Remarks Journalized

On motion of Rep. Russell of Rutland City, the following remarks by Rep. Young of Glover were ordered printed in the Journal:

“Mr. Speaker:
When I went to the memorial for my late college professor and debate coach last weekend I got to talking with another former debater that said that Tuna had told him that he wasn’t going to die and that they were going to implant his brain in a robot.

Interestingly he had archived so much of his thinking on the Internet through debate manuals, through his radio shows, his television shows it seems like it might actually be true.

Tuna was a big Doctor Who fan and we were also talking about how it felt like that he was so far ahead of everyone it was like he was coming back from the future to tell us things.

So I thought I would start by sharing some of those thoughts of his that he had recorded and had traveled through time to share with us at his own memorial. Particularly the ones that I think are relevant to our work here.

He said:

"Thinking IS life. And time is the most important thing we have. Money comes and goes. Time just goes."

"There is no point in arguing if you aren’t willing to change your mind. Agree and move on or disagree and move on, but just move on."

"The thing about being in a debate is that you put your views at risk."

"And then you might have to change your views and that’s what we need to do."

"One shouldn’t be afraid to change ones views, I believe its called education."

And I also wanted to offer you this little poem as something to reflect on as we enter into this final crazy week of session.

"If", by Rudyard Kipling

If you can keep your head when all about you
Are losing theirs and blaming it on you,
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or being lied about, don’t deal in lies,
Or being hated, don’t give way to hating,
And yet don’t look too good, nor talk too wise:

If you can dream—and not make dreams your master;
If you can think—and not make thoughts your aim;
If you can meet with Triumph and Disaster
   And treat those two impostors just the same;
If you can bear to hear the truth you’ve spoken
   Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
   And stoop and build ’em up with worn-out tools:

If you can make one heap of all your winnings
   And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
   And never breathe a word about your loss;
If you can force your heart and nerve and sinew
   To serve your turn long after they are gone,
And so hold on when there is nothing in you
   Except the Will which says to them: ‘Hold on!’

If you can talk with crowds and keep your virtue,
   Or walk with Kings—nor lose the common touch,
If neither foes nor loving friends can hurt you,
   If all men count with you, but none too much;
If you can fill the unforgiving minute
   With sixty seconds’ worth of distance run,
Yours is the Earth and everything that’s in it,
   And—which is more—you’ll be a Man, my son!”

§ 8105. EXECUTION OF WARRANT FOR INFORMATION KEPT BY SERVICE PROVIDER

A warrant issued under this chapter may be addressed to any Vermont law enforcement officer. The officer shall serve the warrant upon the service provider, the service provider’s registered agent, or, if the service provider has no registered agent in the State, upon the Office of Secretary of State in accordance with 12 V.S.A. §§ 851–858. If the service provider consents, the warrant may be served via U.S. mail, courier service, express delivery service, facsimile, electronic mail, an Internet-based portal maintained by the service provider, or other reliable electronic means. The physical presence of the law enforcement officer at the place of service or at the service provider’s repository of data shall not be required.

§ 8106. SERVICE PROVIDER’S RESPONSE TO WARRANT

(a) The service provider shall produce the items listed in the warrant within 30 days unless the court orders a shorter period for good cause shown, in which case the court may order the service provider to produce the items listed in the warrant within 72 hours. The items shall be produced in a manner and format that permits them to be searched by the law enforcement officer.
(b) This section shall not be construed to limit the authority of a law enforcement officer under existing law to search personally for and locate items or data on the premises of a Vermont service provider.

(c) As used in this section, “good cause” includes an investigation into a homicide, kidnapping, unlawful restraint, custodial interference, felony punishable by life imprisonment, or offense related to child exploitation.

§ 8107. CRIMINAL PROCESS ISSUED BY VERMONT COURT; RECIPROCITY

(a) Criminal process, including subpoenas, search warrants, and other court orders issued pursuant to this chapter, may be served and executed upon any service provider within or outside the State, provided the service provider has contact with Vermont sufficient to support personal jurisdiction over it by this State. Notwithstanding any other provision in this chapter, only a service provider may challenge legal process, or the admissibility of evidence obtained pursuant to it, on the ground that Vermont lacks personal jurisdiction over it.

(b) This section shall not be construed to limit the authority of a court to issue criminal process under any other provision of law.

(c) A service provider incorporated, domiciled, or with a principal place of business in Vermont that has been properly served with criminal process issued by a court of competent jurisdiction in another state, commonwealth, territory, or political subdivision thereof shall comply with the legal process as though it had been issued by a court of competent jurisdiction in this State.

§ 8108. REAL TIME INTERCEPTION OF INFORMATION PROHIBITED

A law enforcement officer shall not use a device which via radio or other electromagnetic wireless signal intercepts in real time from a user’s device a transmission of communication content, real time cellular tower-derived location information, or real time GPS-derived location information, except for purposes of locating and apprehending a fugitive for whom an arrest warrant has been issued. This section shall not be construed to prevent a law enforcement officer from obtaining information from an electronic communication service as otherwise permitted by law.

The request shall include the name of the requester, the law enforcement agency the requester is employed by, if any, and the law enforcement agency’s ORI number. VTIC VTC shall retain all requests and shall record in writing the outcome of the request and any information that was provided to the requester or, if applicable, why a request was denied or not fulfilled. VTIC VTC shall retain the information described in this subdivision (c)(2)(B) for no fewer than three years.

(d) Retention.

(1) Any ALPR information gathered by a Vermont law enforcement agency shall be sent to the Department of Public Safety to be retained pursuant to the requirements of subdivision (2) of this subsection. The Department of Public Safety shall maintain the ALPR storage system for Vermont law enforcement agencies.

When the permitted 18-month period for retention of the information has expired, the Department of Public Safety and any local law enforcement agency with custody of the information shall destroy it and cause to have destroyed any copies or backups made of the original data. Data may be retained beyond the 18-month period pursuant to a preservation request made or disclosure order issued under Section 1608 of this title or pursuant to a warrant issued under Rule 41 of the Vermont or Federal Rules of Criminal Procedure.

(e) Oversight; rulemaking.

(1) The Department of Public Safety shall establish a review process to ensure that information obtained through use of ALPR systems is used only for the purposes permitted by this section. The Department shall report the results of this review annually on or before January 15 to the Senate and House Committees on Judiciary and on Transportation. The report shall contain the following information based on prior calendar year data:

(A) the total number of ALPR units being operated in the State and the number of units submitting data to the statewide ALPR database;

(B) the total number of ALPR readings each agency submitted, and the total number of all such readings submitted, to the statewide ALPR database;

(G) the total number of criminal, missing person, and commercial motor vehicle investigations and enforcement actions to which active data contributed, and a summary of the nature of these investigations and enforcement actions;

(H) the total number of criminal, missing person, and commercial motor vehicle investigations and enforcement actions to which historical data contributed, and a summary of the nature of these investigations and enforcement actions; and

(I) the total annualized fixed and variable costs associated with all ALPR systems used by Vermont law enforcement agencies and an estimate of the total of such costs per unit.

