

Yellow highlighting = Changes from Dr. 1.1

1 Introduced by Committee on Natural Resources and Energy

2 Date:

3 Subject: Conservation and development; forestry; timber harvesting; timber  
4 transport

5 Statement of purpose of bill as introduced: This bill proposes to amend  
6 multiple requirements related to timber harvesting and forestry operations.

7 The bill would require the owner of land to notify the Department of Forests,  
8 Parks and Recreation of a proposed timber harvest operation on his or her land.

9 The landowner would receive a harvest notification form and harvest  
10 notification number that would be a unique identifier for each harvest  
11 operation. The bill also would require a trip ticket to accompany every load of  
12 forest products transported from a timber harvest that requires a harvest  
13 notification to the location of the first measurement. The bill would require a  
14 separate sale trip ticket to accompany all truckloads of forest products that are  
15 transported from the mill, after sorting, to the final buyer of the products.

16 An act relating to timber harvesting and transport

17 It is hereby enacted by the General Assembly of the State of Vermont:

18 Sec. 1. 10 V.S.A. § 2600 is added to read:

19 § 2600. FINDINGS

20 The General Assembly finds that:

Yellow highlighting = Changes from Dr. 1.1

1           (1) Private and public forestlands:

2                   (A) constitute unique and irreplaceable resources, benefits, and  
3 values of statewide importance;

4                   (B) contribute to the protection and conservation of wildlife habitat,  
5 air, water, and soil resources of the State;

6                   (C) mitigate the effects of climate change; and

7                   (D) benefit the general health and welfare of the people of the State.

8           (2) The forest products industry, including maple sugar production:

9                   (A) is a major contributor to and is valuable to the State's economy  
10 by providing jobs to its citizens;

11                   (B) is essential to the manufacture of forest products that are used  
12 and enjoyed by the people of the State; and

13                   (C) benefits the general welfare of the people of the State.

14           (3) Private and public forestlands are critical for and contribute  
15 significantly to the State's outdoor recreation and tourism economies.

16           (4) Forestry operations are adversely affected by the encroachment of  
17 urban, commercial, and residential land uses throughout the State that result in  
18 forest fragmentation and conversion and erode the health and sustainability of  
19 remaining forests.

20           (5) As a result of encroachment on forests, conflicts have arisen between  
21 traditional forestry land uses and urban, commercial, and residential land uses

Yellow highlighting = Changes from Dr. 1.1

1 that threaten to convert forestland permanently to other uses, resulting in an  
2 adverse impact to the economy and natural environment of the State.

3 (6) The encouragement, development, improvement, and preservation of  
4 forestry operations will result in a general benefit to the health and welfare of  
5 the people of the State and the State's economy.

6 (7) The forest products industry, in order to survive, likely will need to  
7 change, adopt new technologies, and diversify into new products.

8 (8) Forestry operations, including logging, transportation, and  
9 processing of on-site-derived forest products, may be subject to lawsuits based  
10 on the theory of nuisance. Nuisance suits could encourage and result in the  
11 conversion of forestland and loss of the forest products industry.

12 (9) It is in the public interest of the people of the State to ensure that  
13 forestry operations that are conducted in accordance with the following are  
14 protected and encouraged and are not subject to public and private nuisance  
15 actions arising out of conflicts between forestry operations and urban,  
16 commercial, and residential uses:

17 (A) the Acceptable Management Practices for Protecting Water  
18 Quality on Logging Jobs in Vermont, as adopted by the Commissioner of  
19 Forests, Parks and Recreation;

20 (B) accepted silvicultural practices as defined by the Commissioner  
21 of Forests, Parks and Recreation; and

Yellow highlighting = Changes from Dr. 1.1

1           (C) the requirements of this subchapter.

2           Sec. 2. 10 V.S.A. § 2601 is amended to read:

3           § 2601. POLICY AND PURPOSES

4           (a) The conservation of the forests, timberlands, woodlands, and soil and  
5           recreational resources of the ~~state~~ State are hereby declared to be in the public  
6           interest. It is the policy of the ~~state~~ State to encourage economic management  
7           of its forests and woodlands, sustain long-term forest health, integrity, and  
8           productivity, to maintain, conserve and improve its soil resources and to  
9           control forest pests to the end that forest benefits, including maple sugar  
10          production, are preserved for its people, floods and soil erosion are alleviated,  
11          hazards of forest fires are lessened, its natural beauty is preserved, its wildlife  
12          is protected, the development of its recreational interests is encouraged, the  
13          fertility and productivity of its soil are maintained, the impairment of its dams  
14          and reservoirs is prevented, its tax base is protected, and the health, safety, and  
15          general welfare of its people are sustained and promoted.

