§ 1089. EMPLOYMENT OF HYDRAULIC ENGINEER

With the approval of the governor, the state agency having jurisdiction Department or the Public Service Board may employ a competent hydraulic engineer to investigate the property, review the plans and specifications, and make such additional investigation as such agency the Department or the Public Service Board shall deem necessary, and such engineer shall report to the agency Department or the Public Service Board his or her findings in respect thereto. The Department or the Public Service Board may assess expenses incurred in retaining an engineer under this section to the person owning legal title to the dam under 3 V.S.A. § 2809 for dams within the jurisdiction of the Department and under 30 V.S.A. § 21 for dams within the jurisdiction of the Public Service Board.

§ 1090. CONSTRUCTION SUPERVISION

The construction, alteration, or other action authorized in section 1086 of this title shall be supervised by a registered engineer employed by the applicant. Upon completion of the authorized project, the engineer shall certify to the agency Department or the Public Service Board that the project has been completed in conformance with the approved plans and specifications.

§ 1095. UNSAFE DAM; PETITION; HEARING; EMERGENCY

(a) On receipt of a petition signed by not less no fewer than ten persons in interest interested persons or the legislative body of a municipality, the agency Department or the Public Service Board shall, or upon its own motion it may, institute investigations by an engineer as described in section 1087 of this title regarding the safety of any existing dam or portion of a dam, of any size. The agency Department or the Public Service Board may fix a time and place for hearing and shall give notice in the manner it directs to all parties interested. The engineer shall present his or her findings and recommendations at the hearing. After the hearing, if the agency Department or the Public Service Board finds that the dam or portion of the dam as maintained or operated is unsafe or is a menace to people or property above or below the dam, it shall issue an order directing reconstruction, repair, removal, breaching, draining, or other action it considers necessary to make the dam safe.

(b) If, upon the expiration of such date as may be ordered, the owner of person owning legal title to such dam has not complied with the order directing the reconstruction, repair, breaching, removal, draining, or other action of such unsafe dam, the state agency having jurisdiction Department or the Public Service Board may petition the Superior Court in the county in
which the dam is located to enforce its order or exercise the right of eminent
domain to acquire such rights as may be necessary to effectuate a remedy as
the public safety or public good may require. If the order has been appealed,
the court may prohibit the exercise pending disposition of the appeal.

(c) If, upon completion of the investigation described in subsection (a) of
this section, the state agency having jurisdiction considers the dam to present an imminent threat to human life or
property it shall take whatever action it considers necessary to protect life and
property and subsequently conduct the hearing described in subsection (a).

§ 1098. REMOVAL OF OBSTRUCTIONS; APPROPRIATION

The department may contract for the removal of sandbars, debris, or other obstructions from streams which the department finds that while so obstructed may be a menace in time of flood, or endanger property or life below, or the property of riparian owners. The expense of investigation and removal of the obstruction shall be paid by the state from funds provided for that purpose.

§ 1099. APPEALS

(a) Appeals of any act or decision of the department under this chapter shall be made in accordance with chapter 220 of this title.

(b) Appeals from actions or orders of the Public Service Board may be taken in the Supreme Court in accord with 30 V.S.A. § 12.

§ 1105. INSPECTION OF DAMS

The agency shall provide the person owning legal title to the dam with the findings of the inspection and any recommendations.

(b) Dam safety reports. If a dam inspection report is completed by the Department, the Department shall provide the person owning legal title to the
dam with a copy of the inspection report. If a person owning legal title to a
dam receives a dam inspection safety report from the Department or if the
person is required to complete a dam inspection report under this chapter, rules
adopted under this chapter, or rules required by the Public Service Board, the
person owning legal title to the dam shall file the dam inspection report in the
records of the town or towns where the dam is located, provided that no person
shall be required to file critical energy infrastructure information, as that term
is defined under 18 C.F.R. § 388.112. A town clerk shall index and record

§ 1107. HAZARD POTENTIAL CLASSIFICATIONS

Dams required to be registered with the Department under section 1108 of
this title shall be assessed a hazard potential classification based on the
potential loss of human life, property damage, and economic loss that would
occur in the event of the failure of a dam. The potential hazard classifications
for a dam are as follows:

(1) “High hazard potential dam” means a dam that, if it were to fail,
would result in any of the following:

   (A) probable loss of life;
   (B) major damage to habitable structures, including residences,
hospitals, convalescent homes, schools, roadways, or other structures; or
   (C) excessive economic loss.

