Hi Nolan,

Please see below. The amount collect for CY 2014 is still lower than previous years, but DVHA has made several inquiries recently to see why Manufacturers that normally pay have not paid CY 14 fees. Most of the labelers contacted have indicated they submitted to their AP department for payment. Hopefully that figure will be in the 96% + collected prior to the CY 2015 billing in April.

Invoice period	CY 2011	CY 2012	CY 2013	CY 2014
Total Invoiced	\$ 711,391.16	\$ 718,795.16	\$ 746,391.62	\$ 879,760.56
Total Collected	\$ 684,585.73	\$ 705,332.22	\$ 721,779.93	\$ 772,058.42
% collected	96%	98%	97%	88%

Subject: RE: RX fee - priority

How much is the state owed in receivables from the companies that haven't paid?
