Subject: PSAP Call Centers

Dear Representative Sweaney,

At the request of the legal voters of the Town of Glover, assembled in Town Meeting March 3, 2015, we write to ask you to seriously reconsider closing the Derby dispatch center and moving its operations to Williston as proposed.

We are concerned about the impact of such a move on the quality of dispatch operations in the Northeast Kingdom and we are also concerned about the loss of good jobs in this economically disadvantaged section of the state.

We urge you to seek other means of meeting your budget priorities. Please retain the Derby dispatch center which plays a vital part in Northeast Kingdom law enforcement and emergency services.

Sincerely,

Michael Ladd
Brian F. Carroll
Jack Sumberg

Town of Glover Selectboard