(2) “Significant hazard potential dam” means a dam that, if it were to
fail, would result in any of the following:

   (A) possible loss of life;
   (B) minor damage to habitable structures, including residences,
hospitals, convalescent homes, schools, roadways, or other structures; or
   (C) appreciable economic loss.

(3) “Low hazard potential dam” means a dam that, if it were to fail,
would result in any of the following:

   (A) no loss of life;
   (B) no damage to habitable structures, including residences,
hospitals, convalescent homes, schools, roadways, or other structures; or
   (C) minimal economic loss.
(4) “Negligible hazard potential dam” means a dam that, if it were to fail, would result in all of the following:

(A) no measurable damage to roadways;

(B) no measurable damage to habitable structures, including residences, hospitals, convalescent homes, schools, roadways, or other structures; and

(C) negligible economic loss.

§ 1108. DAM REGISTRATION

(a) Dam registration.

(1) Except for dams within the jurisdiction of the Public Service Board, a person owning legal title to a dam shall register the dam with the Department according to the following schedule:

(A) on or before April 1, 2017, for a dam capable of impounding 500,000 cubic feet or more of water or other liquid; and

(B) on or before April 1, 2018 for all other dams that are on the Vermont Dam Inventory maintained by the Department.

(2) The rules of the Public Service Board shall control the regulation and inspection of dams over which the Public Service Board has jurisdiction.

(3) A financial institution, as that term is defined in 8 V.S.A. § 11101(32), is exempt from the requirements of this section and the fee required under 3 V.S.A. § 2822 when the financial institution acquires title to a dam through foreclosure under 12 V.S.A. chapter 172.

(b) Registration process.

(1) The Department shall provide a registration form to persons owning legal title to a dam. The Department shall allow registration in paper or electronic format.

(2) As part of the registration, the person owning legal title to a dam shall:

(A) notify the Department of the location of the dam, including the State plane coordinates for the location;

(B) notify the Department of the initial hazard potential classification of the dam based on information available to the person owning legal title to the dam; and

(C) pay the registration fee required under 3 V.S.A. § 2822(j)(12).
(3) The Department shall deposit fees collected under 3 V.S.A. § 2822(i)(12) into the Environmental Permit Fund under 3 V.S.A. § 2805 and shall use the fees to implement the requirements of this chapter.

(c) Hazard potential classifications.

(1) The Secretary shall develop guidance and educational materials regarding how a person who owns legal title to a dam shall assess the hazard potential classification of a dam for the purposes of initial registration of a dam under subsection (a) of this section.

(2) The Department shall review the hazard potential classifications of dams registered under this section and may, after inspection of a dam, reclassify the hazard potential classification of a dam based on the location of the structure in proximity to human habitation and the potential economic loss from failure of the dam. The Department shall notify the person owning legal title to the dam of any reclassification of the hazard potential classification of a dam.

(3) The Department shall use the U.S. Army Corps of Engineers’ Rules for the National Program for Inspection of Non-federal Dams as guidance in the classification and reclassification of the hazard potential classification of dams in the State.

(4) A person owning legal title to a dam may appeal the Department’s reclassification of the hazard potential of a dam under this section under chapter 220 of this title.

(d) Notification of dam registration requirement. If the Department identifies the person owning legal title of an unregistered dam, the Department shall notify the person owning legal title to the dam of the requirement to register the dam under this section. The person owning legal title to a dam who receives notice of a required registration under this subsection shall have 60 days from the date of the Department’s notice to submit a complete dam registration form to the Department.

(e) Failure to file dam registration. If a person owning legal title to a dam fails to submit the dam registration form as required under subsection (b) of this section, the Department may inspect the dam or retain an engineer retained to inspect the dam. The Department shall assess against the person owning legal title to the dam the cost to the Department of the inspection.

(f) Addition to Vermont Dam Inventory. When the Department is informed, through registration under this section or other means, of the location of a dam that is not on the Vermont Dam Inventory, the Department shall add the dam to the Vermont Dam Inventory and shall notify, if
identifiable, the person owning legal title to the dam of the addition of the dam to the inventory.

(g) Recording. A person owning legal title to a dam shall file the dam registration required by this section or rules adopted under this chapter in the records of the town or towns where the dam is located. A town clerk shall index and record dam registrations in the land records pursuant to 24 V.S.A. §§ 1154 and 1161.

