Hi Loring,

Yesterday in committee, there was interest in a more precise update on the status of corrected 1095-As.

- * Last week we mailed more than 900 corrected 1095-As.
- * We have approximately 500 cases in the queue to receive a corrected 1095-A.
- * We continue to receive new requests as the tax filing deadline approaches.
- * While the inflow/outflow shows that we have a manageable queue and are largely keeping up with the demand, it is important to note that the deadline is just two weeks away and corrections sometimes involve a few steps. For that reason, we are letting customers know that they may want to file an extension to be safe - as we mentioned in committee.

I'm happy to answer any other questions next Wednesday or before.

Thanks
Sean
