## House Bill Introduced

### H. 884

By Reps. Walz of Barre City, Poirier of Barre City, LaClair of Barre Town, McFaun of Barre Town, Gonzalez of Winooski, Lucke of Hartford, Morrissey of Bennington, Stevens of Waterbury and Tate of Mendon,

House bill, entitled

An act relating to approval of amendments to the charter of the City of Barre;

To the committee on Government Operations.

## Joint Resolution Placed on Calendar

### J.R.H. 25

Joint resolution requesting the governors of the 19 states that have suspended state implementation planning to continue the compliance process under the Environmental Protection Agency's Carbon Pollution Emission Guidelines

Offered by: Representatives McCormack of Burlington, Deen of Westminster, Klein of East Montpelier, and Sullivan of Burlington

Whereas, on October 23, 2015, the U.S. Environmental Protection Agency (EPA) issued a final rule entitled *Carbon Pollution Emission Guidelines for Existing Utility Generating Units*, 80 FR 64662-01 (Clean Power Plan), and

Whereas, the Clean Power Plan is intended to reduce carbon emissions from the nation's power plants to 32 percent below 2005 levels no later than 2032, and

Whereas, 27 states, including West Virginia and Texas (the parties), along with a number of companies and business groups, are seeking to overturn the

---

final rule through a suit they filed in the U.S. Court of Appeals for the District of Columbia, and

Whereas, in a close 5–4 decision, issued on February 9, 2016, the U.S. Supreme Court, in *Chamber of Commerce v. EPA*, 2016 WL 502658, granted the parties’ requested stay of enforcement, and

Whereas, Environment & Energy Publishing’s recent analysis estimates that 19 states have suspended state implementation planning associated with the Clean Power Plan, and

Whereas, the Clean Power Plan is based on a strong legal and technical foundation since, in 2007, the U.S. Supreme Court ruled, in *Massachusetts v. Environmental Protection Agency*, 127 S.Ct. 1438, that the Environmental Protection Agency (EPA) is authorized to regulate greenhouse gas emissions if the agency believes they contribute to climate change, and

Whereas, according to 2014 NBC/Wall Street Journal and Bloomberg polls, a majority of Americans support efforts to reduce carbon pollution, and

Whereas, a 2014 Yale Climate Opinion Poll indicated that majorities in 17 of the 19 states that have suspended state implementation planning support setting strict carbon dioxide limits on coal-fired power plants, and

Whereas, according to a 2016 Utility Dive survey, 70 percent of utility executives thought the EPA should maintain the Clean Power Plan or make it more aggressive, and

Whereas, it is estimated that the Clean Power Plan will prevent up to 3,600 premature deaths and produce a maximum \$54 billion in annual health and climate benefits by 2030, and

Whereas, from an environmental perspective, it is preferable for state environmental administrators to comply with the Clean Power Plan, notwithstanding the U.S. Supreme Court’s enforcement stay, and

Whereas, there are no coal-fired plants located in Vermont, due in part to the choices our State has made to combat climate change through investing in energy efficiency and renewable energy and not developing coal- or oil-fired power plants, now therefore be it

Resolved by the Senate and House of Representatives:

That the General Assembly urges the governors of Alabama, Arkansas, Georgia, Indiana, Kansas, Kentucky, Michigan, Mississippi, Montana, Nebraska, New Jersey, North Carolina, North Dakota, Oklahoma, South Dakota, Texas, Utah, West Virginia, and Wisconsin to support the global fight

against climate change by continuing the Clean Power Plan compliance process in order to keep their states from falling behind the nation and obstructing the growth of a strong clean energy economy after the current legal challenges to the Clean Power Plan have ended, and be it further

Resolved: That the Secretary of State be directed to send a copy of this resolution to the governor of each state mentioned in this resolution.

Which was read and, in the Speaker's discretion, placed on the Calendar for action on the next legislative day under Rule 52.

