity through December 31 of that year, plus two  
9 additional years, to meet the performance requirements specified for award  
10 year one.

11 (2) A business that does not meet the performance requirements  
12 specified for award year one within this period becomes ineligible to earn  
13 incentives for the award year and for all remaining award years in the award  
14 period.

15 (c) Award years two and three.

16 (1) For award year two and award year three, beginning on January 1 of  
17 the award year, a business has three years to meet the performance  
18 requirements specified for the award year.

19 (2) A business that does not meet the performance requirements  
20 specified for award year two or for award year three within three years

1 ~~becomes ineligible to earn incentives for the award year and for all remaining~~  
2 award years in the award period.

3 (d) Extending the earning period in award years one and two.

4 Notwithstanding subsection (b) of this section:

5 (1) Upon request, the Council may extend the period to earn an  
6 incentive for award year one or award year two if it determines:

7 (A) a business did not earn the incentive for the award year due to  
8 facts or circumstances beyond its control; and

9 (B) there is a reasonable likelihood the business will earn the  
10 incentive within the extended period.

11 (2) The Council may extend the period to earn an incentive:

12 (A) for award year one, by two years, reviewed annually; or

13 (B) for award year two, by one year.

14 (3) If the Council extends the period to earn an incentive, it shall  
15 recalculate the value of the incentive using the cost-benefit model and shall  
16 adjust the amount of the incentive as is necessary to account for the extension.

17 (e) Award year four.

18 (1) Beginning on January 1 of award year four, a business that remains  
19 eligible to earn incentives has two years to meet the performance requirements

13 ~~requirement, or the capital investment performance requirement specified for~~  
14 ~~an award year, the business may apply the excess payroll, excess jobs, and~~  
15 ~~excess capital investment toward the performance requirement specified for a~~  
16 ~~future award year, provided that the business maintains the excess payroll,~~  
17 ~~excess jobs, or excess capital investment into the future award year.~~

(10) "Utilization period" means each year of the award period and the four years immediately following each year of the award period.

(11) "Vermont gross wages and salaries" means Medicare wages as reported on Federal Tax Form W-2 to the extent those wages are Vermont wages, excluding income from nonstatutory stock options.

(12) "Wage threshold" means the minimum amount of annualized Vermont gross wages and salaries a business must pay for a qualifying job, as required by the Council in its discretion, but not less than:

(A) 60 percent above the State minimum wage at the time of application; or

(B) for a business located in a labor market area in which the average annual unemployment rate is higher than the average annual

unemployment rate for the State, 40 percent above the State minimum wage at the time of application.

§ 32. APPLICATION; APPROVAL CRITERIA; GUIDELINES

(a) Application.

(1) A business may apply for an incentive in one or more years of an award period by submitting an application to the Council in the format the Council specifies for that purpose.

(2) For each award year the business applies for an incentive, the business shall:

(A) specify a payroll performance requirement;

(B) specify a jobs performance requirement or a capital investment performance requirement, or both; and

(C) provide any other information the Council requires to evaluate the application under this subchapter.

(b) Mandatory criteria. The Council shall not approve an application unless it finds:

(1) Except as otherwise provided for an enhanced incentive for a business in a qualifying labor market area under section 34 of this title, the new revenue the proposed activity generates to the State exceeds the costs of the activity to the State.

(2) The host municipality welcomes the new business.

(3) The proposed economic activity conforms to applicable town and regional plans.

(4) If the business proposes to expand within a limited local market, an incentive would not give the business an unfair competitive advantage over other Vermont businesses in the same or similar line of business and in the same limited local market.

(5) But for the incentive, the proposed economic activity:

(A) would not occur; or

(B) would occur in a significantly different manner that is significantly less desirable to the State.

### § 33. CALCULATING THE VALUE OF AN INCENTIVE

Except as otherwise provided for an enhanced incentive for a business in a qualifying labor market area under section 34 of this title, an enhanced incentive for an environmental technology business under section 35 of this title, or an enhanced incentive for workforce training under section 36 of this title, the Council shall calculate the value of an incentive for an award year as follows:

(1) Calculate new revenue growth. To calculate new revenue growth, the Council shall use the cost-benefit model created pursuant to section 26 of this title to determine the amount by which the new revenue generated by the

proposed economic activity to the State exceeds the costs of the activity to the State.

