RE: Public Records Request

Dear Gabrielle:

Under the Vermont Public Records Law, §315 et seq., I am requesting copies of the following public records:

1. Vermont Judicial Bureau court calendars, specific to only those held in the Franklin County, between January 1, 2015 to the present, which show: (i) the dates scheduled in Franklin County; (ii) the presiding Hearing Officer(s); (iii) the cases scheduled/heard; and (iv) the times each case was scheduled/heard.

Under the Vermont Judiciary's own Rules for Public Access to Court Records, "all case and administrative records of the Judicial Branch shall be open to any member of the public for inspection or to obtain copies", see Rule 4. If there are any fees for searching or copying these records, please inform me if the cost will exceed \$20.00. However, it is my understanding that as the State's Attorney for Grand Isle County, there are no fees associated with this request.

The law requires a response to this request within three business days, or within ten days for "unusual circumstances". If you expect a significant delay in fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

With sincere regards,

Douglas E. DiSabito, Esq.
Grand Isle County State's Attorney