### **Remarks Journalized**

On motion of **Rep. Manwaring of Wilmington**, the following remarks by **Rep. Devereux of Mount Holly** were ordered printed in the Journal:

“Mr. Speaker:

Grand Army of the Republic – April 6, 1866

One hundred fifty years ago today, near the first anniversary of the end of our Civil War, an organization was founded that would keep alive the memory of the fallen soldiers that had answered President Lincoln's call to save the union. The Grand Army of the Republic, or the GAR as it became known, was formed to raise the awareness of the sacrifice made by so many, and so that returning veterans would get support from their communities.

These survivors were bonded from the hardships they endured while living in tents and testing their bravery in battle. They had come back home to their families and needed jobs. These veterans wanted to honor for decades to come their departed comrades that died.

By 1890, the GAR numbered nearly 410,000 members. Many of our communities hosted what was called a Post where veterans met in a special brotherhood. These Posts were named to recognize a deceased soldier, and the organization founded soldiers homes, provided relief work, and worked to obtain pensions. Five of its members went on to be elected President of the United States. Our own Route 15 is known as the GAR Memorial Highway.

In 1868, the GAR commander-in-chief, John Logan, issued General Order No. 11 calling to set aside May 30, that we know as Memorial Day, as a day for remembering these fallen patriots.”

#### Subchapter 2. Vermont Employment Growth Incentive Program

#### § 30. PURPOSE; FORM OF INCENTIVES; ENHANCED INCENTIVES

##### ELIGIBLE APPLICANT

(a) Purpose. The purpose of the Vermont Employment Growth Incentive Program is to encourage a business to add new payroll, create new jobs, and make new capital investments by sharing with the business a portion of the revenue generated by the new payroll, new jobs, and new capital investments.

(b) Form of incentives; enhanced incentives.

(1) The Vermont Economic Progress Council may approve an incentive under this subchapter in the form of a direct cash payment in annual installments.

(2) The Council may approve the following enhanced incentives:

(A) an enhanced incentive for a business in a labor market area with higher than average unemployment or lower than average wages pursuant to section 34 of this title;

(B) an enhanced incentive for an environmental technology business pursuant to section 35 of this title; and

(C) an enhanced incentive for a business that participates in a State workforce training program pursuant to section 36 of this title.

(c) Eligible applicant. Only a business may apply for an incentive pursuant to this subchapter.

### § 31. DEFINITIONS

As used in this subchapter:

(1) "Award period" means the consecutive five years during which a business may apply for an incentive under this subchapter.

(2) "Base employment" means the number of full-time Vermont jobs held by non-owner employees as of the date a business with an approved application commences its proposed economic activity.

(3) "Base payroll" means the Vermont gross salaries and wages paid as compensation to full-time Vermont jobs held by non-owner employees as of the date a business with an approved application commences its proposed economic activity.

(4) "Capital investment performance requirement" means the minimum value of additional investment in one or more capital improvements.

(5) "Jobs performance requirement" means the minimum number of qualifying jobs a business must add.

(6) "Labor market area" means a labor market area as designated by the Vermont Department of Labor.

(7) "Non-owner" means a person with no more than 10 percent ownership interest, including attribution of ownership interests of the person's spouse, parents, spouse's parents, siblings, and children.

(8) "Payroll performance requirement" means the minimum value of Vermont gross salaries and wages a business must pay as compensation for one or more qualifying jobs.

(9) "Qualifying job" means a new, permanent position in Vermont that meets each of the following criteria:

---

(A) The position is filled by a non-owner employee who regularly works at least 35 hours each week.

(B) The business provides compensation for the position that equals or exceeds the wage threshold.

(C) The business provides for the position at least three of the following:

(i) health care benefits with 50 percent or more of the premium paid by the business;

(ii) dental assistance;

(iii) paid vacation;

(iv) paid holidays;

(v) child care;

(vi) other extraordinary employee benefits;

(vii) retirement benefits;

(viii) other paid time off, including paid sick days.

(D) The position is not an existing position that the business transfers from another facility within the State.

(E) When the position is added to base employment, the business's total employment exceeds its average annual employment during the two preceding years, unless the Council determines that the business is establishing a significantly different, new line of business and creating new jobs in the new line of business that were not part of the business prior to filing its application.

