S.230: Energy Development Improvement Act Comparison, Reports of Senate Committees on Natural Resources and Energy and on Finance Office of Legislative Council March 23, 2016

§	SENATE NATURAL RESOURCES AND ENERGY	SENATE FINANCE
	Designation	
1	Designates the act as the Energy Development Improvement Act	No change
	Integration of Energy and Land Use	Planning
2	24 V.S.A. § 4302. Purpose; goals	No change
	 Amends the goals of 24 V.S.A. chapter 117 (municipal and regional planning and development) to: Incorporate the existing statutes on greenhouse gas reduction goals, building efficiency goals, renewable energy goals, state energy policy, and the distributed renewable generation and energy transformation categories of the Renewable Energy Standard Require consistency with State energy plans 	
3	24 V.S.A. § 4345. Optional powers and duties of regional planning commissions	No change
	Strikes optional powers related to making studies and recommendations on energy conservation and development of renewable energy resources These optional powers are moved to Sec. 4 as mandatory duties	
4	24 V.S.A. § 4345a. Duties of regional planning commissions	First amendment:
	• Clarifies that regional planning commissions (RPC) have the right to appear and participate in proceedings before the Public Service Board (PSB or Board) under 30 V.S.A. § 248	Revises language proposed by NR&E to clarify that regional commissions have the right to appear and participate, and the duty to do so when requested by

§	SENATE NATURAL RESOURCES AND ENERGY	SENATE FINANCE
	• Inserts, as mandatory duties, the optional powers deleted in Sec. 3	the Board
5	Clarification of existing law (session law)	Second amendment:
	States that the revision in Sec. 4 on participation of RPCs is a clarification of existing law	Deletes Sec. 5
6	24 V.S.A. § 4348a. Elements of a regional plan	No change
	Amends the energy plan element to enable a comprehensive analysis across all energy sectors, a statement of policy on conservation and efficiency use of energy and the development and siting of distributed and utility-scale renewable energy resources, and a statement of policy on and identification of potential areas for renewable energy resources and areas inappropriate for siting those resources or categories or sizes of those resources	
7	24 V.S.A. § 4352. Certification of energy compliance	Third amendment:
	 Adds a statute under which regional and municipal plans may obtain a certification of energy compliance Regional plan is certified by the Commissioner of Public Service on finding that the regional plan meets the statutes, goals, and policies in Sec. 2 If a regional plan is certified, then municipal plan is certified by RPC on finding that the municipal plan meets those statutes, goals, and policies and the implementing provisions of the regional plan In certifying a plan, the Commissioner or RPC must use standards to be developed by the Commissioner under Secs. 9 and 10 Sets out procedures for approving or denying certifications 	Technical correction

§	SENATE NATURAL RESOURCES AND ENERGY	SENATE FINANCE
8	24 V.S.A. § 4382. The plan for a municipality	No change
	Requires the municipal plan to be consistent with the goals of 24 V.S.A. § 4302, which is amended in Sec. 2	
	Amends the energy plan provision to enable a comprehensive analysis across all energy sectors, a statement of policy on conservation and efficiency use of energy and the development and siting of distributed and utility-scale renewable energy resources, and a statement of policy on and identification of potential areas for renewable energy resources and areas inappropriate for siting those resources or categories or sizes of those resources	
9	30 V.S.A. § 202. Electrical energy planning	Fourth amendment:
	Requires the 20-year electric plan by the Dept. of Public Service (DPS) to: • Include specific recommendations on energy efficiency and renewable generation siting to guide municipal and regional planning commissions in preparing land use plans • Include standards for use in determining whether to certify land use plans under Sec. 7 • Take into the account the planning goals at 24 V.S.A. § 4302 In developing the plan, DPS to consult with municipal and regional planning commissions	Adds requirement for DPS to provide municipalities and regions with information on the location and capacity of grid infrastructure
10	30 V.S.A. § 202b. State comprehensive energy plan	No change
	Requires the Comprehensive Energy Plan issued by DPS to: • Include specific recommendations on energy efficiency and renewable generation siting to guide municipal and regional planning commissions in preparing land use plans	

§	SENATE NATURAL RESOURCES AND ENERGY	SENATE FINANCE
	 Include standards for use in determining whether to certify land use plans under Sec. 7 Be consistent with the municipal and regional planning goals at 24 V.S.A. § 4302 	
11	Initial implementation, certification standards (session law)	Fifth amendment:
	Directs DPS to adopt the recommendations and standards called for in Secs. 9 and 10 by 10/1/16, after a public process; on adoption, considered an appendix to the currently adopted plans	Technical correction
11a	n.a. (added by Finance)	Sixth amendment: Training (session law)
		Requires DPS, in collaboration with the Vermont League of Cities and Towns and Vermont Association of Planning and Development Agencies, to conduct a series of training sessions across the state for municipal and regional planning commissions
11b	n.a. (added by Finance)	Seventh amendment: Planning Support; Allocation of Costs (session law)
		Requires DPS to disburse, for each of three fiscal years, \$300,000.00 to regional planning commissions and municipalities to support implementation of this act; DPS to allocate costs to electric utilities
12	30 V.S.A. § 248(b). Criteria	Eighth amendment:
	Would amend criteria used by the PSB under 30 V.S.A. § 248 to require,	Adds amendment to the Section 248 criteria to

