

## **AT&T/New Wireless Telecommunications Sites**

Prepared by Charles Storrow, KSE Partners, LLP

(02/11/15)

### **8 Sites Activated in 2013:**

Bethel, Brownington, Norwich, Putney, Rockingham, Westminster, Weston and Winhall

### **8 Sites Activated 2014:**

Brookfield, Dover, Hartford (WRJ), Richmond, St. Johnsbury, Warren, Weathersfield, and Windsor

In addition, in 2014 two "COWS" ("Cell on Wheels"), i.e., temporary installations (but having Ethernet back haul) were activated in Rockingham/Bellows Falls and North Brattleboro to compensate for the cessation of roaming service provided by VZ from sites in New Hampshire.

### **2015:**

The construction of six new sites is funded in 2015.

### **2016:**

Up to 20 new sites MAY be constructed in 2016.