(10) "Utilization period" means each year of the award period and the four years immediately following each year of the award period.

(11) "Vermont gross wages and salaries" means Medicare wages as reported on Federal Tax Form W-2 to the extent those wages are Vermont wages, excluding income from nonstatutory stock options.

(A) 60 percent above the State minimum wage at the time of application; or

(B) for a business located in a labor market area in which the average annual unemployment rate is higher than the average annual unemployment

rate for the State, 40 percent above the State minimum wage at the time of application.

§ 32. APPLICATION; APPROVAL CRITERIA; GUIDELINES

(a) Application.

(1) A business may apply for an incentive in one or more years of an award period by submitting an application to the Council in the format the Council specifies for that purpose.

(2) For each award year the business applies for an incentive, the business shall:

(A) specify a payroll performance requirement;

(B) specify a jobs performance requirement or a capital investment performance requirement, or both; and

(C) provide any other information the Council requires to evaluate the application under this subchapter.

(b) Mandatory criteria. The Council shall not approve an application unless it finds:

(1) Except as otherwise provided for an enhanced incentive for a business in a qualifying labor market area under section 34 of this title, the new revenue the proposed activity generates to the State exceeds the costs of the activity to the State.

(2) The host municipality welcomes the new business.

(3) The proposed economic activity conforms to applicable town and regional plans.

(4) If the business proposes to expand within a limited local market, an incentive would not give the business an unfair competitive advantage over other Vermont businesses in the same or similar line of business and in the same limited local market.

(5) But for the incentive, the proposed economic activity:

(A) would not occur; or

(B) would occur in a significantly different manner that is significantly less desirable to the State.

§ 33. CALCULATING THE VALUE OF AN INCENTIVE

Except as otherwise provided for an enhanced incentive for a business in a qualifying labor market area under section 34 of this title, an enhanced

incentive for an environmental technology business under section 35 of this title, or an enhanced incentive for workforce training under section 36 of this title, the Council shall calculate the value of an incentive for an award year as follows:

(1) Calculate new revenue growth. To calculate new revenue growth, the Council shall use the cost-benefit model created pursuant to section 26 of this title to determine the amount by which the new revenue generated by the proposed economic activity to the State exceeds the costs of the activity to the State.

(2) Calculate the business's potential share of new revenue growth. Except as otherwise provided for an environmental technology business in section 35 of this title, to calculate the business's potential share of new revenue growth, the Council shall multiply the new revenue growth determined under subdivision (1) of this subsection by 80 percent.

(3) Calculate the incentive percentage. To calculate the "incentive percentage," the Council shall divide the business's potential share of new revenue growth by the sum of the business's annual payroll performance requirements.

(4) Calculate qualifying payroll. To calculate qualifying payroll, the Council shall subtract from the payroll performance requirement the projected value of background growth in payroll for the proposed economic activity.

(5) Calculate the value of the incentive. To calculate the value of the incentive, the Council shall multiply qualifying payroll by the incentive percentage.

(6) Calculate the amount of the annual installment payments. To calculate the amount of the annual installment payments, the Council shall:

(A) divide the value of the incentive by five; and

(B) adjust the value of the first installment payment so that it is proportional to the actual number of days that new qualifying employees are employed in the first year of hire.

#### § 34. ENHANCED INCENTIVE FOR A BUSINESS IN A QUALIFYING LABOR MARKET AREA

(a) The Council may increase the value of an incentive for a business that is located in a labor market area in which:

(1) the average annual unemployment rate is greater than the average annual unemployment rate for the State; or

(2) the average annual wage is less than the average annual wage for the State.

(b) In each calendar year, the amount by which the Council may increase the value of all incentives pursuant to this section is:

(1) \$1,500,000.00 for one or more initial approvals; and

(2) \$1,000,000.00 for one or more final approvals.

(c) The Council may increase the cap imposed in subdivision (b)(2) of this section by not more than \$500,000.00 upon application by the Governor to, and approval of, the Joint Fiscal Committee.

