

Hi Denise,

I've just seen the reporting on Mayor Weinberger's testimony on the Burlington Charter Changes, and wanted to point out that the Constitution hasn't changed since the charter changes were decided to be unconstitutional last year.

Also, while it's true other states have more gun restrictions than we do, they also have more crime. Vermont is the safest state in the union according to the FBI. Other states should be emulating us, we shouldn't be trying to copy them.

The charter changes are a solution in search of a problem, as they say, so I respectfully request you to vote NO on the Burlington Charter Changes.

Thank you,
Victoria Heisner
