Public Hearing on H.98, regarding vaccinations: Monday evening, May 11, 2015

Montpelier, Vermont

The House Health Care Committee will hold a public hearing on House bill H.98, An act relating to reportable disease registries and data, Monday evening, May 11. The hearing will be held at the State House in Montpelier, from 5:30 to 7:30 PM. The hearing will focus on Sections 3 and 4 of the bill as Passed by the Senate, regarding vaccinations and exemptions.

The hearing will be held in Room 11. Witnesses can start signing up to speak at 5:00 PM. Testimony will be limited to three minutes each. Depending on the number of citizens who wish to testify, the committee may use a random process for selection of witnesses to testify. The Committee will also accept written testimony.