16          (b) The ~~department~~ Department shall implement the policies of this chapter  
17          by assisting ~~forest land~~ forestland owners and lumber operators in the cutting  
18          and marketing of forest growth, encouraging cooperation between forest  
19          owners, lumber operators, and the ~~state~~ State of Vermont in the practice of  
20          conservation and management of ~~forest lands~~ forestlands, managing,  
21          promoting, and protecting the multiple use of publicly owned forest and park

1 lands; planning, constructing, developing, operating, and maintaining the  
2 system of ~~state~~ State parks; determining the necessity of repairs and  
3 replacements to all ~~department-owned~~ Department-owned buildings and  
4 causing urgent repairs and replacements to be accomplished, with the approval  
5 of the ~~secretary of administration~~ Secretary of Administration, if within the  
6 limits of specific appropriations or if approved by the ~~emergency board~~  
7 Emergency Board; and providing advice and assistance to municipalities, other  
8 political subdivisions, ~~state~~ State departments and nongovernmental  
9 organizations in the development of wholesome and adequate community or  
10 institutional recreation programs.

11 (c) The Commissioner shall implement the policy established under this  
12 section when constructing the provisions of this chapter related to the  
13 management of forestlands and the construction of chapters 85 and 87 of  
14 this title.

15 Sec. 3. 10 V.S.A. § 2602 is amended to read:

12 Sec. 5. 10 V.S.A. §§ 2613 and 2614 are added to read:

13 § 2613. HARVEST NOTIFICATION

14 (a) Notification required. Except as provided in subsection (b) of this  
15 section, within seven days of commencing a timber harvest on a property, the  
16 landowner of the property where timber is or will be harvested shall notify the  
17 Commissioner of the harvest. The Commissioner shall allow for a harvest  
18 notification by electronic means, telephone, or paper submission.

19 (b) Exemptions. A timber harvest in the amount of less than 40 cords of  
20 firewood or less than 20,000 board feet in a calendar year shall be exempt from  
21 the harvest notification requirement. The Commissioner, in his or her sole

Yellow highlighting = Changes from Dr. 1.1

1 discretion, may upon request of the landowner, exempt a timber harvest from  
2 the requirement of this section when the harvested forest products are being  
3 used in support of agricultural or forestry purposes.

4 (c) Harvest notification. The harvest notification shall contain, at a  
5 minimum, the following information:

6 (1) the landowner's name; mailing address; physical address of  
7 residence; e-mail address, if any; and telephone number;

8 (2) the name of the logger or contractor conducting the harvest and his  
9 or her mailing address; address of the principal place of business or residence;  
10 e-mail address, if any; and telephone number.

11 (3) the name of the landowner's agent or consulting forester, if any, and  
12 his or her mailing address; address of the principal place of business or  
13 residence; e-mail address, if any; and telephone number;

14 (4) the location of the timber harvest, including the town and the nearest  
15 public town highway used to access the timber harvest;

16 (5) the school property account number (SPAN) of the parcel where the  
17 timber harvest will occur;

18 (6) the date the timber harvest commenced or will commence and the  
19 estimated date the harvest will be completed;

20 (7) the estimate of the acreage of the timber harvest area; and

Yellow highlighting = Changes from Dr. 1.1

1           (8) whether the parcel where the timber harvest will occur is enrolled in  
2           the use value appraisal program.

3           (d) Harvest number. Upon receipt of a complete harvest notification, the  
4           Commissioner shall assign a unique harvest number to the timber harvest.

5           (e) Duration. The harvest number issued by the Commissioner shall be for  
6           a term not to exceed three years. The Commissioner may extend the three-year  
7           term if the landowner files a new harvest notification for the timber harvest.

8           (f) Posting. The harvest number for timber harvest shall be posted in the  
9           format or manner as required by the Commissioner at a location at the log  
10           landing that is clearly visible and legible for the duration of the forestry  
11           operation.

