

## VAHHS Proposal

Enhances the existing requirement on posting information about the Board on the hospital's website

~~(11)(3) Information~~ information on membership and governing body qualifications, a listing of the current governing body members, including each member's name, town of residence and occupation or employer, and means of obtaining a schedule of meetings of the hospital's governing body, including times scheduled for public participation; whether hospital trustees are compensated for their service on the board; and

---

## Rep Lippert Amendment

Adds the requirement to the hospital budget filing, not the hospital website

(12) require each hospital to provide information about the membership of its governing body, including each member's name, title, town of residence, occupation and employer, and hospital compensation, if any.
