The report shall not be used for any purpose other than for submission to the National Instant Criminal Background Check System pursuant to this section, where it may be used for any purpose permitted by federal law, including in connection with the issuance of a firearm-related permit or license.

(d) A copy of the report required by this section shall be provided to the person who is the subject of the report. The report shall include written notice to the person who is the subject of the report that the person is not thereafter permitted to possess a firearm.

(c) A report required by this section is confidential and exempt from public inspection and copying under the Public Records Act except as provided in subsection (d) of this section. The report shall not be used for any purpose other than for submission to the National Instant Criminal Background Check System pursuant to this section, where it may be used for any purpose permitted by federal law, including in connection with the issuance of a firearm-related permit or license.

(d) A copy of the report required by this section shall be provided to the person who is the subject of the report. The report shall include written notice to the person who is the subject of the report that the person is not thereafter permitted to possess a firearm.

Third: By striking out Sec. 7 in its entirety and inserting in lieu thereof a new Sec. 7 to read as follows:

Sec. 7. 13 V.S.A. § 4825 is added to read:

§ 4825. PERSONS PROHIBITED BY FEDERAL LAW FROM POSSESSING FIREARMS DUE TO MENTAL ILLNESS; PETITION FOR RELIEF FROM DISABILITY

(a) A person who is prohibited from possessing firearms by 18 U.S.C. § 922(g)(4) may petition the Court for an order that the person be relieved from the firearms disability imposed by that section. The petitioner shall provide notice of the petition to the State’s Attorney or the Attorney General, who shall be the respondent in the matter.

(b) In determining a petition filed under this section, the Court shall consider:

(1) the circumstances regarding the firearms disabilities imposed on the person by 18 U.S.C. § 922(g)(4);

(2) the petitioner’s record, including his or her mental health and criminal history records; and

(3) the petitioner’s reputation, as demonstrated by character witness statements, testimony, or other character evidence.

(c)(1) The Court shall grant a petition filed under this section if it finds that the petitioner has demonstrated by a preponderance of the evidence that:

(A) at least 18 months have elapsed since the date that the person was last in the custody of the Department of Mental Health; and
(B) the person is no longer a person in need of treatment as defined in 18 V.S.A. § 7101(17).

(2) As the terms are used in this subsection, a finding that the person is no longer a person in need of treatment shall also mean that granting the relief will not be contrary to the public interest.

(d) If a petition filed under this section is granted, the Court shall enter an order declaring that the basis under which the person was prohibited from possessing firearms by 18 U.S.C. § 922(g)(4) no longer applies. The Court shall inform the Federal Bureau of Investigation, the U.S. Attorney General, and the National Instant Criminal Background Check System of its decision.

(e) If the Court denies the petition, the petitioner may appeal the denial to the Vermont Supreme Court. The appeal shall be on the record, and the Supreme Court may review the record de novo.

(f) If the Court denies a petition filed under this section, no further petition shall be filed by the person until at least one year after the order of the trial court, or of the Supreme Court if an appeal is taken, becomes final.

(g) At the time a petition is filed pursuant to this chapter, the respondent shall give notice of the petition to any victim of the offense who is known to the respondent. The victim shall have the right to offer the respondent a statement prior to any stipulation or to offer the Court a statement. The disposition of the petition shall not be unnecessarily delayed pending receipt of a victim’s statement. The respondent’s inability to locate a victim after a reasonable effort has been made shall not be a bar to granting a petition.

(h) As used in this section, “reasonable effort” means attempting to contact the victim by first class mail at the victim’s last known address and by telephone at the victim’s last known telephone number.

Fourth: By striking out Sec. 8 in its entirety and inserting in lieu thereof a new Sec. 8 to read as follows:

Sec. 8. REPORTING; DEPARTMENT OF MENTAL HEALTH; COURT ADMINISTRATOR

(a) The Department of Mental Health shall report to the Court Administrator on or before October 1, 2015 the names of all persons under the custody of the Department who on that date are subject to a hospitalization order issued pursuant to 18 V.S.A. § 7617(b)(1) or (2), a nonhospitalization order issued pursuant to 18 V.S.A. § 7617(b)(3), or an order that a person is a person in need of treatment pursuant to 13 V.S.A. § 4822. The Court Administrator shall report the names provided pursuant to this section to the National Instant Criminal Background Check System, established by
Section 103 of the Brady Handgun Violence Prevention Act of 1993. The report shall include only information sufficient to identify the person, the reason for the report, and a statement that the report is made in accordance with 18 U.S.C. § 922(g)(4).

(b) Reports required by this section shall be submitted notwithstanding 18 V.S.A. § 7103 or any other provision of law.

(c) A report required by this section is confidential and exempt from public inspection and copying under the Public Records Act except as provided in subsection (d) of this section. The report shall not be used for any purpose other than for submission to the National Instant Criminal Background Check System pursuant to this section, where it may be used for any purpose permitted by federal law, including in connection with the issuance of a firearm-related permit or license.

(d) A copy of the report required by this section shall be provided to the person who is the subject of the report. The report shall include written notice to the person who is the subject of the report that the person is not thereafter permitted to possess a firearm.

Subchapter 1. System of Care

§ 4811. PRINCIPLES

The General Assembly adopts the following principles pertaining to substance abuse prevention, intervention, treatment, and recovery services:

(1) Substance abuse and substance use disorders are health problems, and shall therefore be addressed using a public health approach. A public health approach emphasizes prevention and wellness for the entire population, not only those individuals with an illness or disease.

(2) The State of Vermont’s substance abuse system of care shall be patient-centered and trauma-informed. It shall reflect effectiveness, ease of access, evidence-based practices, cultural competency, and the highest standards of care.

(3) A coordinated continuum of substance abuse prevention, intervention, treatment, and recovery services shall be provided throughout the State, including by the Agency of Human Services, hospitals, approved providers, preferred providers, alcohol and drug abuse counselors, regardless
of whether or not the counselor is affiliated with an approved provider or preferred provider, and community and peer partners to ensure that services are available to individuals at all stages of substance misuse and substance use disorders. All providers within the continuum shall move towards the goal of providing services based on current research on addiction, medicine, clinical treatment, and evidence-based best practices.

(4) Programs addressing substance abuse prevention, intervention, treatment, or recovery shall be data driven and responsive to changes in demonstrated need, service delivery practices, and funding resources.

(5) Determinations as to the appropriate level of care shall be made in accordance with evidence-based guidelines. Consideration shall also be given to the age appropriateness of services.

(6) To the extent possible, the delivery of substance abuse services shall be integrated into Vermont’s health care system and across the Agency of Human Services.

(7) Patients and providers shall share responsibility for treatment outcomes.

(8) The delivery of substance abuse services shall be consistent throughout the State in terms of both access to care and the type of services offered.

(9) Recognizing the ongoing challenges and potential for relapse among individuals with a substance use disorder, services addressing both episodic and chronic substance use disorders shall be accessible throughout the State.

(10) The Commissioners of Health and of Vermont Health Access shall ensure that oversight and accountability are built into all aspects of the system of care for substance abuse services, including for alcohol and drug abuse counselors, regardless of whether or not the counselor is affiliated with an approved provider or preferred provider.