(2) Before January 1, 2018, the Department of Public Safety may adopt rules to implement this section.

***Water Quality***

Sec. 22. FINDINGS; AGENCY OF TRANSPORTATION; STORMWATER CREDIT

For the purposes of this section and Secs. 23–29 of this act (Agency of Transportation stormwater credit), the General Assembly finds and declares that:

(1) the federal Clean Water Act, State water quality requirements under 10 V.S.A. chapter 47, and the municipal separate storm sewer system permit for transportation infrastructure, require the treatment and control of stormwater from State highway rights-of-way and other property owned, controlled, or managed by the Agency; and

(2) because of the traditional and continuing expenditures of the Agency for the construction, operation, and maintenance of stormwater control infrastructure designed to control stormwater runoff from State highway rights-of-way and developed lands owned, controlled, or managed by the Agency, it is fair and equitable to provide the Agency with a uniform credit against fees assessed by municipalities for the management of stormwater.

Sec. 23. 24 V.S.A. § 3501(7) is amended to read:

(7) “Storm water” or “storm sewage” is the excess water from rainfall or continuously following therefrom shall have the same meaning as “stormwater runoff” under 10 V.S.A. § 1264.

Sec. 24. 24 V.S.A. § 3615 is amended to read:

§ 3615. RENTS; RATES
(a) Such municipal corporation, through its board of sewage disposal commissioners, may establish charges to be called “sewage disposal charges,” to be paid at such times and in such manner as the commissioners may prescribe. The commissioners may establish annual charges separately for bond repayment, fixed operations and maintenance costs (not dependent on actual use), and variable operations and maintenance costs dependent on flow. Such charges may be based upon:

1. the metered consumption of water on premises connected with the sewer system, however, the commissioners may determine no user will be billed for fixed operations and maintenance costs and bond payment less than the average single family charge;

2. the number of equivalent units connected with or served by the sewage system based upon their estimated flows compared to the estimated flows from a single family dwelling however, the commissioners may determine no user will be billed less than the minimum charge determined for the single family dwelling charge for fixed operations and maintenance costs and bond payment;

3. the strength and flow where wastes stronger than household wastes are involved;

4. the appraised value of premises, in the event that the commissioners shall determine the sewage disposal plant to be of general benefit to the municipality regardless of actual connection with the same;

5. the commissioners’ determination developed using any other equitable basis such as the number and kind of plumbing fixtures, the number of persons residing on or frequenting the premises served by those sewers, the topography, size, type of use, or impervious area of any premises; or

6. any combination of these bases, so long as the combination is equitable.

(b) The basis for establishing sewer disposal charges shall be reviewed annually by sewage disposal commissioners. No premises otherwise exempt from taxation, including premises owned by the state of Vermont, shall, by virtue of any such exemption, be exempt from charges established hereunder. The commissioners may change the rates of such charges from time to time as may be reasonably required. Where one of the bases of such charge is the appraised value and the premises to be appraised are tax exempt, the commissioners may cause the listers to appraise such property, including state property, for the purpose of determining the sewage disposal charges. The right of appeal from such appraisal shall be the same as provided
in 32 V.S.A. chapter 131 of Title 32. The commissioner of finance and management Commissioner of Finance and Management is authorized to issue his or her warrants for sewage disposal charges against state State property and transmit to the state treasurer State Treasurer who shall draw a voucher in payment thereof. Sewage disposal charges established in accord with this section may be assessed by the board of sewage disposal commissioners as provided in section 3614 of this title to derive the revenue required to pay pollution charges assessed against a municipal corporation under section 10 V.S.A. § 1265 of Title 10.

(c) When a sewage disposal charge established under this section for the management of stormwater is applied to property owned, controlled, or managed by the Agency of Transportation, the charge shall not exceed the highest rate category applicable to other properties in the municipality, and the Agency of Transportation shall receive a 35 percent credit on the charge. The Agency of Transportation shall receive no other credit on the charge from the municipal corporation.

Sec. 25. 24 V.S.A. § 3507 is amended to read:

§ 3507. DUTIES

(a) Such sewage system commissioners shall have the supervision of such municipal sewage system and shall make and establish all needed rates for rent, with rules and regulations for its control and operation. Such commissioners may appoint or remove a superintendent at their pleasure. The rents and receipts for the use of such sewage system shall be used and applied to pay the interest and principal of the sewage system bonds of such municipal corporation, the expense of maintenance and operation of the sewage system, as well as dedicated fund payments provided for in section 3616 of this title.

(b) When a rate established under this section for the management of stormwater is applied to property owned, controlled, or managed by the Agency of Transportation, the rate shall not exceed the highest rate category applicable to other properties in the municipality, and the Agency of Transportation shall receive a 35 percent credit on the rate. The Agency of Transportation shall receive no other credit on the rate from the municipal corporation.
Sec. 26. 24 V.S.A. § 3679(c) is added to read:

The Agency of Transportation shall receive no other credit on the rate from the consolidated sewer district.

However, the Commissioner may waive this one-year requirement to operate under an ignition interlock restricted driver’s license if the person furnishes proof as prescribed by the Commissioner that he or she is incapable of using an ignition interlock device because of a medical condition that will persist permanently or at least for one year. The requirement to operate under an ignition interlock RDL or ignition interlock certificate shall not apply if the person is exempt under subdivision (a)(4) of this section.

(3) If after notice and hearing the Commissioner later finds that the person was violating the conditions of the person’s reinstatement under this subsection, the person’s operating license or privilege to operate shall be immediately suspended or revoked for the period of the original suspension life.
(4) If the Commissioner finds that a person reinstated under this subsection was suspended pursuant to section 1205 of this title, or was convicted of a violation of section 1201 of this title, the person shall be conclusively presumed to be in violation of the conditions of his or her reinstatement.

(5) A person shall be eligible for reinstatement under this subsection only once following a suspension or revocation for life.

(6)(A) If an applicant for reinstatement under this subsection resides in a jurisdiction other than Vermont, the Commissioner may elect not to conduct an investigation. If the Commissioner elects not to conduct an investigation, he or she shall provide a letter to the applicant’s jurisdiction of residence stating that Vermont does not object to the jurisdiction issuing the applicant a license if the applicant is authorized required to operate only vehicles equipped with an ignition interlock device for at least a three-year period, unless exempt under subdivision (a)(4) of this section, and is required to complete any alcohol rehabilitation or treatment requirements of the licensing jurisdiction.

(B) If the applicant’s jurisdiction of residence is prepared to issue or has issued a license in accordance with subdivision (A) of this subdivision (6) and the applicant satisfies the requirements of section 675 of this title, the Commissioner shall update relevant State and federal databases to reflect that the applicant’s lifetime suspension or revocation in Vermont under chapter 13, subchapter 13 of this title has terminated.