(2) Calculate the business's potential share of new revenue growth. Except as otherwise provided for an environmental technology business in section 35 of this title, to calculate the business's potential share of new revenue growth, the Council shall multiply the new revenue growth determined under subdivision (1) of this subsection by 80 percent.

(3) Calculate the incentive percentage. To calculate the "incentive percentage," the Council shall divide the business's potential share of new revenue growth by the sum of the business's annual payroll performance requirements.

(4) Calculate qualifying payroll. To calculate qualifying payroll, the Council shall subtract from the payroll performance requirement the projected value of background growth in payroll for the proposed economic activity.

(5) Calculate the value of the incentive. To calculate the value of the incentive, the Council shall multiply qualifying payroll by the incentive percentage.

(6) Calculate the amount of the annual installment payments. To calculate the amount of the annual installment payments, the Council shall:

(A) divide the value of the incentive by five; and

(B) adjust the value of the first installment payment so that it is proportional to the actual number of days that new qualifying employees are employed in the first year of hire.

§ 34. ENHANCED INCENTIVE FOR A BUSINESS IN A QUALIFYING LABOR MARKET AREA

(a) The Council may increase the value of an incentive for a business that is located in a labor market area in which:

(1) the average annual unemployment rate is greater than the average annual unemployment rate for the State; or

(2) the average annual wage is less than the average annual wage for the State.

(b) In each calendar year, the amount by which the Council may increase the value of all incentives pursuant to this section is:

(1) \$1,500,000.00 for one or more initial approvals; and

(2) \$1,000,000.00 for one or more final approvals.

(c) The Council may increase the cap imposed in subdivision (b)(2) of this section by not more than \$500,000.00 upon application by the Governor to, and approval of, the Joint Fiscal Committee.

(d) In evaluating the Governor's request, the Committee shall consider the economic and fiscal condition of the State, including recent revenue forecasts and budget projections.

(e) The Council shall provide the Committee with testimony, documentation, company-specific data, and any other information the Committee requests to demonstrate that increasing the cap will create ~~unique~~ an opportunity for return on investment to the State.

§ 35. ENHANCED INCENTIVE FOR ENVIRONMENTAL TECHNOLOGY BUSINESS

(a) As used in this section, an “environmental technology business” means a business that:

(1) is subject to income taxation in Vermont; and

(2) seeks an incentive for economic activity in Vermont that the Secretary of Commerce and Community Development certifies is primarily research, design, engineering, development, or manufacturing related to one or more of the following:

(A) waste management, including waste collection, treatment, disposal, reduction, recycling, and remediation;

(B) natural resource protection and management, including water and wastewater purification and treatment, air pollution control and prevention or remediation, soil and groundwater protection or remediation, and hazardous waste control or remediation;

(C) energy efficiency or conservation;

(D) clean energy, including solar, wind, wave, hydro, geothermal, hydrogen, fuel cells, waste-to-energy, or biomass.

(b) The Council shall consider and administer an application from an environmental technology business pursuant to the provisions of this subchapter, except that:

(1) the business's potential share of new revenue growth shall be 90 percent; and

(2) to calculate qualifying payroll, the Council shall:

(A) determine the background growth rate in payroll for the applicable business sector in the award year;

(B) multiply the business's full-time payroll for the award year by 20 percent of the background growth rate; and

(C) subtract the product from the payroll performance requirement for the award year.

§ 36. ENHANCED INCENTIVE FOR WORKFORCE TRAINING

(a) A business whose application is approved may elect to claim the incentive specified for an award year as an enhanced training incentive by:

(1) notifying the Council of its intent to pursue an enhanced training incentive and dedicate its incentive funds to training through the Vermont Training Program; and

(2) applying for a grant from the Vermont Training Program to perform training for one or more new employees who hold qualifying jobs.

(b) If a business is awarded a grant for training under this section, the Agency of Commerce and Community Development shall disburse grant funds for on-the-job training of 75 percent of wages for each employee in training or 75 percent of trainer expense, and the business shall be responsible for the remaining 25 percent of the applicable training costs.