(d) In evaluating the Governor's request, the Committee shall consider the economic and fiscal condition of the State, including recent revenue forecasts and budget projections.

(e) The Council shall provide the Committee with testimony, documentation, company-specific data, and any other information the Committee requests to demonstrate that increasing the cap will create a unique opportunity for return on investment to the State.

#### § 35. ENHANCED INCENTIVE FOR ENVIRONMENTAL TECHNOLOGY BUSINESS

(a) As used in this section, an "environmental technology business" means a business that:

(1) is subject to income taxation in Vermont; and

(2) seeks an incentive for economic activity in Vermont that the Secretary of Commerce and Community Development certifies is primarily research, design, engineering, development, or manufacturing related to one or more of the following:

(A) waste management, including waste collection, treatment, disposal, reduction, recycling, and remediation;

(B) natural resource protection and management, including water and wastewater purification and treatment, air pollution control and prevention or remediation, soil and groundwater protection or remediation, and hazardous waste control or remediation;

(C) energy efficiency or conservation;

(D) clean energy, including solar, wind, wave, hydro, geothermal, hydrogen, fuel cells, waste-to-energy, or biomass.

(b) The Council shall consider and administer an application from an environmental technology business pursuant to the provisions of this subchapter, except that:

(1) the business's potential share of new revenue growth shall be 90 percent; and

(2) to calculate qualifying payroll, the Council shall:

(A) determine the background growth rate in payroll for the applicable business sector in the award year;

(B) multiply the business's full-time payroll for the award year by 20 percent of the background growth rate; and

(C) subtract the product from the payroll performance requirement for the award year.

#### § 36. ENHANCED INCENTIVE FOR WORKFORCE TRAINING

(a) A business whose application is approved may elect to claim the incentive specified for an award year as an enhanced training incentive by:

(1) notifying the Council of its intent to pursue an enhanced training incentive and dedicate its incentive funds to training through the Vermont Training Program; and

(2) applying for a grant from the Vermont Training Program to perform training for one or more new employees who hold qualifying jobs.

(b) If a business is awarded a grant for training under this section, the Agency of Commerce and Community Development shall disburse grant funds for on-the-job training of 75 percent of wages for each employee in training or 75 percent of trainer expense, and the business shall be responsible for the remaining 25 percent of the applicable training costs.

(c) A business that successfully completes its training shall submit a written certificate of completion to the Agency of Commerce and Community Development which shall notify the Department of Taxes.

(d) Upon notification by the Agency, and if the Department determines that the business has earned the incentive for the award year, it shall:

(1) disburse to the business a payment in an amount equal to 25 percent of the cost for training expenses pursuant to subsection (b) of this section;

(2) disburse to the Agency of Commerce and Community Development a payment in an amount equal to 25 percent of the cost for training expenses pursuant to subsection (b) of this section; and

(3) disburse the remaining value of the incentive in annual installments pursuant to section 37 of this title.

§ 37. EARNING AN INCENTIVE

(a) Earning an incentive; installment payments.

(1) A business with an approved application earns the incentive specified for an award year if, within the applicable time period provided in this section, the business:

(A) maintains or exceeds its base payroll and base employment;

(B) meets or exceeds the payroll performance requirement specified for the award year; and

(C) meets or exceeds the jobs performance requirement specified for the award year, or the capital investment performance requirement specified for the award year, or both.

(2) A business that earns an incentive specified for an award year is eligible to receive an installment payment for the year in which it earns the incentive and for each of the next four years in which the business:

(A) maintains or exceeds its base payroll and base employment;

(B) maintains or exceeds the payroll performance requirement specified for the award year; and

(C) if the business earns an incentive by meeting or exceeding the jobs performance target specified for the award year, maintains or exceeds the jobs performance requirement specified for the award year.

(b) Award year one.

(1) For award year one, a business has from the date it commences its proposed economic activity through December 31 of that year, plus two additional years, to meet the performance requirements specified for award year one.

(2) A business that does not meet the performance requirements specified for award year one within this period becomes ineligible to earn incentives for the award year and for all remaining award years in the award period.

