# **Rep. Turner of Milton** explained his vote as follows:

"Mr. Speaker:

We have a spending problem! Raising taxes is not the solution to Vermont's financial problems. When you spend more than your income stream generates year after year, it is impossible to repair this problem. Our caucus' top priority this session is to put Vermont back on a sound and sustainable financial path. We have a spending problem and not a revenue problem. - No new taxes. - "

### Rep. Yantachka of Charlotte explained his vote as follows:

"Mr. Speaker:

I strongly supported both amendments this morning because I believe that from those to whom much is given, much is expected. It would be better to assess a relatively small burden on those that can afford it instead of a large burden on those who can't. However, a majority of this body disagreed, and we have to move forward with what is in front of us. For this reason, I voted to support this bill which reflects good, conscientious work by the Ways and Means Committee."

An act relating to electrical installations

# Rep. Russell of Rutland City explained his vote as follows:

"Mr. Speaker:

I vote Yes. This legislature is faced with numerous fiscal challenges and I believe thanks are in order for the professional work accomplished by House Appropriations. Collectively they listened to all sectors, seeking best ideas from everyone in this tedious process. Our emergency services statewide were clearly heard as this budget bill reflects the concerns of not only first responders, fire, police and dispatch but citizens who needed assurance across Vermont that safety would be prioritized as #1. On behalf of Rutland County and city fire services and citizens, Thank You!"

# **Rep. Turner of Milton** explained his vote as follows:

"Mr. Speaker:

Voters said loud and clear last election that it costs too much to live here in Vermont and that they want the state to start living within its means. Therefore, I cannot support passage of an appropriations bill that continues to spend over and above the state's natural growth in revenue. Revenue is projected to grow at 2.4% and spending in this budget proposal is growing in the general fund at 4.8%. This is not sustainable and continues to set VT up for projected budget gaps of \$40 - 50 million dollars in FY17/FY18. This bill spends an additional \$68 million in general fund dollars, a total of \$72 million in all funds in FY16 over what will be spent FY15. Furthermore, the bill requires \$33 million in new taxes of which \$13 million of those will be levied on the backs of hard working Vermonters making less than \$150,000 per year. Vermont has a spending problem that cannot be solved by raising additional taxes. The only solution to putting Vermont back on a sound and sustainable path is a reduction in spending, not raising taxes! Thank you!"
