Former Rep. Wizowaty's priorities, for the Chair:

1. Raises amount triggering felony to 3,000.00 from 900.00; and 500 from 100 in embezzlement
2. Require Court to justify imposing restrictions on otherwise legal behavior when setting conditions of release; revocation to occur only upon commission of new crime.
3. Alternate, community based treatment or sanctions for non-violent offenders, setting Administrative Probation as the default, and if not Court would justify reasons.
4. Limit monetary bail to those who pose a flight risk
5. Establish a study committee to determine what constitutes personal use of drugs.

I hope this e-mail is not more confusing; I haven't attached which witness that will testify to each part, but I believe she has forwarded something like that to

you, already. She just thought having the Sections and Titles of V.S.A. set out might help.

Thanks, and appreciate your time!