(c) Award years two and three.

(1) For award year two and award year three, beginning on January 1 of the award year, a business has three years to meet the performance requirements specified for the award year.

(2) A business that does not meet the performance requirements specified for award year two or for award year three within three years becomes ineligible to earn incentives for the award year and for all remaining award years in the award period.

(d) Extending the earning period in award years one and two. Notwithstanding subsection (b) of this section:

(1) Upon request, the Council may extend the period to earn an incentive for award year one or award year two if it determines:

(A) a business did not earn the incentive for the award year due to facts or circumstances beyond its control; and

(B) there is a reasonable likelihood the business will earn the incentive within the extended period.

(2) The Council may extend the period to earn an incentive:

(A) for award year one, by two years, reviewed annually; or

(B) for award year two, by one year.

(3) If the Council extends the period to earn an incentive, it shall recalculate the value of the incentive using the cost-benefit model and shall adjust the amount of the incentive as is necessary to account for the extension.

(e) Award year four.

(1) Beginning on January 1 of award year four, a business that remains eligible to earn incentives has two years to meet the performance requirements specified for award year four.

(2) A business that does not meet the performance requirements specified for award year four within two years becomes ineligible to earn incentives for award year four and award year five.

(f) Award year five.

(1) Beginning on January 1 of award year five, a business that remains eligible to earn incentives has one year to meet the performance requirements specified for award year five.

(2) A business that does not meet the performance requirements specified for award year five by the end of that award year becomes ineligible to earn the incentive specified for that award year.

(g) Carrying forward growth that exceeds targets. If a business exceeds one or more of the payroll performance requirement, the jobs performance requirement, or the capital investment performance requirement specified for

an award year, the business may apply the excess payroll, excess jobs, and excess capital investment toward the performance requirement specified for a future award year, provided that the business maintains the excess payroll, excess jobs, or excess capital investment into the future award year.

§ 38. CLAIMING AN INCENTIVE; ANNUAL FILING WITH DEPARTMENT OF TAXES

(a) On or before April 30 following each year of the utilization period, a business with an approved application shall submit an incentive claim to the Department of Taxes.

(b) A business shall include the information the Department requires, including the information required in section 5842 of this title and other documentation concerning payroll, jobs, and capital investment necessary to determine whether the business earned the incentive specified for an award year and any installment payment for which the business is eligible.

(c) The Department may consider an incomplete claim to be timely filed if the business files a complete claim within the additional time allowed by the Department in its discretion.

(d) Upon finalizing its review of a complete claim, the Department shall:

(1) notify the business and the Council whether the business is entitled to an installment payment for the applicable year; and

(2) make an installment payment to which the business is entitled.

§ 39. RECAPTURE; REDUCTION; REPAYMENT

(a) Recapture.

(1) The Department of Taxes may recapture the value of one or more installment payments a business has claimed, with interest, if:

(A) the business fails to file a claim as required in section 38 of this title; or

(B) during the utilization period, the business experiences:

(i) a 90 percent or greater reduction from base employment; or

(ii) if it had no jobs at the time of application, a 90 percent or greater reduction from the sum of its job performance requirements.

(2) If the Department determines that a business is subject to recapture under subdivision (1) of this subsection, the business becomes ineligible to earn or claim an additional incentive or installment payment for the remainder of the utilization period.

(3) Notwithstanding any other statute of limitations, the Department may commence a proceeding to recapture amounts under subdivision (1) of this subsection as follows:

(A) under subdivision (1)(A) of this subsection, no later than three years from the last day of the utilization period; and

(B) under subdivision (1)(B) of this subsection, no later than three years from date the business experiences the reduction from base employment, or three years from the last day of the utilization period, whichever occurs first.

(b) Reduction; recapture. If a business fails to make capital investments that equal or exceed the sum of its capital investment performance requirements by the end of the award period:

(1) The Department shall:

(A) calculate a reduced incentive by multiplying the combined value of the business's award period incentives by the same proportion that the business's total actual capital investments bear to the sum of its capital investment performance requirements; and

(B) reduce the value of any remaining installment payments for which the business is eligible by the same proportion.