§	SENATE NATURAL RESOURCES AND ENERGY	SENATE FINANCE
	for electric generation, giving substantial deference to municipal and regional plan provisions if the plan has received a certificate of energy compliance under Sec. 7	require the PSB to give due consideration to the Act 250 criteria related to primary agricultural soils and productive forest soils and to impacts on forest health and integrity
	Regulatory and Financial Incentives; Pre	eferred Locations
13	30 V.S.A. § 8002(30). Definition, "preferred locations"	No change
	 This section would add a definition of the term "preferred locations" to the renewable energy chapter, to include: new or existing structures, such as a commercial building or parking lot previously developed tracts on which a structure or impervious surface exists brownfields landfills disturbed portion of gravel pit or quarry or similar extraction site specific location designated in a municipal plan for net metering systems, additional locations as the PSB may adopt by rule 	
14	30 V.S.A. § 8004(g). Renewable energy standard; preferred locations	Ninth amendment:
	With respect to in-state facilities to be used to meet the Renewable Energy Standard (RES), directs the PSB to use its statutory authority over the RES to promote siting such facilities in preferred locations	Deletes Sec. 14
15	30 V.S.A. § 8005a. Standard offer program	Tenth amendment:
	Creates a pilot project within the Standard Offer Program to encourage siting renewable generation facilities in preferred locations, allocating the pilot project to sets of facilities:	Requires that, for a facility in the pilot project that is to be located on a parking lot or parking lot canopy, the site must remain in use as a parking lot

§	SENATE NATURAL RESOURCES AND ENERGY	SENATE FINANCE
	 Facilities to be located on a preferred location other than a parking lot or parking lot canopy Facilities to be located on a parking lot or parking lot canopy 	Eleventh amendment: If there is only one bid for the parking lot allocation, or if all bids are owned or controlled by the same person, the PSB must investigate and may reduce the price to be paid
16	Standard offer pilot; report (session law) By 1/15/18, PSB to report to standing committees on the progress of the standard offer pilot authorized by Sec. 15	No change
17	 Directs the PSB to promote the siting of net metering systems in preferred locations With respect to Section 248 applications for net metering systems exceeding 15 kW in capacity, directs the PSB not to waive: Notice to AAFM, ANR, DPS, DHP, the municipal legislative body; and the municipal and regional planning commissions Requirements in Secs. 20–22 on information to be included in the application, preapplication submittals to local and regional bodies, and permit conditions regarding aesthetic mitigation and, for systems greater than 150 kW, decommissioning 	No change
	Regulatory Process; Public Assistance	ce Officer
18	30 V.S.A. § 3. Public Service Board Establishes a Public Assistance Officer (PAO) at the PSB to provide information and assistance to the public about siting cases	No change

§	SENATE NATURAL RESOURCES AND ENERGY	SENATE FINANCE	
19	Appropriation (session law)	No change	
	For FY 17, authorizes \$100,000 for the PAO from the special fund that supports the PSB and DPS		
20	30 V.S.A. § 248(a)(4). Hearings; notice; parties	Twelfth amendment:	
	 Amends the subdivision of Section 248 that addresses notice, hearings, and parties to the PSB energy siting process to: Grant the Agency of Agriculture, Food and Markets (AAFM) the right to appear and participate Clarify that RPCs have the right to appear and participate Grant adjacent RPCs and municipalities the right to participate if the facility will be within 500 feet of their border Allows a person who has the right to appear and participate to activate that right by filing a letter For generation facilities greater than 15 kW, requires that the application include certain information, including the full limits of physical disturbance, the presence and disturbance of primary agricultural soils, and all visible infrastructure 	Revises language proposed by NR&E to require AAFM to participate if the proceeding concerns an electric generation facility greater than 150 kW to be located on a tract with primary agricultural soils; otherwise, AAFM has the right to appear and participate	
21	30 V.S.A. § 248(f). 45-day preapplication submittal	No change	
	Requires that the petitioner's application address comments made during the 45-day preapplication process		
	CPG Conditions: Aesthetics Mitigation and Decommissioning		
22	30 V.S.A. § 248(t) and (u). Conditions on aesthetics mitigation and decommissioning	Thirteenth amendment (first part):	
	Requires that a certificate of public good (CPG) for an in-state facility under Section 248 include:	Revises language proposed by NR&E to require PSB to address the following through rulemaking: • ensuring that aesthetic mitigation is	

