*** Risk Retention Groups; Governance Standards ***

Sec. 6. 8 V.S.A. § 6052(g) is amended to read:

(g) This subsection establishes governance standards for a risk retention group.

(1) As used in this subsection:

(A) “Board of directors” or “board” means the governing body of a risk retention group elected by risk retention group members to establish policy, elect or appoint officers and committees, and make other governing decisions.

(B) “Director” means a natural person designated in the articles of the risk retention group or designated, elected, or appointed by any other manner, name, or title to act as a director member of the governing body of the risk retention group.

(C) “Independent director” means a director who does not have a material relationship with the risk retention group. A person that is a direct or indirect owner of or subscriber in the risk retention group - or is an officer, director, or employee of such an owner and insured, unless some other position of such officer, director, or employee constitutes a “material relationship” - as contemplated under subdivision 3901(a)(4)(E)(ii) of the federal Liability Risk Retention Act, is considered to be “independent.” A director has a material relationship with a risk retention group if he or she, or a member of his or her immediate family:
(i) In any 12-month period, receives from the risk retention group, or from a consultant or service provider to the risk retention group, compensation or other item of value in an amount equal to or greater than five percent of the risk retention group’s gross written premium or two percent of the risk retention group’s surplus, as measured at the end of any fiscal quarter falling in such 12-month period, whichever is greater. This provision also applies to compensation or items of value received by any business with which the director is affiliated. Such material relationship shall continue for one year after the item of value is received or the compensation ceases or falls below the threshold established in this subdivision, as applicable.

(ii) Has a relationship with an auditor as follows: Is affiliated with or employed in a professional capacity by a current or former internal or external auditor of the risk retention group. Such material relationship shall continue for one year after the affiliation or employment ends.

(iii) Has a relationship with a related entity as follows: Is employed as an executive officer of another company whose board of directors includes executive officers of the risk retention group, unless a majority of the membership of such other company’s board of directors is the same as the membership of the board of directors of the risk retention group. Such material relationship shall continue until the employment or service ends.

(D) “Material service provider” includes a captive manager, auditor, accountant, actuary, investment advisor, attorney, managing general underwriter, or other person responsible for underwriting, determination of rates, premium collection, claims adjustment or settlement, or preparation of financial statements, whose aggregate annual contract fees are equal to or greater than five percent of the risk retention group’s annual gross written premium or two percent of its surplus, whichever is greater. It does not mean defense counsel retained by a risk retention group, unless his or her annual fees have been equal to or greater than five percent of a risk retention group’s annual gross premium or two percent of its surplus, whichever is greater, during three or more of the previous five years.

(2) The board shall have a majority of independent directors. The board of directors shall determine whether a director is independent; review such determinations annually; and maintain a record of the determinations, which shall be provided to the Commissioner promptly, upon request. The board shall have a majority of independent directors. If the risk retention group is reciprocal, then the attorney-in-fact is required to adhere to the same standards regarding independence as imposed on the risk retention group’s board of directors. If the Commissioner disagrees with the board’s determination regarding independence, the board, within six months, shall take such actions
as are necessary in order to obtain written confirmation from the Commissioner that the board meets the independence requirements set forth in this subdivision (1)(C) of this subsection.

(3) The term of any material service provider contract entered into with a risk retention group shall not exceed five years. The contract, or its renewal, requires approval of a majority of the risk retention group’s independent directors. The board of directors has the right to terminate a contract at any time for cause after providing adequate notice, as defined in the terms of the contract.

(4) A risk retention group shall not enter into a material service provider contract without the prior written approval of the Commissioner.

(5) A risk retention group’s plan of operation business plan shall include written policies approved by its board of directors requiring the board to:

(A) provide evidence of ownership interest to each risk retention group member;

(B) develop governance standards applicable to the risk retention group;

(C) oversee the evaluation of the risk retention group’s management, including the performance of its captive manager, managing general underwriter, or other person or persons responsible for underwriting, rate determination, premium collection, claims adjustment and settlement, or preparation of financial statements;

(D) review and approve the amount to be paid under a material service provider contract; and

(E) at least annually, review and approve:

(i) the risk retention group’s goals and objectives relevant to the compensation of officers and material service providers;

(ii) the performance of officers and material service providers as measured against the risk retention group’s goals and objectives;

(iii) the continued engagement of officers and material service providers.

(6) A risk retention group shall have an audit committee composed of at least three independent board members. A nonindependent board member may participate in the committee’s activities, if invited to do so by the audit committee, but he or she shall not serve as a committee member. The Commissioner may waive the requirement of an audit committee if the risk retention group demonstrates to the Commissioner’s satisfaction that having
such committee is impracticable and the board of directors is able to perform sufficiently the committee’s responsibilities. The audit committee shall have a written charter defining its responsibilities, which shall include:

(A) assisting board oversight of the integrity of financial statements, compliance with legal and regulatory requirements, and qualifications, independence, and performance of the independent auditor or actuary;

(B) reviewing quarterly financial statements and annual and quarterly audited financial statements with management;

(C) reviewing annual audited financial statements with its independent auditor and, if it deems advisable, the risk retention group’s quarterly financial statements as well;

(D) reviewing risk assessment and risk management policies;

(E) meeting with management, either directly or through a designated representative of the committee;

(F) meeting with independent auditors, either directly or through a designated representative of the committee;

(G) reviewing with the independent auditor any audit problems and management’s response;

(H) establishing clear hiring policies applicable to the hiring of employees or former employees of the independent auditor by the risk retention group;

(I) requiring the independent auditor to rotate the lead audit partner having primary responsibility for the risk retention group’s audit, as well as the audit partner responsible for reviewing that audit, so that neither individual performs audit services for the risk retention group for more than five consecutive fiscal years; and
