Subject: vote NO to marijuana

Hello,

I am one of your constituents living nearby.

I realize that you are fairly new to Vermont in the scheme of time and events.

I have lived in So. Burlington 35 years. There was a time, back in the 90ties, when we had an absolutely dreadful time with young teens using marijuana. It was running rampant thru the middle and high school. This has a dreadful affect on the brains of teens. Serious effect on memory, learning and judgement. I nearly lost my son falling off a cliff while stoned. He was with many of the teen aged friends also stoned at the time. I would not like to see marijuana made more readily available!!

Unconscionable way for the state to bring in money.

Feel free to contact or call me.
