

Dear Denise :

Please add my voice to those **OPPOSED** to H566, H567, H568.

I have also e-mailed my Representatives and Senators to express my disdain for these proposed Charter Changes.

None of these local restrictions would reduce crime (as is evidenced by larger municipalities in other States) , because it's irrational to believe that a person intent on committing a felony is going to care about violating an ordinance in the process.

Secondly, none would survive a challenge on their Constitutional merits.

My final assertion is that Vermont is one of the safest States in the Union. There is no epidemic of violence here, and it can be argued that our "Vermont constitutional carry" for personal protection contributes to that lack of violence.

Thank you ,
