Whereas, on January 22, 1973, the U.S. Supreme Court decision in Roe v. Wade, 410 U.S. 113 (1973), established that the U.S. Constitution protects a woman's right to privacy and limits government interference with medical decisions, and

Whereas, the General Assembly believes that the decision in Roe v. Wade ensures that abortion remains a safe and legal procedure for a woman to consider, if and when she needs it, and

Whereas, as the State of Vermont pursues major health care reform, it should be a public policy goal to enhance the health of all citizens, including women of all ages, and to strengthen individuals and families by encouraging and promoting access to comprehensive family planning services and to prenatal support services that help ensure planned pregnancies remain healthy throughout their entire term, and

Whereas, the General Assembly believes that abortion is a deeply personal and often complex decision for a woman, and therefore whether to choose adoption, end a pregnancy, or raise a child must be left to the woman, her family, and her faith, with the counsel of her doctor or health care provider, now therefore be it

Resolved by the Senate and House of Representatives:

That on the 42nd anniversary of Roe v. Wade and the 50th anniversary of Planned Parenthood of Northern New England, the General Assembly urges Congress and other state legislatures to preserve the rights protected in Roe v. Wade, and be it further
