(1) Implementing rules. The Secretary may adopt rules to implement this chapter.

(2) Complex projects; preapplication process. The Secretary shall adopt rules to determine when a project requiring a permit is large and complex. The rules shall ensure that:

(A) Written notice of an informational meeting under this section is sent to the owner of the land where the project is located if the applicant is not the owner; the municipality in which the project is located; the municipal and regional planning commissions for any municipality in which the project is located; if the project site is located on a boundary, any Vermont municipality adjacent to that boundary and the municipal and regional planning commissions for that municipality; and each adjoining property owner.

(B) The notice to adjoining property owners informs them of how they can continue to receive notices and information concerning the project as it is reviewed by the Secretary.

(C) The applicant furnishes by affidavit to the Secretary the names of those furnished notice and certifies compliance with the notice requirements of this subsection.

(D) The applicant and the Secretary or designee shall attend the meeting. The applicant shall respond to questions from other attendees.

(b) Additional notice.

(1) The Secretary may require, by rule or in an individual case, measures in addition to those directed by this chapter using any method reasonably calculated to give direct notice to persons potentially affected by a decision on the application.

(2) In an individual case, the Secretary may determine to apply the procedures of section 7713 (Type 2) of this chapter to the issuance of a permit otherwise subject to the procedures of section 7715 (Type 4) or section 7716 (Type 5) of this chapter.

§ 7704. ADMINISTRATIVE RECORD

(b) The Secretary shall base a draft or final decision on each application for a permit on the administrative record.

(c) With respect to permits issued under the Clean Air Act and Clean Water Act, the Secretary shall comply with any requirements under those acts concerning the maintenance and availability of the administrative record.

Subchapter 2. Standard Procedures

§ 7711. PERMIT PROCEDURES; STANDARD PROVISIONS

(a) Notice through the environmental notice bulletin. When this chapter requires notice through the environmental notice bulletin:

(1) The bulletin shall generate and send an e-mail to notify:

(A) each person requiring notice under section 7712 of this chapter;

(B) the applicant;

(C) each person on an interested persons list;

(D) each municipality in which the activity to be permitted is located, except for notice of a draft or final general permit; and

(E) each other person to whom this chapter directs that a particular notice be provided through the bulletin.

(2) At a minimum, each notice generated by the bulletin shall contain:

(A) the name and contact information for the person at the Agency processing the permit;

(C) the name and address of the facility or activity to be permitted, if applicable;

(G) when a public meeting has been scheduled, the time, date, and location of the hearing and a brief description of the nature and purpose of the hearing;
when issued, the draft permit or notice of intent to deny a permit, and the period and process for submitting written comments on that draft permit or notice;

(I) when issued, the final decision issuing or denying a permit, and the process for appealing the decision; and

(J) any other information that this chapter directs be included in a particular notice to be generated by the bulletin.

(3) The environmental notice bulletin shall provide notice by mail as required by 3 V.S.A. § 2826.

(b) Notice to adjoining property owners. When this chapter requires notice of an application to adjoining property owners, the applicant shall provide notice of the application by U.S. mail to all adjoining property owners, on a form developed by the Secretary, at the time the application is submitted to the Secretary. The form shall state how the property owners can continue to receive notices and information concerning the project as it is reviewed by the Secretary. The applicant shall provide a signed certification to the Secretary that all adjoining property owners have been notified of the application. However, if the applicant has provided written notice to adjoining property owners as part of the preapplication engagement process for complex projects under rules adopted in accordance with subsection 7703(a) of this title, then instead of the written notice required of the applicant by this subsection, the Department shall provide notice of the application through the environmental notice bulletin to those adjoining property owners who have requested notice.

(c) Comment period length. When this chapter requires the Secretary to provide a public comment period, the length of the period shall be at least 30 days, unless this chapter applies a different period for submitting comments on the particular type of permit.

(d) Period to request a public meeting. When this chapter allows a person to request a public meeting on a draft decision, the person shall submit the request within 14 days of the date on which notice of the draft decision is posted to the environmental notice bulletin, unless this chapter specifies a different period for requesting a hearing on the particular type of permit.

(e) Public meeting; notice; additional comment period. When the Secretary holds a public meeting under this chapter:

(C) hold the period for written comments open for at least five days after the meeting.

(2) The applicant or applicant’s representative and the Secretary or designee shall attend the meeting. The applicant shall cause to be present those professionals retained in the preparation of the application. The applicant and the Secretary each shall have a duty, at the public meeting, to answer questions to the best of his or her ability.

(f) Draft decisions. When this chapter requires the Secretary to post a draft decision or draft general permit to the environmental notice bulletin, the Secretary shall post to the bulletin the draft decision or draft general permit and all documents on which the Secretary relied in issuing the draft.

(g) Response to comments. When this chapter requires the Secretary to provide a response to comments, the Secretary shall provide a response to each comment received during the comment period and the basis for the response. The Secretary also shall specify each provision of the draft decision that has been changed in the final decision and the reasons for each change. The Secretary shall post the response to comments to the environmental notice bulletin and send it to all commenters.

(h) Final decisions; content; notice.

(1) The Secretary’s final decision on an application for a permit or on the issuance of a general permit shall include a concise statement of the facts and analysis supporting the decision that is sufficient to apprise the reader of the decision’s factual and legal basis. The final decision also shall provide notice that it may be appealed and state the period for filing an appeal and how and where to file an appeal.

(2) When this chapter requires that the Secretary to post a final decision to the environmental notice bulletin, the Secretary also shall send a copy of the final decision to all commenters.

§ 7712. TYPE 1 PROCEDURES

However, the subsection does not apply to a notice of intent under a general permit. The procedures under this section shall be known as Type 1 Procedures.

(b) Notice of application.

(1) The applicant shall provide notice to adjoining property owners.

(2) At least 15 days prior to posting a draft decision, the Secretary shall provide notice of an administratively complete application through the environmental notice bulletin. The environmental notice bulletin shall send notice of such an application to each person to whom notice is federally required.

(3) This subsection (b) shall not apply to a general permit issued under this section.

(c) Notice of draft decision or draft general permit. The Secretary shall provide notice of a draft decision or draft general permit through the environmental notice bulletin and shall post the draft decision or permit to the bulletin. In addition to the requirements of section 7711 of this chapter:

The Secretary shall provide at least 30 days’ notice of the public meeting through the environmental notice bulletin. If the notice of the public meeting is not issued at the same time as the draft decision or draft general permit, the Secretary also shall provide notice of the public meeting in the same manner as required for the draft decision or permit under subdivision (c) of this section.

(f) Notice of final decision or final general permit. The Secretary shall provide notice of the final decision or final general permit through the environmental notice bulletin and shall post the final decision or permit to the bulletin. When the Secretary issues the final decision or final general permit, the Secretary shall provide a response to comments.

(g) Compliance with Clean Air and Water Acts. With respect to a issuance of a permit under the Clean Air Act or Clean Water Act, if a requirement under those acts directs the Secretary to provide the public with greater notice, opportunity to participate, or access to information than the corresponding requirement of this chapter, the Secretary shall comply with the federal requirement.