The conveyance must require that the Town’s interest automatically will terminate in the event the property ceases to be used for public purposes, in which event the property will revert to the State. However, the Secretary and the Town may enter into a boundary adjustment agreement with the owner of the 150 Depot Street parcel in order to cure any title defect that may exist, and the Secretary as agent for the State may disclaim any reversionary interest in the boundary adjustment area.

(A) the existing safety conditions in the project area and the impact of the project on improving safety conditions;

(B) the average, seasonal, peak, and nonpeak volume of traffic in the project area, including the proportion of traffic volume relative to total volume in the region, and the impact of the project on congestion and mobility conditions in the region;

(C) the availability, accessibility, and usability of alternative routes;

(D) the impact of the project on future maintenance and reconstruction costs; and

(E) the relative priority assigned to the project by the relevant regional planning commission or the Chittenden County Metropolitan Planning Organization;

(F) the resilience of the transportation infrastructure to floods and other extreme weather events.
(2) The second component of the priority rating system shall consider, without limitation, the following factors:

emergency or safety issue, the Secretary shall give prompt notice of the decision and action taken to the Joint Fiscal Office and to the House and Senate Committees on Transportation when the General Assembly is in session, and when the General Assembly is not in session, to the Joint Transportation Oversight Committee. Should an approved project in the current Transportation Program require additional funding to maintain the approved schedule, the Agency is authorized to allocate the necessary resources. However, the Secretary shall not delay or suspend work on approved projects to reallocate funding for other projects except when other funding options are not available. In such case, the Secretary shall notify the members of the Joint Transportation Oversight Committee and the Joint Fiscal Office. With respect to projects in the approved Transportation Program, the Secretary shall notify, in the district affected, the regional planning commission, the municipality, Legislators, members of the Senate and House Committees on Transportation, and the Joint Fiscal Office of any significant change in design, change in construction cost estimates requiring referral to the Transportation Board under section 10h of this title, or any change which likely will affect the fiscal year in which the project is planned to go to construction. If total cumulative damages to town highways and drainage structures are less than the value of 10 percent of the town’s overall total highway budget excluding the town’s winter maintenance budget, the disaster shall not qualify for assistance under this subsection.

(2) The disaster shall not qualify for major disaster assistance from the Federal Emergency Management Agency (FEMA) under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121

(4) For towns that have adopted road and bridge standards, eligibility for reimbursement for repair or replacement of infrastructure shall be to those standards. For towns that have not adopted these standards, eligibility for reimbursement for repair or replacement of infrastructure shall be limited to the specifications of the infrastructure that preexisted the emergency event; however, the repair or replacement shall be to standards approved by the Agency of Transportation.

(5) For a drainage structure on a class 4 town highway to be eligible for repair or replacement under this subsection, the town must document that it maintained the structure prior to the nonfederal disaster.

(6) Such additional criteria as may be adopted by the Agency of Transportation through rulemaking under 3 V.S.A. chapter 25.

*** Water Quality ***

Sec. 27. FINDINGS; AGENCY OF TRANSPORTATION; STORMWATER
CREDIT

For the purposes of this section and Secs. 28–33 of this act (Agency of
Transportation stormwater credit), the General Assembly finds and declares
that:

(1) the federal Clean Water Act, State water quality requirements under
10 V.S.A. chapter 47, and the municipal separate storm sewer system permit
for transportation infrastructure, require the treatment and control of
stormwater from State highway rights-of-way and other property owned,
controlled, or managed by the Agency; and

(2) because of the traditional and continuing expenditures of the Agency
for the construction, operation, and maintenance of stormwater control
infrastructure designed to control stormwater runoff from State highway
rights-of-way and developed lands owned, controlled, or managed by the
Agency, it is fair and equitable to provide the Agency with a uniform credit
against fees assessed by municipalities for the management of stormwater.

Sec. 28. 24 V.S.A. § 3501(7) is amended to read:

(7) “Storm water” or “storm sewage” is the excess water from rainfall or
continuously following therefrom shall have the same meaning as “stormwater
runoff” under 10 V.S.A. § 1264.

Sec. 29. 24 V.S.A. § 3615 is amended to read:

§ 3615. RENTS; RATES

(a) Such municipal corporation, through its board of sewage disposal
commissioners, may establish charges to be called “sewage disposal charges,”
to be paid at such times and in such manner as the commissioners may
prescribe. The commissioners may establish annual charges separately for
bond repayment, fixed operations and maintenance costs (not dependent on
actual use), and variable operations and maintenance costs dependent on
flow. Such charges may be based upon:
(1) the metered consumption of water on premises connected with the sewer system, however, the commissioners may determine no user will be billed for fixed operations and maintenance costs and bond payment less than the average single family charge;

(2) the number of equivalent units connected with or served by the sewage system based upon their estimated flows compared to the estimated flows from a single family dwelling however, the commissioners may determine no user will be billed less than the minimum charge determined for the single family dwelling charge for fixed operations and maintenance costs and bond payment;

(3) the strength and flow where wastes stronger than household wastes are involved;

(4) the appraised value of premises, in the event that the commissioners shall determine the sewage disposal plant to be of general benefit to the municipality regardless of actual connection with the same;

(5) the commissioners’ determination developed using any other equitable basis such as the number and kind of plumbing fixtures, the number of persons residing on or frequenting the premises served by those sewers, the topography, size, type of use, or impervious area of any premises; or

(6) any combination of these bases, so long as the combination is equitable.

(b) The basis for establishing sewer disposal charges shall be reviewed annually by sewage disposal commissioners. No premises otherwise exempt from taxation, including premises owned by the state of Vermont, shall, by virtue of any such exemption, be exempt from charges established hereunder. The commissioners may change the rates of such charges from time to time as may be reasonably required. Where one of the bases of such charge is the appraised value and the premises to be appraised are tax exempt, the commissioners may cause the listers to appraise such property, including state property, for the purpose of determining the sewage disposal charges. The right of appeal from such appraisal shall be the same as provided in 32 V.S.A. chapter 131 of Title 32. The commissioner of finance and management is authorized to issue his or her warrants for sewage disposal charges against state property and transmit to the state treasurer who shall draw a voucher in payment thereof. No charge so established and no tax levied under the provisions of section 3613 of this title shall be considered to be a part of any tax authorized to be assessed by the legislative body of any municipality for
general purposes, but shall be in addition to any such tax so authorized to be assessed. Sewage disposal charges established in accord with this section may be assessed by the board of sewage disposal commissioners as provided in section 3614 of this title to derive the revenue required to pay pollution charges assessed against a municipal corporation under section 10 V.S.A. § 1265 of Title 10.

(c) When a sewage disposal charge established under this section for the management of stormwater is applied to property owned, controlled, or managed by the Agency of Transportation, the charge shall not exceed the highest rate category applicable to other properties in the municipality, and the Agency of Transportation shall receive a 30 percent credit on the charge. The Agency of Transportation shall receive no other credit on the charge from the municipal corporation.

Sec. 29a. 24 V.S.A. § 3615(c) is amended to read:

(c) When a sewage disposal charge established under this section for the management of stormwater is applied to property owned, controlled, or managed by the Agency of Transportation, the charge shall not exceed the highest rate category applicable to other properties in the municipality, and the Agency of Transportation shall receive a 30 percent credit on the charge. The Agency of Transportation shall receive no other credit on the charge from the municipal corporation.

Sec. 29b. 24 V.S.A. § 3615(c) is amended to read:

(c) When a sewage disposal charge established under this section for the management of stormwater is applied to property owned, controlled, or managed by the Agency of Transportation, the charge shall not exceed the highest rate category applicable to other properties in the municipality, and the Agency of Transportation shall receive a 35 percent credit on the charge. The Agency of Transportation shall receive no other credit on the charge from the municipal corporation.

Sec. 30. 24 V.S.A. § 3507 is amended to read:

§ 3507. DUTIES

(a) Such sewage system commissioners shall have the supervision of such municipal sewage system and shall make and establish all needed rates for rent, with rules and regulations for its control and operation. Such commissioners may appoint or remove a superintendent at their pleasure. The rents and receipts for the use of such sewage system shall be used and applied to pay the interest and principal of the sewage system bonds of such municipal
corporation, the expense of maintenance and operation of the sewage system, as well as dedicated fund payments provided for in section 3616 of this title.

(b) When a rate established under this section for the management of stormwater is applied to property owned, controlled, or managed by the Agency of Transportation, the rate shall not exceed the highest rate category applicable to other properties in the municipality, and the Agency of Transportation shall receive a 30 percent credit on the rate. The Agency of Transportation shall receive no other credit on the rate from the municipal corporation.

Sec. 30a. 24 V.S.A. § 3507(b) is amended to read:

The requirement to operate under an ignition interlock RDL or ignition interlock certificate shall not apply if the person is exempt under subdivision (a)(4) of this section.

(3) If after notice and hearing the Commissioner later finds that the person was violating the conditions of the person’s reinstatement under this subsection, the person’s operating license or privilege to operate shall be immediately suspended or revoked for the period of the original suspension life.

(4) If the Commissioner finds that a person reinstated under this subsection was suspended pursuant to section 1205 of this title, or was convicted of a violation of section 1201 of this title, the person shall be
conclusively presumed to be in violation of the conditions of his or her reinstatement.

(5) A person shall be eligible for reinstatement under this subsection only once following a suspension or revocation for life.

(6)(A) If an applicant for reinstatement under this subsection resides in a jurisdiction other than Vermont, the Commissioner may elect not to conduct an investigation. If the Commissioner elects not to conduct an investigation, he or she shall provide a letter to the applicant’s jurisdiction of residence stating that Vermont does not object to the jurisdiction issuing the applicant a license if the applicant is authorized required to operate only vehicles equipped with an ignition interlock device for at least a three-year period, unless exempt under subdivision (a)(4) of this section, and is required to complete any alcohol rehabilitation or treatment requirements of the licensing jurisdiction.

(B) If the applicant’s jurisdiction of residence is prepared to issue or has issued a license in accordance with subdivision (A) of this subdivision (6) and the applicant satisfies the requirements of section 675 of this title, the Commissioner shall update relevant State and federal databases to reflect that the applicant’s lifetime suspension or revocation in Vermont under chapter 13, subchapter 13 of this title has terminated.

§ 1204. PERMISSIVE INFERENCES

(a) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by a person while operating, attempting to operate, or in actual physical control of a vehicle on a highway, the person’s alcohol concentration or alcohol concentration and evidence of delta-9 tetrahydrocannabinol shall give rise to the following permissive inferences:

(1) If the person’s alcohol concentration at that time was less than 0.08, such fact shall not give rise to any presumption or permissive inference that the person was or was not under the influence of intoxicating liquor, but such fact may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor.

(2) If the person’s alcohol concentration at that time was 0.08 or more, it shall be a permissive inference that the person was under the influence of intoxicating liquor in violation of subdivision 1201(a)(2) or (3) of this title.

(3) If the person’s alcohol concentration at that time was 0.05 or more and the person had 1.5 nanograms per milliliter of delta-9 tetrahydrocannabinol in the person’s blood, it shall be a permissive inference that the person was under the combined influence of alcohol and any other drug in violation of subdivision 1201(a)(3) of this title.

Bill Amended; Third Reading Ordered

J.R.H. 27

Rep. Manwaring of Wilmington, for the committee on Education, to which had been referred Joint resolution, entitled

Joint resolution requesting federal action to alleviate the national student loan debt crisis

Reported in favor of its passage when amended by striking all after title and inserting in lieu thereof the following:

Whereas, a Wall Street Journal article, updated on August 21, 2015, reported that as of July 2015 nearly seven million Americans were in default on their federal student loans, meaning they had not made a payment in at least 360 days, and

Whereas, this number equals approximately 17 percent of all federal student loan borrowers, and the number rose six percent, or 400,000 more borrowers, than the year previously, and

Whereas, the Federal Reserve Bank of New York’s Consumer Credit Panel has reported that in the decade from 2005 to 2015 total student loan debt tripled and rose to $1.19 trillion, and

Whereas, those in default are often individuals who attended for-profit colleges, are members of a minority group, and never graduated, and

Whereas, overall, one informed estimate is that 27 million borrowers are either in default or some other form of loan repayment delinquency, and

Whereas, Congress enacted the Bipartisan Student Loan Certainty Act of 2013 (Pub.L. 113-28), establishing a fixed interest rate for federal student loan programs with caps ranging from 8.25–10.5 percent depending on the specific program, but the rates are challenging for the student borrowers, and
Whereas, although the rates for 2015–2016 are slightly lower than for the prior academic year, they still remain high at 4.29 percent for direct subsidized and unsubsidized undergraduate student loans, and the graduate and professional federal student loan interest rates in the Direct PLUS Loans program are nearly seven percent, and

Whereas, although experts differ on the extent, there is a general consensus that in some years the federal government has made a profit on federal student loans even as numerous borrowers have struggled to make repayments, and

Whereas, while the Obama administration has established popular plans that cap repayments at 10–15 percent of discretionary income, these programs tend to attract graduates of professional or graduate schools and not those who earned only a bachelor’s degree or never finished college, and

Whereas, unlike many other forms of consumer debt, 11 U.S.C. § 523(a)(8) of the federal bankruptcy code, with limited exceptions, prohibits using bankruptcy as a method for student loan debt relief, and

Whereas, proposals for free or reduced tuition at public colleges and restructuring the system of higher education financing may be useful for future students, but they do not solve the problems of those millions of Americans struggling to repay their existing student loans, especially those for whom a college education did not secure a sound economic future, and

Whereas, when a federal student loan borrower completes all of the requirements of an income-based student loan repayment program, and as a consequence of meeting these requirements, the remaining balance of his or her student loan is forgiven, the forgiven amount is treated as taxable income with often severe consequences to the borrower, and

Whereas, the current federal student loan program has inadequate loan counseling services available for borrowers at critical times, including when they are trying to determine which loans to choose, how much to borrow, how to repay when leaving school, and how to repay when encountering financial hardships, now therefore be it

Resolved by the Senate and House of Representatives:

That the General Assembly requests that Congress amend the federal bankruptcy code to eliminate the prohibition on relief from federal or private student loan debt through the federal bankruptcy system and to eliminate the unfair income tax consequences for borrowers who complete loan forgiveness programs, and be it further
Resolved: That the U.S. Department of Education is requested to devise new loan counseling programs to provide students with debt literacy information and loan repayment options prior to borrowing, upon graduation or otherwise leaving college, and throughout the duration of their loans, and new debt relief programs that effectively address the problems that individuals with low income are encountering in repaying their student loans, and be it further

Resolved: That the Secretary of State be directed to send a copy of this resolution to U.S. Secretary of Education John King and to the Vermont Congressional Delegation.

The bill, having appeared on the Calendar one day for notice, was taken up, read the second time, report of the committee on Education agreed to and third reading ordered.

§ 5402. ENDANGERED AND THREATENED SPECIES LISTS

(a) The Secretary shall adopt by rule a State endangered species list and a State threatened species list. The listing for any species may apply to the whole State or to any part of the State and shall identify the species by its most recently accepted genus and species names and, if available, the common name.

(10) cumulative impacts; and

(11) natural or human-made factors affecting the continued existence of the listed species.

(c) In determining whether to designate critical habitat for a State-listed threatened or endangered species, the Secretary shall:

(1) use the best scientific, commercial, and other data available;

(2) notify and consult with appropriate officials in Canada, appropriate State and federal agencies, other states having a common interest in the species, affected landowners, any municipality where the proposed designation is located, and any interested persons at least 60 days prior to commencement of rulemaking;

(3) notify the appropriate officials and agencies of Quebec and any state contiguous to Vermont in which the species affected is known to occur; and

(c) The Secretary may, with advice of the Endangered Species Committee and after the consultation required under subsection 5408(e) of this section, adopt rules for the protection and conservation or recovery of endangered and threatened species. The rules may establish application requirements for an individual permit or general permits issued under this section, including requirements that differ from the requirements of subsection 5408(h) of this title.

(d) The Secretary may bring an environmental enforcement action against any person who violates subsection (a) or (b) of this section or rules adopted under this chapter in accordance with chapters 201 and 211 of this title.

(e) Instead of bringing an environmental enforcement action for a violation of this chapter or rules adopted under this chapter, the Secretary may refer violations of this chapter to the Commissioner of Fish and Wildlife for criminal enforcement.

(f) A person who knowingly violates a requirement of this chapter or a rule of the Secretary adopted under subsection (d) of this section related to taking, possessing, transporting, buying, or selling a threatened or endangered species shall be fined not more than $500.00 in accordance with section 4518 of this title, and the person shall pay restitution under section 4514 of this title.

(g) Any person who violates subsection (a) or (b) of this section by knowingly injuring a member of a threatened or endangered species or
knowingly destroying or adversely impacting critical habitat and who is subject to criminal prosecution may be required by the court to pay restitution for:

(1) actual costs and related expenses incurred in treating and caring for the injured plant or animal to the person incurring these expenses, including the costs of veterinarian services and Agency of Natural Resources staff time; or

Of the six public members, two shall be actively engaged in agricultural or silvicultural activities, two shall be knowledgeable concerning flora, and two shall be knowledgeable concerning fauna. Members appointed by the Governor shall be entitled to reimbursement for expenses incurred in the attendance of meetings, as approved by the Chair. The Chair of the Committee shall be elected from among and by the members each year. Members who are not employees of the State shall serve terms of three years, except that the Governor may make appointments for a lesser term in order to prevent more than two terms from expiring in any year.

(b) The Endangered Species Committee shall advise the Secretary on all matters relating to endangered and threatened species, including whether to alter the lists of endangered and threatened species and how to protect those species, and whether and where to designate critical habitat.

(c) The Agency of Natural Resources shall provide the Endangered Species Committee with necessary staff services.

Sec. 24. 10 V.S.A. § 5405 is amended to read:

§ 5407. ENFORCEMENT AUTHORITY TO SEIZE THREATENED OR ENDANGERED SPECIES

In addition to other methods of enforcement authorized by law, the Secretary may direct under this section that wildlife or wild plants which were seized because of violation of this chapter be rehabilitated, released, replanted, or transferred to a zoological, botanical, educational or scientific institution, and that the costs of the transfer and staff time related to a violation may be charged to the violator. The Secretary, with the advice of the Endangered Species Committee, may adopt rules for the implementation of this section.

Sec. 27. 10 V.S.A. § 5408 is amended to read:

§ 5408. LIMITATIONS AUTHORIZED TAKINGS; INCIDENTAL TAKINGS; DESTRUCTION OF CRITICAL HABITAT

(a) Authorized taking. Notwithstanding any provision of this chapter, after obtaining the advice of the Endangered Species Committee, the Secretary may, prescribe by rule, require as necessary to carry out the purposes of this chapter, the taking of a threatened or endangered species, the destruction of or adverse impact on critical habitat, or any act otherwise prohibited by this chapter if done for any of the following purposes:

(1) scientific purposes;
(2) to enhance the propagation or survival of a threatened or endangered species; economic hardship;
(3) zoological exhibition;
(4) educational purposes;
(5) noncommercial cultural or ceremonial purposes; or
(6) special purposes consistent with the purposes of the federal Endangered Species Act.

(b) Incidental taking. After obtaining the advice of the Endangered Species Committee, the Secretary may permit, under such terms and conditions as necessary to carry out the purposes of this chapter, the incidental taking of a threatened or endangered species or the destruction of or adverse impact on critical habitat if:

(1) the taking is necessary to conduct an otherwise lawful activity;
(2) the taking is attendant or secondary to, and not the purpose of, the lawful activity;
(3) the impact of the permitted incidental take is minimized; and
(4) the incidental taking will not impair the conservation or recovery of any endangered species or threatened species.

(c) Transport through State. Nothing in this chapter shall prevent a person who holds a proper permit from the federal government or any other state from transporting a member of an endangered or threatened species from a point outside this State to another point within or without this State.

(d) Possession. Nothing in this chapter shall prevent a person from possessing in this State wildlife or wild plants which are not determined to be “endangered” or “threatened” under the federal Endangered Species Act where the possessor is able to produce substantial evidence that the wildlife or wild plant was first taken or obtained in a place without violating the law of that place, provided that an importation permit may be required under section 4714 of this title or the rules of the Department of Fish and Wildlife.

(e) Interference with agricultural or silvicultural practices. No rule adopted under this chapter shall cause undue interference with normal agricultural or farming, forestry operations, or accepted silvicultural practices. This section shall not be construed to exempt any person from the provisions of the federal Endangered Species Act requirements of this chapter. The Secretary shall not adopt rules that affect farming, forestry operations, or
accepted silvicultural practices without first consulting the Secretary of Agriculture, Food and Markets and the Commissioner of Forests, Parks and Recreation.

(f) Consistency with State law. Nothing in this chapter shall be interpreted to limit or amend the definitions and applications of necessary habitat in chapter 151 of this title or in 30 V.S.A. chapter 5.

(g) Effect on federal law. Nothing in this section permits a person to violate any provision of federal law concerning federally protected threatened or endangered species.

(h) Permit application. An applicant for a permit under this section shall submit an application to the Secretary that includes the following information:

(1) a description of the activities that could lead to a taking of a listed threatened or endangered species or the destruction of or adverse impact on critical habitat;

(2) the steps that the applicant has or will take to avoid, minimize, and mitigate the impact to the relevant threatened or endangered species or critical habitat;

(3) a plan for ensuring that funding is available to conduct any required monitoring and mitigation, if applicable;

(4) a summary of the alternative actions to the taking or destruction of critical habitat that the applicant considered and the reasons that these alternatives were not selected, if applicable;

(5) the name or names and obligations and responsibilities of the person or persons that will be involved in the proposed taking or destruction of critical habitat; and

(6) any additional information that the Secretary may require.

(i) Permit fees.

(1) Fees to be charged to a person applying to take a threatened or endangered species under this section shall be:

(A) To take for scientific purposes, to enhance the propagation or survival of the species, noncommercial cultural or ceremonial purposes, or for educational purposes or special purposes consistent with the federal Endangered Species Act, $50.00;

(B) To take for a zoological or botanical exhibition or to lessen an economic hardship, $250.00 for each listed animal or plant wildlife or wild
plant taken up to a maximum of $25,000.00 or, if the Secretary determines that it is in the best interest of the species, the parties may agree to mitigation in lieu of a monetary fee; and

(C) for an incidental taking, $250.00 for each listed wildlife or wild plant taken up to a maximum of $25,000.00.

(2) The Secretary may require the implementation of mitigation strategies and may collect mitigation funds, in addition to the permit fees, in order to mitigate the impacts of a taking or the destruction of or adverse impact on critical habitat. Mitigation may include:

(A) a requirement to rectify the taking or adverse impact or to reduce the adverse impact over time;

(B) a requirement to manage or restore land within the area of the proposed activity or in an area outside the proposed area as habitat for the threatened or endangered species;

(C) compensation, including payment into the Threatened and Endangered Species Fund for the uses of that Fund, provided that any payment is commensurate with the taking or adverse impact proposed; or

(3) Fees and mitigation payments collected under this subsection and interest on fees and mitigation payments shall be deposited in the Threatened and Endangered Species Fund within the Fish and Wildlife Fund, which Fund is hereby created and shall be used solely for expenditures of the Department of Fish and Wildlife related to threatened and endangered species. Expenditures may be made for monitoring, restoration, conservation, recovery, and the acquisition of property interests and other purposes consistent with this chapter. Where practical, the fees collected for takings shall be devoted to the conservation or recovery of the taken species or its habitat. Interest accrued on the Fund shall be credited to the Fund.

(g)(j) Permit term. A permit issued under this section shall be valid for the period of time specified in the permit, not to exceed five years. A permit issued under this section may be renewed upon application to the Secretary.

(k) Public notice. Prior to issuing a permit for an incidental taking and prior to the initial issuance or amendment of a general permit under this section, the Secretary shall provide for: public notice of no fewer than 30 days; opportunity for written comment; and opportunity to request a public informational hearing. The Secretary shall post permit applications, permit decisions, and the initial or amended general permits on the website of the Agency of Natural Resources. The Secretary also shall provide notice to
interested persons who request notice of permit applications, permit decisions, and proposed general permits or proposed amendments to general permits.

(l) General permits.

(1) The Secretary may issue general permits for activities that will not affect the continued survival or recovery of a threatened or endangered species.

(2) A general permit issued under this chapter shall contain those terms and conditions necessary to ensure compliance with the provisions of this statute.

(3) These terms and conditions may include the implementation of best management practices and the adoption of specific mitigation measures and required surveying, monitoring, and reporting.

(4) The Secretary may issue a general permit to take a threatened or endangered species or destroy or adversely impact critical habitat only if an activity or class of activities satisfies one or more of the following criteria:

(A) the taking of a threatened or endangered species or the destruction of or adverse impact on critical habitat is necessary to address an imminent risk to human health:

(B) a proposed taking of a threatened or endangered species or the destruction of or adverse impact on critical habitat would enhance the overall long-term survival of the species; or

(C) the Secretary has approved best management practices that are designed, when applied, to minimize to the greatest extent possible the taking of a threatened or endangered species or the destruction of or adverse impact on critical habitat.

(5) On or before September 1, 2017, the Secretary shall issue a general permit for vegetation management and operational and maintenance activities conducted by a utility. The general permit shall have a five-year term. A one-time application for coverage by a utility shall be made for activities authorized by the general permit, and coverage under the general permit shall be for the term of the general permit. Until the general permit has been issued, no critical habitat designation for wild plants shall be made in utility right-of-way. As used in this subdivision (5), “utility” means an electric company, telecommunication company, pipeline operator, or railroad company.

(6) Prior to issuing an initial or amended general permit under this subsection, the Secretary shall:
(A) post a draft of the general permit on the Agency website;

(B) provide public notice of at least 30 days; and

(C) provide for written comments or a public hearing, or both.

(7) For applications for coverage under the terms of an issued general permit, the applicant shall provide notice on a form provided by the Secretary. The Secretary shall post notice of the application on the Agency website and shall provide an opportunity for written comment, regarding whether the application complies with the terms and conditions of the general permit, for ten days following receipt of the application.

(8) The Secretary may require any applicant for coverage under a general permit to submit additional information that the Secretary considers necessary and may refuse to approve coverage under the terms of a general permit until the information is furnished and evaluated.

(9) The Secretary may require any applicant for coverage under a general permit to seek an individual permit under this section if the applicant does not qualify for coverage.

(10) The Secretary may require a person operating under a general permit issued under this section to obtain an individual permit under this section if the person proposes to destroy or adversely impact critical habitat that was designated under section 5402a of this title after issuance of the general permit, unless existing best management practices approved under the general permit adequately protect the critical habitat or have been amended to do so prior to the critical habitat designation pursuant to section 5402a of this title.

Sec. 28. 10 V.S.A. § 5410 is amended to read:

§ 5410. LOCATION CONFIDENTIAL

(a) All information regarding the specific location of threatened or endangered species sites shall be kept confidential in perpetuity except that the Secretary shall disclose this information to:

(1) the owner of land upon which the species has been located; or to:

(2) a potential buyer of land upon which the species is located who has a bona fide contract to buy the land and applies to the Secretary for disclosure of threatened or endangered species information, and to
qualified individuals or organizations, public agencies and nonprofit organizations for scientific research or for preservation and planning purposes when the Secretary determines that the preservation of the species is not further endangered by the disclosure.

(b) When the Secretary issues a permit under this chapter to take a threatened or endangered species or destroy or adversely impact critical habitat and when the Secretary designates critical habitat by rule under section 5402a of this title, the Secretary shall disclose only the municipality and general location where the threatened or endangered species or designated critical habitat is located. When the Secretary designates critical habitat under section 5402a of this title, the Secretary shall notify the municipality in which the critical habitat is located and shall disclose the general location of the designated critical habitat.

Sec. 29. STATUTORY REVISION

The Office of Legislative Council, in its statutory revision capacity, is directed to renumber the subdivisions of 10 V.S.A. § 5401 in numerical and alphabetical order and to correct any cross-references in statute to 10 V.S.A. § 5401 to reflect the renumbered subdivisions.

Sec. 30. FEE RECOMMENDATION; PERMIT TO DESTROY OR ADVERSELY IMPACT CRITICAL HABITAT

The consolidated Executive Branch fee report and request to be submitted on or before the third Tuesday of January 2018 pursuant to 32 V.S.A. § 605 shall include a recommendation from the Agency of Natural Resources of a fee for a permit under 10 V.S.A. § 5408 to destroy or adversely impact critical habitat of a State-listed threatened or endangered species. The recommendation shall include whether the owner of property where critical habitat is designated under 10 V.S.A. § 5402a should be required to pay a fee for a permit to destroy or adversely impact critical habitat on his or her property.

Sec. 31. 10 V.S.A. § 6081 is amended to read:

§ 6081. PERMITS REQUIRED; EXEMPTIONS

(a) No person shall sell or offer for sale any interest in any subdivision located in this State, or commence construction on a subdivision or development, or commence development without a permit. This section shall not prohibit the sale, mortgage, or transfer of all, or an undivided interest in all, of a subdivision unless the sale, mortgage, or transfer is accomplished to circumvent the purposes of this chapter.
(w)(1) A permit or permit amendment shall not be required for a change to a sport shooting range, as defined in section 5227 of this title, if a jurisdictional opinion issued under subsection 6007(c) of this title determines that each of the following applies:

(A) The range was in operation before January 1, 2006 and has been operating since that date.

(B) The range has a lead management plan approved by the Department of Environmental Conservation under chapters 47 and 159 of this title that requires implementation of best management practices to mitigate environmental impacts to soil and water.

(C) The change is for the purpose of one or more of the following:

   (i) To improve the safety of range employees, users of the range, or the public.

   (ii) To abate noise from activities at the range. A qualified noise abatement professional may certify that a change in a sport shooting range is for this purpose and this certification shall be conclusive evidence that a purpose of the change is to abate noise from activities at the range.

   (iii) To remediate, mitigate, or reduce impacts to air or water quality from the range or the deposit or disposal of waste generated by the range or its use.

(2) Obtaining a certification described in subdivision (1)(B)(ii) of this subsection shall be at the option of the range’s owner.

Sec. 32. EFFECTIVE DATES

This act shall take effect on July 1, 2016, except that Secs. 1 (regulation of fish), 2 (commercial sale of fish), and 3 (importation and stocking of fish) shall take effect on January 1, 2017.

Committee of Conference Requested and Appointed

H. 859

Pending entrance of the bill on the Calendar for notice, on motion of Rep.

An act relating to special education

Was taken up for immediate consideration.

The Senate proposed to the House to amend the bill by striking all after the

*** Payment of Special Education Funding to Supervisory Unions ***

Sec. 1. 16 V.S.A. chapter 101 is amended to read:

CHAPTER 101. SPECIAL EDUCATION

***
§ 2948. STATE AID

(a) For the payment of general State aid, children with disabilities shall be counted in the same manner as children who do not have disabilities.

(b) [Repealed.]

(c) Each school district supervisory union shall receive an essential early education grant each school year. Grants shall be distributed according to the estimated number of children from three through five years of age. The State Board by rule shall encourage coordination of services and may set other terms of the grant. Each district supervisory union shall be responsible for the remainder of the costs of providing necessary services under section 2956 of this title. Annually, for each following fiscal year, the essential early education grant shall be increased by the most recent cumulative price index, as of November 15, for State and local government purchases of goods and services from fiscal year 2002 through that following fiscal year, as provided through the State’s participation in the New England Economic Project.

(d), (e) [Repealed.]

(f) If a student is being provided education or special education or both in a school operated by the Department of Corrections, the Department of Corrections shall serve the student as if the Department were the school district of residence of the student.

(g) Notwithstanding any law to the contrary, a child with a disability who is residing in a State school, hospital, or community residential facility or in a State-approved private residential facility shall be provided special education in accordance with this chapter by the school district supervisory union in which the facility is located; provided, however, that this special education may be directly provided by the facility in which the child resides when the child’s individualized education program and treatment plans indicate that the facility is the most appropriate educational placement for the child. Programs of special education provided by a facility described in this subsection shall be subject to the approval of the Secretary.

(h)-(j) [Repealed.]

(k) For the costs of students in the custody of the Department of Corrections, the Secretary of Education shall pay for the costs of special education in accordance with the provisions of 28 V.S.A. § 120.

(l) [Repealed.]
(m) All other State aid to school districts and supervisory unions shall be set forth in subchapter 2 of this chapter.

(n) If a student is being provided education or special education, or both in a school operated by the Department for Children and Families, the funding and provision of services shall be the responsibility of the Department for Children and Families and special education procedural responsibility shall be the responsibility of the supervisory union for the school district of residence of the student’s parent, parents, or guardian.

§ 2949. RECIPROCAL AGREEMENTS WITH OTHER STATES

** *

§ 2950. STATE-PLACED STUDENTS

(a) School district Supervisory Union reimbursement. The supervisory union in which there is a school district responsible for educating a State-placed student under section 1075 of this title may claim and the Secretary shall reimburse 100 percent of all special education costs for the student, including costs for mainstream services. As a condition of receiving this reimbursement, the district supervisory union shall provide documentation in support of its claim, sufficient to enable the Secretary to determine whether to recommend appropriate cost-saving alternatives. The Secretary may approve any costs incurred in educating a State-placed student who is not eligible for special education that are incurred due to the special needs of the student, and, if approved, the Secretary shall pay those costs. When a State agency places and registers a student in a new district, the district and the supervisory union of which it is a member may request and the Agency of Education, or the agency that placed the student, or both, shall provide prompt consultative and technical assistance to the receiving district and the supervisory union.

