9 pursuant to 3 V.S.A. § 2828 or shall hold an informational meeting that is open  
10 to the public. The rules shall ensure that:

11 (A) Written notice of an informational meeting under this section is  
12 sent to the owner of the land where the project is located if the applicant is not  
13 the owner; the municipality in which the project is located; the municipal and

12 decision on the application.

13 (2) In an individual case, the Secretary may determine to apply the  
14 procedures of section 7713 (Type 2) of this chapter to the issuance of a permit

19 (a) Notice through the environmental notice bulletin. When this chapter  
20 requires notice through the environmental notice bulletin:

21 (1) The bulletin shall generate and send an e-mail to notify:

- 1           (A) each person requiring notice under section 7712 of this chapter;  
2           (B) the applicant;  
3           (C) each person on an interested persons list;  
4           (D) each municipality in which the activity to be permitted is located,  
5 except for notice of a draft or final general permit; and  
6           (E) each other person to whom this chapter directs that a particular  
7 notice be provided through the bulletin.  
8           (2) At a minimum, each notice generated by the bulletin shall contain:  
9           (A) the name and contact information for the person at the Agency  
10 processing the permit;  
11           (B) the name and address of the permit applicant, if applicable;  
12           (C) the name and address of the facility or activity to be permitted,  
13 if applicable;  
14           (D) a brief description of the activity for which the permit would  
15 be issued;  
16           (E) the length of the period for submitting written comments and the  
17 process for submitting those comments, if applicable, **and notice of the**  
18 **requirements regarding submission** of comments during that period **or at a**  
19 **public meeting in order to appeal under chapter 220 of this title;**  
20           (F) the process for requesting a public meeting, if applicable;

1           (G) when a public meeting has been scheduled, the time, date, and  
2           location of the **meeting** and a brief description of the nature and purpose of  
3           the **meeting**;

4           (H) when issued, the draft permit or notice of intent to deny a permit,  
5           and the period and process for submitting written comments on that draft  
6           permit or notice;

7           (I) when issued, the final decision issuing or denying a permit, and  
8           the process for appealing the decision; and

9           (J) any other information that this chapter directs be included in a

11          (3) The environmental notice bulletin shall provide notice by mail as  
12          required by 3 V.S.A. § 2826.

16          form developed by the Secretary, at the time the application is submitted to the  
17          Secretary. The form shall state how the property owners can continue to  
18          receive notices and information concerning the project as it is reviewed by the  
19          Secretary. The applicant shall provide a signed certification to the Secretary  
20          that all adjoining property owners have been notified of the application.  
21          However, if the applicant has provided written notice to adjoining property

1 owners as part of the preapplication engagement process for complex projects  
2 under rules adopted in accordance with subsection 7703(a) of this title, then  
3 instead of the written notice required of the applicant by this subsection, the  
4 Department shall provide notice of the application through the environmental  
5 notice bulletin to those adjoining property owners who have requested notice.

6 (c) Comment period length. When this chapter requires the Secretary to  
7 provide a public comment period, the length of the period shall be at least  
8 30 days, unless this chapter applies a different period for submitting comments  
9 on the particular type of permit.

10 (d) Period to request a public meeting. When this chapter allows a person  
11 to request a public meeting on a draft decision, the person shall submit the  
12 request within 14 days of the date on which notice of the draft decision is  
13 posted to the environmental notice bulletin, unless this chapter specifies a  
14 different period for requesting a hearing on the particular type of permit.

15 (e) Public meeting; notice; additional comment period. When the Secretary  
16 holds a public meeting under this chapter:

17 (1) The Secretary shall:

18 (A) provide at least 14 days' prior notice of the public meeting  
19 through the environmental notice bulletin, unless this chapter specifies a  
20 different notice period for a public meeting on the particular type of permit;

1           (B) include in the notice, in addition to the information required by  
2           subsection (a) of this section, the date the Secretary gave notice of an  
3           administrative complete application, if applicable; and

4           (C) hold the period for written comments open for at least **seven** days  
5           after the meeting.