(h) Lien on property on which dam is situated. When the Department takes action under this section to inspect a dam or when the Department takes any action under this chapter to alleviate or address a risk to life or property from a dam, the Department may file a lien in favor of the State on the property on which the dam is located and on the buildings and structures located on that property in order to secure repayment to the State of the costs of the inspection or other action. The lien shall arise at the time demand is made by the Secretary and shall continue until the liability for such sum with interest and costs is satisfied or becomes unenforceable. A lien under this section shall be subordinate to a primary mortgage on the property. The Department shall record notice of a lien under this section in the land records of the town in which the property is located.

(i) Annual operating fee. Beginning one year after registration of a dam under subsection (b) of this section, the person owning legal title to a registered dam shall pay the annual operating fee required under 3 V.S.A. § 2822(j)(12)

§ 1109. MARKETABILITY OF TITLE

The failure of the person owning legal title to a dam to record a dam registration or a dam inspection report when required under this chapter or rules adopted under this chapter shall not create an encumbrance on record title or an effect on marketability of title for the real estate property or properties on which dam is located, except when the Department files a lien on property under section 1108 of this title.

§ 1110. RULEMAKING

The Commissioner of Environmental Conservation may adopt rules to implement the requirements of this chapter for dams within the jurisdiction of the Department. The rules may include standards for the siting, design, construction, reconstruction, enlargement, alteration, operation, monitoring, maintenance, modification, inspection, reporting, repair, breach, removal of, or emergency action plans for a dam in the State.

§ 1111. NATURAL RESOURCES ATLAS; DAM STATUS
(a) Submission to Department. Annually on or before January 1, the Public Service Board and the Secretary of Agriculture, Food and Markets shall submit to the Department the presence, location, and hazard potential classification of any dam within its jurisdiction or learned of within the previous calendar year.

(b) Update of Natural Resources Atlas. Beginning on January 1, 2016, the Secretary of Natural Resources shall update the Natural Resources Atlas on the Agency of Natural Resources’ website to include the status of dams identified on the Atlas. The Atlas shall include all information submitted under subsection (a) of this section and the presence, location, and hazard potential classification of any dam within the jurisdiction of the Department. The Department shall include on the Atlas the person owning legal title to the dam, if known.

(c) Additional information. The Department may enter a memorandum of understanding with the Public Service Board and the Secretary of Agriculture, Food and Markets regarding additional information regarding dams to be submitted to the Department under this section.

*** Financial Literacy ***

Sec. 2. FINDINGS

The General Assembly finds:
(1) Many Vermonters are not learning the basics of personal finance in school or in life and their lack of knowledge and skill can have severe and negative consequences to themselves and Vermont’s economy. Financial illiteracy affects everyone—men and women, young and old, and crosses all racial and socio-economic boundaries.

(2) Financial literacy is an essential 21st century life skill that young people need to succeed, yet recent studies and surveys show that our youth have not mastered these topics. For example, a 2013 report by Vermont Works for Women indicated that young women believe that a lack of personal finance training was a major deficiency in their education. Without improved financial literacy, the next generation of Vermont leaders, job creators, entrepreneurs, and taxpayers will lack skills they need to survive and to thrive in this increasingly complex financial world.

(3) The following are some facts about the lack of financial literacy in Vermont’s k–12 schools:

(A) Vermont received a “D” grade in a national report card on State efforts to improve financial literacy in high schools, but more than one-half of the states received a grade of A, B, or C;

(B) in an Organisation for Economic Co-operation and Development (OECD) Programme for International Student Assessment (PISA) international financial literacy test of 15-year-olds, the United States ranked 9th out of 13 countries participating in the exam—statistically tied with the Russian Federation and behind China, Estonia, Czech Republic, Poland, and Latvia;

(C) only 10 percent of high schools in Vermont (7 out of 65) have a financial literacy graduation requirement;

(D) a 2011 survey shows that as many as 30 percent of Vermont high schools may not even offer a personal finance elective course for their students to take; and

(E) the same survey indicates that Vermont high school administrators estimate that more than two-thirds of the students graduate without achieving competence in financial literacy topics.

(4) Most students are not financially literate when they enter college and we know that many students leave college for “financial reasons.” Too few Vermont college students have received personal finance education in k–12 school or at home. In fact, a Schwab survey indicated that parents are nearly as uncomfortable talking to their children about money as they are discussing sex. Except in some targeted programs and occasional courses, most college students in Vermont are not offered much in the way of financial literacy
education. Personal finance education often consists of brief mandatory entrance and exit counseling for students with federal loans, along with reminders to Vermont students to repay their loans. Today’s college graduates need to be financially sophisticated because they face greater challenges than previous generations experienced. As a result of the recent recession, many are worse off than their parents were at the same age, with more debt and stagnant or lower incomes. They have higher unemployment rates than older citizens, more live at home with their parents, while fewer own a home, have children or are married. A lack of financial skills is clearly a factor in the failure of many in this generation to launch, and is having a substantial impact on our overall economy.

