§ 4185. DEFINITIONS

As used in this chapter:

(3) “Fantasy sports operator” means a person that offers to members of the public the opportunity to participate in a fantasy sports contest for consideration.
(4) “Fantasy sports player” means an individual who participates in a fantasy sports contest for consideration.

**Equipment and Machinery Dealers**

Sec. J.1. FINDINGS AND INTENT

(a) The General Assembly finds:

1. Vermont has long relied on economic activity relating to working farms and forestland in the State. These working lands, and the people who work the land, are part of the State’s cultural and ecological heritage, and Vermont has made major policy and budget commitments in recent years in support of working lands enterprises. Farm and forest enterprises need a robust system of infrastructure to support their economic and ecological activities, and that infrastructure requires a strong economic base consisting of dealers, manufacturers, and repair facilities. Initiatives to help strengthen farm and forest working land infrastructure are in the best interest of the State.

2. Snowmobiles and all-terrain vehicles have a significant economic impact in the State, including the distribution and sale of these vehicles, use by residents, ski areas, and emergency responders, as well as tourists who come to enjoy riding snowmobiles and all-terrain vehicles in Vermont. It is in the best interest of the State to ensure that Vermont consumers who want to purchase snowmobiles and all-terrain vehicles have access to a competitive marketplace and a strong network of dealers, suppliers, and repair facilities in the State.

3. The distribution and sale of equipment, snowmobiles, and all-terrain vehicles within this State vitally affects the general economy of the State and the public interest and the public welfare, and in order to promote the public interest and the public welfare, and in the exercise of its police power, it is necessary to regulate equipment, snowmobile, and all-terrain vehicle suppliers and their representatives, and to regulate dealer agreements issued by suppliers who are doing business in this State, in order to protect and preserve the investments and properties of the citizens of this State.

4. There continues to exist an inequality of bargaining power between equipment, snowmobile, and all-terrain vehicle suppliers and the independent dealer network. This inequality of bargaining power enables equipment, snowmobile, and all-terrain vehicle suppliers to compel dealers to execute dealer agreements, related contracts, and addenda that contain terms and conditions that would not routinely be agreed to by the equipment, snowmobile, and all-terrain vehicle dealer if this inequality did not exist. It therefore is in the public interest to enact legislation to prevent unfair or arbitrary treatment of equipment, snowmobile, and all-terrain vehicle dealers by equipment, snowmobile, and all-terrain vehicle suppliers. It is also in the public interest that Vermont consumers, municipalities, businesses, and others that purchase equipment, snowmobiles, and all-terrain vehicles in Vermont
have access to a robust independent dealer network to obtain competitive prices when purchasing these items and to obtain warranty, recall, or other repair work.

(b) It is the intent of the General Assembly that this act be liberally construed in order to achieve its purposes.

Sec. J.2. 9 V.S.A. chapter 107 is amended to read:
