(g) This subsection establishes governance standards for a risk retention group.

(1) As used in this subsection:

(A) “Board of directors” or “board” means the governing body of a risk retention group elected by risk retention group members to establish policy, elect or appoint officers and committees, and make other governing decisions.

(B) “Director” means a natural person designated in the articles of the risk retention group or designated, elected, or appointed by any other manner, name, or title to act as a director.

(C) “Independent director” means a director who does not have a material relationship with the risk retention group. A person that is a direct or indirect owner of or subscriber in the risk retention group – or is an officer, director, or employee of such an owner and insured, unless some other position of such officer, director, or employee constitutes a “material relationship” – as contemplated under subdivision 3901(a)(4)(E)(ii) of the federal Liability Risk Retention Act, is considered to be “independent.” A director has a material relationship with a risk retention group if he or she, or a member of his or her immediate family:

(i) In any 12-month period, receives from the risk retention group, or from a consultant or service provider to the risk retention group, compensation or other item of value in an amount equal to or greater than five percent of the risk retention group’s gross written premium or two percent of the risk retention group’s surplus, as measured at the end of any fiscal quarter falling in such 12-month period, whichever is greater. This provision also applies to compensation or items of value received by any business with which
the director is affiliated. Such material relationship shall continue for one year after the item of value is received or the compensation ceases or falls below the threshold established in this subdivision, as applicable.

(ii) Has a relationship with an auditor as follows: Is affiliated with or employed in a professional capacity by a current or former internal or external auditor of the risk retention group. Such material relationship shall continue for one year after the affiliation or employment ends.

Such material relationship shall continue until the employment or service ends.

(D) “Material service provider” includes a captive manager, auditor, accountant, actuary, investment advisor, attorney, managing general underwriter, or other person responsible for underwriting, determination of rates, premium collection, claims adjustment or settlement, or preparation of financial statements, whose aggregate annual contract fees are equal to or greater than five percent of the risk retention group’s annual gross written premium or two percent of its surplus, whichever is greater. It does not mean defense counsel retained by a risk retention group, unless his or her annual fees are equal to or greater than five percent of a risk retention group’s annual gross premium or two percent of its surplus, whichever is greater.

(2) The board of directors shall determine whether a director is independent; review such determinations annually; and maintain a record of the determinations, which shall be provided to the Commissioner promptly, upon request. The board shall have a majority of independent directors. If the risk retention group is reciprocal, then the attorney-in-fact is required to adhere to the same standards regarding independence as imposed on the risk retention group’s board of directors.

(3) The term of any material service provider contract entered into with a risk retention group shall not exceed five years. The contract, or its renewal, requires approval of a majority of the risk retention group’s independent directors. The board of directors has the right to terminate a contract at any time for cause after providing adequate notice, as defined in the terms of the contract.

(4) A risk retention group shall not enter into a material service provider contract without the prior written approval of the Commissioner.

(6) A risk retention group shall have an audit committee composed of at least three independent board members. A nonindependent board member may participate in the committee’s activities, if invited to do so by the audit committee, but he or she shall not serve as a committee member. The Commissioner may waive the requirement of an audit committee if the risk retention group demonstrates to the Commissioner’s satisfaction that having such committee is impracticable and the board of directors is able to perform sufficiently the committee’s responsibilities. The audit committee shall have a written charter defining its responsibilities, which shall include:

(A) assisting board oversight of the integrity of financial statements, compliance with legal and regulatory requirements, and qualifications, independence, and performance of the independent auditor or actuary;
