

The state is having to come up with new taxes, cutting budgets, and laying workers off because we don't have the money to pay them. Taxes are already too high. We have a bad drug problem.

It is the height of irresponsibility to increase state expenses and remove resources from drug problems by passing S.141.

S.141 will also destroy Vermont's long-cherished dedication to privacy.

I could understand this measure if we had a gun problem. But we don't. Vermont is currently the safest state in the union. S.141 will not help.