6           (2) The applicant or applicant’s representative and the Secretary or  
7           designee shall attend the meeting. The applicant shall cause to be present  
8           those professionals retained in the preparation of the application. At the  
9           meeting, the applicant and the Secretary each shall answer questions **relevant**  
10           **to the application or draft decision** to the best of their ability.

11           (f) Draft decisions. When this chapter requires the Secretary to post a draft  
12           decision or draft general permit to the environmental notice bulletin, the  
13           Secretary shall post to the bulletin the draft decision or draft general permit and  
14           all documents on which the Secretary relied in issuing the draft. **This post**  
15           **shall include instructions on how to inspect and how to request a copy of**  
16           **each other document that is part of the administrative record of the draft**  
17           **decision or permit.**

18           (g) Response to comments. When this chapter requires the Secretary to  
19           provide a response to comments, the Secretary shall provide a response to each  
20           comment received during the comment period and the basis for the response.  
21           The Secretary also shall specify each provision of the draft decision that has

1 been changed in the final decision and the reasons for each change. The  
2 Secretary shall post the response to comments to the environmental notice  
3 bulletin and send it to all commenters.

4 (h) Final decisions; content; notice.

5 (1) The Secretary's final decision on an application for a permit or on  
6 the issuance of a general permit shall include a concise statement of the facts  
7 and analysis supporting the decision that is sufficient to apprise the reader of  
8 the decision's factual and legal basis. The final decision also shall provide  
9 notice that it may be appealed and state the period for filing an appeal and how  
10 and where to file an appeal.

11 (2) When this chapter requires that the Secretary to post a final decision  
12 to the environmental notice bulletin, the Secretary also shall send a copy of the  
13 final decision to all commenters.

19 Air Act and Clean Water Act.

20 (2) This section governs each application for a permit to be issued by the  
21 Secretary pursuant to the requirements of the Clean Air Act and Clean Water

2 the subsection does not apply to a notice of intent under a general permit. The  
3 procedures under this section shall be known as Type 1 Procedures.

4 (b) Notice of application.

5 (1) The applicant shall provide notice to adjoining property owners.

6 (2) At least 15 days prior to posting a draft decision, the Secretary shall

9 notice of such an application to each person to whom notice is federally  
10 required.

11 (3) This subsection (b) shall not apply to a general permit issued under  
12 this section.

13 (c) Notice of draft decision or draft general permit. The Secretary shall  
14 provide notice of a draft decision or draft general permit through the  
15 environmental notice bulletin and shall post the draft decision or permit to the

17 (1) The Secretary shall post a fact sheet to the bulletin.

18 (2) The environmental notice bulletin shall send notice of the draft to  
19 each person to whom notice is federally required.

20 (3) The Secretary shall provide newspaper notice of the draft decision as  
21 required by this subdivision (3).

1           (A) If the draft decision pertains to an application for an individual  
2           permit, the Secretary shall provide notice in a daily or weekly newspaper in the  
3           area of the proposed project if the project is classified as major pursuant to the  
4           Clean Water Act or chapter 47 of this title or if required by federal statute or  
5           regulation.

6           (B) If the draft decision is a draft general permit, the Secretary shall  
7           provide notice in daily or weekly newspapers in each region of the State to  
8           which the draft general permit will apply.

9           (C) In addition to the requirements of this chapter and 3 V.S.A.

21          through the environmental notice bulletin. If the notice of the public meeting

1 is not issued at the same time as the draft decision or draft general permit, the  
2 Secretary also shall provide notice of the public meeting in the same manner as  
3 required for the draft decision or permit under subsection (c) of this section.

4 (f) Notice of final decision or final general permit. The Secretary shall

8 the Secretary shall provide a response to comments.

9 (g) Compliance with Clean Air and Water Acts. With respect to a issuance  
10 of a permit under the Clean Air Act or Clean Water Act, if a requirement under  
11 those acts directs the Secretary to provide the public with greater notice,  
12 opportunity to participate, or access to information than the corresponding  
13 requirement of this chapter, the Secretary shall comply with the federal  
14 requirement.
