Vermont's Independent Telephone Companies provide telecommunication services to over 100,000 Vermonters. We have been continuously serving many of these communities for more than 100 years.

We are dedicated to ensuring that all Vermonters receive world class telecommunication services at reasonable and affordable rates.

We are at the forefront of building advanced broadband networks, providing customers with digital services, fiber optics and ever-increasing high-speed connections to the world.

We are key employers, with over 180 direct jobs.

We take an active role in the social and economic development in the communities we serve.
