**DAIL SFY'16 Budget Adjustment for Choices for  
Care Carryforward- \$2,104,197 *gross***

**\$2,104,197 is the carryforward amount in Choices for Care from SFY'15 into SFY'16 as confirmed by DAIL in conjunction with the Joint Fiscal Office.**

**The carryforward is defined in the SFY 16 Budget Bill: “Excluding appropriations allocated for acute services, any unexpended and unobligated State General Fund or Special Fund appropriation remaining at the close of a fiscal year shall be carried forward to the next fiscal year”.**

### **Choices for Care Program “Savings” and the 1% Reserve are also specifically defined in the 2016 Budget Bill:**

**“..savings means the difference remaining at the conclusion of the fiscal year 2015 between the amount of funds appropriated for Choices for Care, excluding allocations for the provision of acute care services, and the sum of expended and obligated funds, less an amount equal to one percent of the fiscal year 2015 year total Choices for Care expenditure. The one percent shall function as a reserve to be used in the event of a fiscal need to freeze Moderate Needs Group enrollment.”**

### **Current Choices for Care Expenditures**

- ❑ Over the course of SFY '14 and '15, DAIL re-invested \$3 million one time dollars into the Choices for Care system for the Moderate Needs Group (MNG). Those dollars were used to increase the MNG enrollment through the Home Health, Area Agencies on Aging and Adult Day Programs.**
- ❑ In order to ensure that no individuals currently enrolled in Moderate Needs services were cut, DAIL used \$1,241,748 of the 2016 reserve dollars to support Home Health Agencies, Area Agencies on Aging and Adult Day Programs.**
- ❑ For 2016, Choices for Care has a current balance of reserve/carryforward funds of \$862,449 (½ of 1% of the total CFC budget) to address any SFY '16 extreme needs in either the High/Highest Need or Moderate Needs Group.**