(c) A business that successfully completes its training shall submit a written certificate of completion to the Agency of Commerce and Community Development which shall notify the Department of Taxes.

(d) Upon notification by the Agency, and if the Department determines that the business has earned the incentive for the award year, it shall:

(1) disburse to the business a payment in an amount equal to 25 percent of the cost for training expenses pursuant to subsection (b) of this section;

(2) disburse to the Agency of Commerce and Community Development a payment in an amount equal to 25 percent of the cost for training expenses pursuant to subsection (b) of this section; and

(3) disburse the remaining value of the incentive in annual installments pursuant to section 37 of this title.

§ 37. EARNING AN INCENTIVE

(d) Extending the earning period in award years one and two.

Notwithstanding subsection (b) of this section:

(1) Upon request, the Council may extend the period to earn an incentive for award year one or award year two if it determines:

(A) a business did not earn the incentive for the award year due to facts or circumstances beyond its control; and

(B) there is a reasonable likelihood the business will earn the incentive within the extended period.

(2) The Council may extend the period to earn an incentive:

(A) for award year one, by two years, reviewed annually; or

(B) for award year two, by one year.

(3) If the Council extends the period to earn an incentive, it shall recalculate the value of the incentive using the cost-benefit model and shall adjust the amount of the incentive as is necessary to account for the extension.

(e) Award year four.

(1) Beginning on January 1 of award year four, a business that remains eligible to earn incentives has two years to meet the performance requirements specified for award year four.

(2) A business that does not meet the performance requirements specified for award year four within two years becomes ineligible to earn incentives for award year four and award year five.

(f) Award year five.

(1) Beginning on January 1 of award year five, a business that remains eligible to earn incentives has one year to meet the performance requirements specified for award year five.

(2) A business that does not meet the performance requirements specified for award year five by the end of that award year becomes ineligible to earn the incentive specified for that award year.

(g) Carrying forward growth that exceeds targets. If a business exceeds one or more of the payroll performance requirement, the jobs performance requirement, or the capital investment performance requirement specified for an award year, the business may apply the excess payroll, excess jobs, and excess capital investment toward the performance requirement specified for a future award year, provided that the business maintains the excess payroll, excess jobs, or excess capital investment into the future award year.

§ 38. CLAIMING AN INCENTIVE; ANNUAL FILING WITH  
DEPARTMENT OF TAXES

(a) On or before April 30 following each year of the utilization period, a business with an approved application shall submit an incentive claim to the Department of Taxes.

(c) The Department may consider an incomplete claim to be timely filed if the business files a complete claim within the additional time allowed by the Department in its discretion.

(d) Upon finalizing its review of a complete claim, the Department shall:

(A) the business fails to file a claim as required in section 38 of this title; or

(B) during the utilization period, the business experiences:

(i) a 90 percent or greater reduction from base employment; or

(ii) if it had no jobs at the time of application, a 90 percent or greater reduction from the sum of its job performance requirements.

(2) If the Department determines that a business is subject to recapture under subdivision (1) of this subsection, the business becomes ineligible to earn or claim an additional incentive or installment payment for the remainder of the utilization period.

(3) Notwithstanding any other statute of limitations, the Department may commence a proceeding to recapture amounts under subdivision (1) of this subsection as follows:

(A) under subdivision (1)(A) of this subsection, no later than three years from the last day of the utilization period; and

(B) under subdivision (1)(B) of this subsection, no later than three years from date the business experiences the reduction from base employment, or three years from the last day of the utilization period, whichever occurs first.

(b) Reduction; recapture. If a business fails to make capital investments that equal or exceed the sum of its capital investment performance requirements by the end of the award period:

(1) The Department shall:

(A) calculate a reduced incentive by multiplying the combined value of the business's award period incentives by the same proportion that the business's total actual capital investments bear to the sum of its capital investment performance requirements; and

(B) reduce the value of any remaining installment payments for which the business is eligible by the same proportion.

(2) If the value of the installment payments the business has already received exceeds the value of the reduced incentive, then:

(A) the business becomes ineligible to claim any additional installment payments for the award period; and

(B) the Department shall recapture the amount by which the value of the installment payments the business has already received exceeds the value of the reduced incentive.

§ 40. REPORTING