§	SENATE NATURAL RESOURCES AND ENERGY	SENATE FINANCE
	 Conditions to ensure that all aesthetic mitigation is undertaken and maintained For in-state generation greater than 150 kW, requirements to decommission or dismantle the facility at the end of its useful life and post a bond or other security 	undertaken and maintained decommissioning plans for in-state generation greater than 150 kW, and the determination of the minimum size facility for which there must be financial assurance for decommissioning
22a	n.a. (added by Finance)	Thirteenth amendment (second part): Rules; Petition (session law) DPS to file petition for rulemaking to implement Sec. 22 by 8/1/16, and PSB to finally adopt these rules by 6/15/17
	Greenhouse Gases; Life Cycle A	Analysis
23	30 V.S.A. § 248(v). Greenhouse gas impacts; life cycle analysis	Fourteenth amendment:
	Requires that a petition for a CPG under Section 248 include a life cycle analysis of greenhouse gas impacts that the PSB shall consider in making findings. Would not apply to net metering systems.	Technical correction; reletters subsection as (u)
23a	n.a. (added by Finance)	Fifteenth amendment:
		30 V.S.A. 248(v). Primary agricultural soils; solar If a solar generation facility is built on primary agricultural soils, requires soils to remain classified as primary agricultural, with review of any change of use to be as if facility was never built

§	SENATE NATURAL RESOURCES AND ENERGY	SENATE FINANCE
23b	n.a. (added by Finance)	Sixteenth amendment (first part):
		30 V.S.A. § 248(w). Wind generation; lighting
		Requires wind generation for which the Federal Aviation Administration (FAA) requires obstruction lighting to use radar-controlled lighting if allowed by the FAA
23c	n.a. (added by Finance)	Sixteenth amendment (second part): Existing wind facilities; radar-controlled lighting (session law)
		Requires DPS to work with the owner and operator of each existing in-state wind generation facility to encourage the installation of radar-controlled obstruction lights
23d	n.a. (added by Finance)	Seventeenth amendment:
		30 V.S.A. § 248(x). Certificates; recording
		For in-state electric generation facility, certificate holder to record notice of the certificate of public good on the land records, using a one-page form prescribed by the PSB
	Sounds Standards Docket; Energy I	Facilities
24	Sound standards docket; completion date	No change
	Directs the PSB to issue a final order by September 1, 2016 in its pending, non-contested case proceeding on the potential establishment of sound standards for energy facilities.	

§	SENATE NATURAL RESOURCES AND ENERGY	SENATE FINANCE	
	Agency of Agriculture, Food and Markets; Fees; Billback		
25	30 V.S.A. § 248c. Fees; Agency of Agriculture Food and Markets; participation in energy siting proceedings Establishes a fee to support the participation of AAFM in PSB energy siting procedings • Fee applies if project tract contains primary agricultural soils • Amount is 10 percent of the fee under 30 V.S.A. § 248b, which supports participation by the Agency of Natural Resources in those proceedings	Eighteenth amendment (first part): Strikes Sec. 25	
26	30 V.S.A. § 20. Particular proceedings; personnel Authorizes AAFM to retain additional experts, legal counsel, and other personnel to assist its participation in Section 248 proceedings 30 V.S.A. § 21. Particular proceedings; assessment of costs Authorizes AAFM to allocate the costs of these additional personnel in a Section 248 to the applicant, with an annual report to standing committees on the total amount allocated	Eighteenth amendment (second part): Renumbers to Sec. 25.	
	Regulated Energy Utility Expansion	n Funds	
26	(new Sec. 26 added by Finance)	Nineteenth amendment: 30 V.S.A. § 218d(d). Alternative regulation Limits the authority of the PSB to allow ratepayer funds to be set aside for a future expansion or upgrade of the transmission or distribution network of an electric or natural gas utility.	

§	SENATE NATURAL RESOURCES AND ENERGY	SENATE FINANCE
	Municipal Electric Utilities; Hydro Facilities; Rene	ewable Energy Standard
26a	n.a. (added by Finance)	Twentieth amendment: 30 V.S.A. § 8005(a)(1). Total renewable energy Allows a municipal electric utility to petition for reduction in the "total renewable energy" requirement of the Renewable Energy Standard for one period of up to three years if an environmental permit or certification requires reduction in the electric energy generated by a hydroelectric facility owned by the utility
26b	n.a. (added by Finance)	Twenty-first amendment: Access to Public Service Board Working Group; report Creates a working group to report by Dec. 15, 2016 on recommendations to increase the ease of citizen participation in PSB proceedings.
	Effective Dates	
27	The act takes effect on July 1, 2016, except that the effective dates section and Sec. 11 (initial implementation; certification standards) take effect on passage and Sec. 17 (net metering systems) takes effect in January 2017	 Twenty-second amendment: Adds the following: Secs. 22a (rules; petition), 23b (wind generation; obstruction lighting), 23c (existing facilities; obstruction lighting), and 26b (Access to Public Service Board Working Group) take effect on passage. Delays the effective date of a requirement, in Sec. 18, to post PSB documents online until July 1, 2017
