

The Veterans' Place

CENTRAL VERMONT

The Veterans' Place is a non-profit organization dedicated to reducing our homeless veterans population in Vermont—one veteran at a time.

ABOUT US

The Veterans' Place is a two-year, transitional home and programs for displaced veterans. We are located in a house renovated to allow full handicapped accessibility and offer stable living conditions. Food, clothing, transportation, and personal hygiene products are provided for our residents. Our services include help with obtaining medical, legal, and dental assistance, as well as substance abuse and post-traumatic stress disorder counseling.

"The Vets' Place has given me a sense of accountability for my actions.... like thinking of others before myself. I already had a sense of accountability, but the Veterans' Place has helped me push myself and given me opportunities to work with other vets and help them improve themselves." - Resident
