MARIJUANA YOUTH EDUCATION AND PREVENTION PROGRAM

S.241 Sec. 2 as passed by House Judiciary

MARIJUANA YOUTH EDUCATION AND PREVENTION PROGRAM

Programming	Description (Full Implementation)	Ongoing Funding Level	SFY 2017 Activities
Counter Marketing Campaigns	Information and counter marketing campaigns on the health effects of marijuana use 1. Mass media campaign on health effects; 2. Targeted social marketing - youth; 3. Targeted social marketing - parents.	\$ 150,000	Research, development and focus groups for one mass media campaign on health effects
School Based Substance Abuse Services(SBSAS)	SBSAS grants to Supervisory Unions to enhance school-based substance abuse prevention and early intervention services. Goal is to optimize coordination of school-based strategies and increase evidence-based (EB) practices and programs.	\$ 160,000	This would allow us to work with all 24 SU's that applied for school grants for next 3 years
SBIRT Practice Model for Professionals	Training, technical assistance and coaching for pediatric practice staff, school-based clinicians and other qualified school staff.	\$ 40,000	
	Totals	\$ 350,000