(2) If the value of the installment payments the business has already received exceeds the value of the reduced incentive, then:

(A) the business becomes ineligible to claim any additional installment payments for the award period; and

(B) the Department shall recapture the amount by which the value of the installment payments the business has already received exceeds the value of the reduced incentive.

#### § 40. REPORTING

(a) On or before September 1 of each year, the Vermont Economic Progress Council and the Department of Taxes shall submit a joint report on the incentives authorized in this subchapter to the House Committees on Ways and Means, on Commerce and Economic Development, and on Appropriations, to the Senate Committees on Finance, on Economic Development, Housing and General Affairs, and on Appropriations, and to the Joint Fiscal Committee.

(b) The Council and the Department shall include in the joint report:

(1) the total amount of incentives authorized during the preceding year;

- (2) with respect to each business with an approved application:
- (A) the date and amount of authorization;
  - (B) the calendar year or years in which the authorization is expected to be exercised;
  - (C) whether the authorization is active; and
  - (D) the date the authorization will expire; and
- (3) the following aggregate information:
- (A) the number of claims and incentive payments made in the current and prior claim years;

  - (C) the amount of new payroll and capital investment.
- (c) The Council and the Department shall present data and information in the joint report in a searchable format.
- (d) Notwithstanding any provision of law to the contrary, an incentive awarded pursuant to this subchapter shall be treated as a tax expenditure for purposes of chapter 5 of this title.

§ 41. CONFIDENTIALITY OF PROPRIETARY BUSINESS INFORMATION

- (a) The Vermont Economic Progress Council and the Department of Taxes shall use measures to protect proprietary financial information, including reporting information in an aggregate form.
- (b) Information and materials submitted by a business concerning its income taxes and other confidential financial information shall not be subject to public disclosure under the State's public records law in 1 V.S.A. chapter 5, but shall be available to the Joint Fiscal Office or its agent upon authorization of the Joint Fiscal Committee or a standing committee of the General Assembly, and shall also be available to the Auditor of Accounts in connection with the performance of duties under section 163 of this title; provided, however, that the Joint Fiscal Office or its agent and the Auditor of Accounts shall not disclose, directly or indirectly, to any person any proprietary business information or any information that would identify a business except in accordance with a judicial order or as otherwise specifically provided by law.
- (c) Nothing in this section shall be construed to prohibit the publication of statistical information, rulings, determinations, reports, opinions, policies, or

other information so long as the data are disclosed in a form that cannot identify or be associated with a particular business.

§ 42. ANNUAL PROGRAM CAP

(a) In each calendar year the Vermont Economic Progress Council may approve one or more incentives under this subchapter, the total value of which shall not exceed:

(1) \$15,000,000.00 for one or more initial approvals; and

(2) \$10,000,000.00 for one or more final approvals.

(b) The Council may increase the cap imposed in subdivision (a)(2) of this section by not more than \$5,000,000.00 upon application by the Governor to, and approval of, the Joint Fiscal Committee.

(c) In evaluating the Governor's request, the Committee shall consider the economic and fiscal condition of the State, including recent revenue forecasts and budget projections.

(d) The Council shall provide the Committee with testimony, documentation, company-specific data, and any other information the Committee requests, to demonstrate that increasing the cap will create a unique opportunity for return on investment to the State.

Sec. H.2. 10 V.S.A. § 531(d)(2) is amended to read:

(2) disburse grant funds only for training hours that have been successfully completed by employees; provided that, except for an award under an enhanced ~~training~~ incentive for workforce training as provided in ~~32 V.S.A. § 5930b(h)~~ 32 V.S.A. § 36, a grant for on-the-job training shall either provide not more than 50 percent of wages for each employee in training; or not more than 50 percent of trainer expense, but not both, and further provided that training shall be performed in accordance with a training plan that defines the subject of the training, the number of training hours, and how the effectiveness of the training will be evaluated; and

Sec. H.3. 21 V.S.A. § 1314(e)(1) is amended to read:
