This increase will allow DPS to cover all of its direct and indirect costs related to this program, and should offset program cost increases for the next three years.	DPS would also like to propose legislation to include a checkbox on the State's quarterly tax reporting forms that would state whether the organization stores or uses hazardous chemicals in their processes. This would make whould state whether the organization stores or uses hazardous chemicals in their processes. This would make the State's requirements more visible and would hopefully help to ensure that the Hazardous Materials program can more easily identify areas of risk to public safety.
