

Good Morning Representatives,

During yesterday's testimony, the committee asked Ann Braden questions regarding her self-proclaimed "grassroots" organization, Gun Sense Vermont.

Her responses were evasive, misleading and as you will hear, dishonest.

After 2 years of being asked by multiple organizations, and the press, where her funding comes from, she has continually denied to answer.

Please watch the video below that proves that Gun Sense Vermont's lobbyist, the Necrason Group (\$78,000 price tag in 2 quarters), IS taking orders from out of state, NOT Ann Braden's "Vermont-based" group.

Proof that GSVT is anything EXCEPT grassroots:

Let me know if you have any further questions.