** *

§ 2957. SPECIAL EDUCATION ADMINISTRATIVE AND JUDICIAL APPEALS; LIMITATIONS

** *

(e) Except as provided in 20 U.S.C. § 1412(a)(10)(C) or unless a court or hearing officer determines otherwise, where a unilateral placement has been made without offering the supervisory union for the school district of residence a reasonable opportunity to evaluate the child and to develop an individualized education program, reimbursement may not be sought for any
costs incurred before the school district supervisory union is offered such an opportunity.

§ 2958. RESIDENTIAL PLACEMENT REVIEW TEAM; RESIDENTIAL PLACEMENTS

(a) A school district shall notify the parents and the Secretary when it believes residential placement is a possible option for inclusion in a child’s individualized education program.

(b) The Secretary may establish from within the Agency a Residential Placement Review Team. At the discretion of the Secretary, other persons not employed by the Agency may be appointed to serve on the Team. The Team shall make every effort to assist school districts supervisory unions and parents in understanding the range of educational options available as early as possible in the planning process for the child. The Team shall:

(1) advise school districts supervisory unions on alternatives to residential placement;

(2) review each individualized education program calling for residential placement of a student to consider whether the student can be educated in a less restrictive environment;

(3) assist school districts supervisory unions in locating cost-effective and appropriate residential facilities where necessary;

(4) request a new individualized education program where it believes that appropriate alternatives to residential placement are available; and

(5) offer mediation as a means of resolving disputes relating to the need for residential placement or the particular residential facility recommended for a child with a disability.

(c) The State Board shall by rule establish policies and procedures for the operations of the Residential Placement Review Team. The rules shall be consistent with federal law and, at minimum, shall include the following:

(1) provision for the Secretary to initiate a due process proceeding to challenge the need for residential placement where the team believes that a less restrictive educational placement is both available and appropriate for the child with a disability, and to reimburse the school district supervisory union and the parents or guardian of the child for reasonable costs and attorney’s fees in the event the Secretary does not prevail;

(2) provision for technical assistance, a plan for correction, or withholding of funds under this section where a school district supervisory
union places a child in a residential facility more expensive than an available and appropriate alternative residential facility; however, such withholding of funds shall not exceed the difference between the cost of the two facilities and the rule shall provide an opportunity for appeal of the withholding; and

(3) procedures and timelines to ensure that residential placement of a child with disabilities is not delayed or disrupted so as to adversely affect the child.

(d) Whenever a residential placement is determined to be necessary and appropriate for a child with a disability, the Residential Placement Review Team shall include in the child’s individualized education program goals and objectives designed to reintegrate the child into a local school district.

(e) Costs for residential placement shall be reimbursed under subchapter 2 of this chapter only if the residential facility is approved by the State Board for the purposes of providing special education and related services to children with disabilities.

§ 2959. RULEMAKING; MEDIATION

(a) The State Board shall adopt rules governing the determination of a child’s eligibility for special education, accounting and financial reporting standards, program requirements, procedural requirements, and the identification of the district supervisory union or agency responsible for each child with a disability.

(b) Subject to rules established by the State Board, the Secretary shall offer mediation to parents, children with disabilities, and districts, supervisory unions, and agencies involved in special education disputes.

§ 2959a. EDUCATION MEDICAID RECEIPTS

(a) It is the intent of the General Assembly that the State of Vermont shall maximize its receipt of federal Medicaid dollars available for reimbursement of medically related services provided to students who are Medicaid eligible. It is further the intent that:

(1) each supervisory union identify special education and other students eligible for Medicaid reimbursement and, to the extent possible, submit Medicaid bills for services reimbursement;

(2) the Agencies of Education and of Human Services work with local school districts to maximize reimbursements, including services to non-IEP students.
(b) A Medicaid Reimbursement Special Fund is established within the Agency of Education. Funds received by the State under this section shall be transferred to the Medicaid Reimbursement Special Fund. The Fund receipts shall be allocated in accordance with this section.

(c) At least annually, the Secretary of Education shall pay to each supervisory union submitting Medicaid bills under this section, 50 percent of the reimbursed funds generated by the supervisory union’s bill, excluding claims generated by State-placed students. Unless the supervisory union has agreed to use the funds to operate a supervisory unionwide program or to distribute the funds in a different manner, upon receipt, the supervisory union shall distribute the funds to its member school districts based on how the funds were generated. The Secretary may withhold payment due a supervisory union pursuant to section 2950 of this title for a Medicaid-eligible State-placed student if the supervisory union has not submitted a Medicaid claim for reimbursable services for that student.

(d) If the amount of Medicaid reimbursement funds received for services provided in the prior State fiscal year exceeds $25,000,000.00, in addition to the 50 percent of the funds paid to supervisory unions submitting Medicaid bills, 25 percent of the amounts in excess of the $25,000,000.00 shall be paid into an incentive fund created in the Agency of Education. These funds shall be used for an incentive payment to supervisory unions with student participation rates of over 80 percent in accordance with a formula to be developed by the Agency, in consultation with the Vermont Superintendents Association. For any incentive payments made subsequent to fiscal year 2007, the $25,000,000.00 threshold of this subsection shall be increased by the percentage increase of the most recent New England Economic Project Cumulative Price Index, as of November 15, for state and local government purchases of goods and services from fiscal year 2005 through the fiscal year for which the payment is being determined, plus an additional one-tenth of one percent.

(e) School districts and supervisory unions shall use funds received under this section to pay for reasonable costs of administering the Medicaid claims process, and school districts or supervisory unions shall use funds received under this section for prevention and intervention programs in prekindergarten through grade 12. The programs shall be designed to facilitate early identification of and intervention with children with disabilities and to ensure all students achieve rigorous and challenging standards approved and adopted by the State Board or locally adopted standards. A supervisory union shall provide annual written justification to the Secretary of Education of
the use of how it or its member districts used the funds. Such annual submission shall show how the funds’ use is expressly linked to those provisions of the school district’s supervisory union’s action plan that directly relate to improving student performance. (2) “Full-time equivalent staffing” means 9.75 special education teaching positions per 1,000 average daily membership.

(d) If in any fiscal year, a district that maintains a school supervisory union in which a school is maintained does not expend an amount equal to its mainstream salary standard on special education expenditures, the district supervisory union may expend the balance, including the matching funds, to provide support and remedial services pursuant to section 2902 or 2903 of this title. A district supervisory union choosing to expend funds in this way shall submit a report describing the services provided and their costs with the final financial report submitted under section 2968 of this title.