12           (g) Rulemaking. The Commissioner may adopt rules to implement the  
13           requirements of this section.

14           § 2614. TRANSPORTATION OF TREES, LOGS, CHIPS, FIREWOOD, OR  
15           PULPWOOD; TRIP TICKETS

16           (a) Trip ticket required. Except as provided in subsection (b) of this  
17           section, every load of forest products that is transported from the location of a  
18           timber harvest to the location of first measurement shall be accompanied by a  
19           trip ticket containing at a minimum the following information:

Yellow highlighting = Changes from Dr. 1.1

1           (1) The name, signature, legal mailing address, address of the principal  
2           place of business or residence, e-mail address, and telephone number of the  
3           person transporting the forest products.

4           (2) The date the forest products are transported.

5           (3) The harvest notification number issued by the Commissioner under  
6           section 2613 of this title for the timber harvest.

7           (4) The destination where the forest products will be transported to and  
8           the expected date of delivery.

9           (5) The name of the purchaser of the forest products.

10          (6) An estimate of the volume of the forest products on the load to be  
11          transported in thousand board feet, cords, or tons.

12          (7) The load number for the harvest. Each load of forest products  
13          transported from the timber harvest shall be assigned a distinct load number by  
14          the transporter that is associated with that timber harvest.

15          (b) Exemption. The transportation of cut, split firewood that is exempt  
16          from the harvest notification requirements under section 2613 of this title is  
17          exempt from the requirements of this section.

18          (c) Trip ticket part of record. A mill, facility, or other person accepting a  
19          load of forest products from a timber harvest shall require a trip ticket prior to  
20          first measurement. The person transporting the forest products shall provide a  
21          copy of the trip ticket to the mill, facility, or other person accepting delivery.

Yellow highlighting = Changes from Dr. 1.1

1 The mill, facility, or other person accepting delivery shall maintain a copy of  
2 the trip ticket for a period of at least six years from the date of delivery and  
3 shall provide a copy of the trip ticket to the landowner and to the  
4 Commissioner in a manner as prescribed by the Commissioner. The mill,  
5 facility, or other person accepting delivery shall maintain all mill slips, scale  
6 slips, or other records related to the delivery for a period of at least six years  
7 from the date of delivery and shall provide copies upon request to the  
8 landowner or landowner’s agent where the forest products were harvested.

9 (d) Transportation after first measurement; bill of sale trip ticket. Every  
10 load of forest products that is transported after the first measurement shall be  
11 accompanied by a bill of sale trip ticket that shall be provided by the mill,  
12 facility, or other person selling the forest products. The mill or facility shall  
13 provide a copy of the bill of sale to the landowner and to the Commissioner in  
14 a manner prescribed by the Commissioner. The bill of sale shall contain the  
15 following information:

16 (1) the name, mailing address, address of the principal place of business  
17 or residence, and telephone number of the mill owner, facility, or person  
18 selling the forest products and the name, mailing address, and telephone  
19 number of the buyer;

20 (2) a load number assigned by and unique to the mill owner, facility, or  
21 person selling the forest products;

**Yellow highlighting = Changes from Dr. 1.1**

1           (3) an estimate of the volume of the forest products in thousand board  
2 feet, cords, or tons;

3           (4) the destination of the load;

4           (5) the date of the transportation; and

5           (6) the expected date of delivery.

6           (e) Rulemaking. The Commissioner may adopt rules to implement the  
7 provisions of this section.

8           (f) Enforcement; violations.

9           (1) Unless exempt under subsection (b) of this section, a person  
10 transporting forest products or any person, entity, mill, or facility accepting  
11 delivery of forest products shall present the trip ticket or bill of sale trip ticket  
12 to a law enforcement officer or any employee of the State authorized to enforce  
13 this section.

14           (2) It shall be a violation of this section to misrepresent or falsify any  
15 information on a trip ticket.

16           (3) Information related to a violation of this section may be used as  
17 evidence in a civil action under 13 V.S.A. § 3606.

18       Sec. 6. 10 V.S.A. § 8003 is amended to read:

19       § 8003. APPLICABILITY

20           (a) The Secretary may take action under this chapter to enforce the  
21 following statutes and rules, permits, assurances, or orders implementing the