(5) A more financially sophisticated collegiate student body can be expected to yield a corresponding increase in retention and persistence rates, fewer student loans, and lower student loan default rates and greater alumni giving.

(6) Several studies show that financially sophisticated college students have better outcomes. For example, three University of Arizona longitudinal studies that followed students through college and into the workforce clearly demonstrated that achieving financial self-sufficiency, a key developmental challenge of young adulthood, appears to be driven by financial behaviors practiced during emerging adulthood. The study indicated that college students who exhibited responsible early financial practices experienced smoother transitions to adulthood than students who had poor behaviors. The studies also found that those students who were most successful with this transition to adulthood had more financial education through personal finance or economics classes.

(7) Some troubling facts about college students lack of financial literacy include:

(A) 63 percent of Vermont four-year college students that graduated in 2012 had student loan debt that averaged $28,299.00;

(B) nationally, nearly 11 percent of all student loan borrowers were delinquent in their payments by more than 90 days as of June 2014; and

(C) only 27 percent of parents in Vermont have set aside funds for their child’s college education.

(8) Many of Vermont’s adults struggle financially. The recent recession demonstrated that our citizens have trouble making complex financial decisions that are critical to their well-being. Nearly one-half of Vermont adults have subprime credit ratings, and thus pay more interest on auto and home loans and credit card debt; nearly two-thirds have not planned for
retirement; and less than one-half of Vermont adults participate in an employment-based retirement plan.

(9) Personal economic stress results in lost productivity, increased absenteeism, employee turnover, and increased medical, legal, and insurance costs. Employers in Vermont and our overall economy will benefit from a decrease in personal economic stress that can result from more adult financial education.

(10) Some troubling facts about Vermont adults’ lack of financial literacy:

(A) in a 2014 survey, 41 percent of U.S. adults gave themselves a grade of C, D, or F on their personal finance knowledge;

(B) nationally, 34 percent of adults indicated that they have no retirement savings;

(C) as of the third quarter of 2014, among those Vermonters owing money in revolving debt, including credit cards, private label cards, and lines of credit, the average balance was $9,822.00 per borrower;

(D) 62 percent of Vermont adults do not have a rainy-day fund, a liquid emergency fund that would cover three months of life’s necessities;

(E) nearly 20 percent of adult Vermonters are unbanked or underbanked; and

(F) 22 percent of Vermont adults used one or more nonbank borrowing methods in the past five years, including an auto title loan, payday loan, advance on tax refund, pawn shop, and rent-to-own.

(11) Vermonters need the skills and tools to take control of their financial lives. Studies have shown that financial literacy is linked to positive outcomes like wealth accumulation, stock market participation, retirement planning, and avoidance of high cost alternative financial products.

(12) When they graduate, Vermont high school students should, at a minimum, understand how credit works, how to budget, and how to save and invest. College graduates should understand those concepts in addition to the connection between income and careers, and how student loans work. Vermont adults need to understand the critical importance of rainy-day and retirement funds, and the amounts they will need in those funds.

(13) All Vermonters should have access to content and training that will help them increase their personal finance knowledge. Vermont students and adults need a clear path to building their personal finance knowledge and skills. Vermont needs to increase its focus on helping Vermonters become
wiser consumers, savers, and investors. Financial literacy education is a helping hand that gives individuals knowledge and skills that can lift them out of a financial problem, or prevent difficulties from occurring.

(14) A more financially sophisticated and capable citizenry will help improve Vermont’s economy and overall prosperity.

(15) In 2014, a Vermont Financial Literacy Task Force convened by the Center for Financial Literacy at Champlain College, recommended as one of its 13 action items that a Vermont Financial Literacy Commission be created to help improve the financial literacy and capability of all Vermonters.

*** Consumer Litigation Funding ***

Sec. 5. 8 V.S.A. § 2246 is added to read:

§ 2246. CONSUMER LITIGATION FUNDING

(a) Findings. The General Assembly finds that the relatively new business
of consumer litigation funding, as defined in subsection (b) of this section, raises concerns about whether and, if so, to what extent such transactions should be regulated by the Commissioner of Financial Regulation. Concerns include: finance charges and fees; terms and conditions of contracts; rescission rights; licensure or registration; disclosure requirements; enforcement and penalties; and any other standards and practices the Commissioner deems relevant.

