S.20

Representative Till of Jericho moves that the House propose to the Senate that the bill be amended in Sec. 2, 26 V.S.A. chapter 12, in § 612 (license by endorsement), by designating the existing provisions of § 612 to be subsection (a) and by inserting a subsection (b) to read:

(b) Notwithstanding the provisions of subdivision 611(a)(2) of this subchapter that require an applicant for dental therapist licensure by examination to be a Vermont licensed dental hygienist, an applicant for dental therapist licensure by endorsement under this section shall not be required to obtain Vermont dental hygienist licensure if the Board determines that the applicant otherwise meets the requirements for dental therapist licensure.
