

FairPoint in Vermont

Making Meaningful Connections

We continue to make serious investments in Vermont — employing a skilled local workforce; contributing to local organizations through donations, leadership & volunteerism; improving our network; and expanding broadband access & bandwidth throughout our territory.

We have **315** employees who live or work in all **14** counties statewide

We made more than **\$173,000** in direct community and civic contributions to more than **50** organizations in 2015

We support innovation through **VCET@BTV** and **HackVT**

Since 2008, we've built more than **1200** miles of new fiber

We have invested more than **\$100 million** to expand and improve our Vermont network

We have connected fiber to **251** Vermont cell towers since 2008

We built **on-time** and **on-budget** Vermont's leading edge **NG-911** system