(b) Definition. As used in this section, “consumer litigation funding” means a nonrecourse transaction in which a person provides personal expense funds to a consumer to cover personal expenses while the consumer is a party to a civil action or legal claim and, in return, the consumer assigns to such person a contingent right to receive an amount of the proceeds of a settlement or judgment obtained from the consumer’s action or claim. If no such proceeds are obtained, the consumer is not required to repay the person the funded amount, any fees or charges, or any other sums.

(c) Recommendation. On or before December 1, 2015, the Commissioner of Financial Regulation and the Attorney General shall submit a recommendation or draft legislation to the General Assembly reflecting an appropriate balance between:

1. providing a consumer access to funds for personal expenses while the consumer is a party to a civil action or legal claim; and
2. protecting the consumer from any predatory practices by a person who provides consumer litigation funding.

(d) Moratorium. A person shall not offer or enter into a consumer litigation funding contract on or after July 1, 2015 unless authorized to do so by further enactment of the General Assembly.

(e) Enforcement. A person who violates subsection (d) of this section shall be subject to the powers and penalties of the Commissioner of Financial Regulation under sections 13 (subpoenas and examinations) and 2215 (licensed lender penalties) of this title.

Sec. 2. 13 V.S.A. § 7602 is amended to read:

§ 7602. EXPUNGEMENT AND SEALING OF RECORD, POSTCONVICTION; PROCEDURE

(a)(1) A person who was convicted of a qualifying crime or qualifying crimes arising out of the same incident or occurrence may file a petition with the Court requesting expungement or sealing of the criminal history record related to the conviction. The State’s Attorney or Attorney General shall be the respondent in the matter if:

The respondent shall file the stipulation with the Court, and the Court shall issue the petitioner a certificate and provide notice of the order in accordance with this section.

(d) The Court shall grant the petition and order that the criminal history record be expunged in accordance with section 7606 of this title if the following conditions are met:

(1) The petitioner committed the qualifying crime or crimes prior to reaching 25 years of age.
(2) At least five years have elapsed since the date on which the person successfully completed the terms and conditions of the sentence for the conviction, or if the person has successfully completed the terms and conditions of an indeterminate term of probation that commenced at least five years previously.

(3) The person has not been convicted of a crime arising out of a new incident or occurrence since the person was convicted of the qualifying crime.

(4) The person successfully completed a term of regular employment or public service, independent of any service ordered as a part of the petitioner’s sentence for the conviction, and as approved by the Community Justice Network of Vermont, which may include:

(A) community service hours completed without compensation, reparation of harm to the victim, or education regarding ways not to reoffend, or a combination of the three;

(B) at least one year of service in the U.S. Armed Forces, followed by an honorable discharge or continued service in good standing;

(C) at least one year of service in AmeriCorps or another local, state, national, or international service program, followed by successful completion of the program or continued service in good standing; or

(6) The Court finds that expungement of the criminal history record serves the interest of justice.

(e) For petitions filed pursuant to subdivision (a)(1)(B) of this section, the Court shall grant the petition and order that the criminal history record be expunged in accordance with section 7606 of this title if the following conditions are met:

(1) At least one year has elapsed since the completion of any sentence or supervision for the offense, whichever is later.

(2) Any restitution ordered by the Court has been paid in full.

(3) The Court finds that expungement of the criminal history record serves the interest of justice.

(f) For petitions filed pursuant to subdivision (a)(1)(B) of this section for a conviction for possession of a regulated drug under 18 V.S.A. chapter 84, subchapter 1 in an amount that is no longer prohibited by law or for which
criminal sanctions have been removed:

(1) The petitioner shall bear the burden of establishing that his or her conviction was based on possessing an amount of regulated drug that is no longer prohibited by law or for which criminal sanctions have been removed.

(2) There shall be a rebuttable presumption that the amount of the regulated drug specified in the affidavit of probable cause associated with the petitioner’s conviction was the amount possessed by the petitioner.

(g) Prior to granting an expungement or sealing under this section for petitions filed pursuant to subdivision 7601(4)(D) of this title, the Court shall make a finding that the conduct underlying the conviction under section 1201 of this title did not constitute a burglary into an occupied dwelling, as defined in subdivision 1201(b)(2) of this title.
