9 U.S. Department of Agriculture; and

10 (B) are consistent with a “nutrient management plan” prepared by the
11 Vermont field office of the NRCS, or with an animal waste management plan
12 based on standards equivalent to those of the NRCS; or

13 (2) for farmers who decline to seek or accept federal financial assistance
14 for this purpose, the improvements:

15 (A) are determined by the ~~secretary~~ Secretary to be equivalent to
16 those eligible for federal assistance through programs of the U.S. Department
17 of Agriculture; and

18 (B) are consistent with an animal waste management plan based on
19 standards determined by the ~~secretary~~ Secretary to be equivalent to those of
20 the NRCS; and

1 (3) improvements will be constructed on a farm that is in good standing
2 with the Secretary at the time of the award on all grant agreements, contract

10 approved or awarded. An applicant for a State grant shall pay at least
11 10 percent of the total eligible project cost. The dollar amount of a State grant
12 shall be equal to the total eligible project cost, less 10 percent of the total as

5 the Secretary of Agriculture, Food and Markets for cost assistance. Using ~~state~~
6 State or federal funds, or both, a State assistance grant shall be awarded,
7 subject to the availability of funds, to applicants. Such grants shall not exceed
8 90 percent of the cost of an adequately sized and designed waste storage

16 (b) If the Secretary lacks adequate funds necessary for the cost assistance
17 awards required by subsection (a) of this section, the Secretary shall appear
18 before the Emergency Board, as soon as possible, and shall request that
19 necessary funds be provided. If the Emergency Board fails to provide
20 adequate funds, the design and construction requirements for waste storage

5 owner or operator of a farm permitted under section 4858 or 4851 of this title
6 from the remaining requirements of the owner's or operator's permit, including
7 discharge standards, groundwater protection, nutrient management planning,
8 and land application of manure. This subsection does not apply to farms

14 Agriculture Natural Resources Conservation Service requirements for
15 inspection of a waste storage facility. Such grants shall not exceed 90 percent
16 of the cost of the inspection of the waste storage facility. Application for a
17 State assistance grant shall be made in the manner prescribed by the Secretary.

18 Sec. 7. 6 V.S.A. § 4827(e) and (f) are amended to read:

19 (e) If the Secretary or the applicable U.S. Department of Agriculture

21 assistance required by subsection (a) of this section, the requirement to develop

1 and implement a nutrient management plan under State statute or State
2 regulation shall be suspended until adequate funding becomes available.
3 Suspension of a State-required nutrient management plan does not relieve an
4 owner or operator of a farm permitted under section 4858 or 4851 of this title
5 of the remaining requirements of a State permit, including discharge standards,
6 groundwater protection, and land application of manure. This subsection does
7 not apply to farms permitted under 10 V.S.A. § 1263 ~~or farms permitted under~~
8 ~~section 4851 of this title.~~

9 (f) The Secretary may ~~contract~~ enter into grants with natural resources
10 conservation districts, the University of Vermont Extension Service, and other
11 persons and organizations to aid in the implementation of the incentive grants
12 program under subsection (a) of this section and to assist farmers in the
13 development and implementation of nutrient management plans.

- 2 (5) zone or no-tillage;
- 3 (6) pre-sidedress nitrate tests;
- 4 (7) annual maintenance of a nutrient management plan that is no longer
5 receiving funding under a State or federal contract, provided the maximum
6 assistance provided to a farmer under this subdivision shall be \$2,000.00 per
7 year;
- 8 (8) educational and instructional activities to inform the farmers and
9 citizens of Vermont of:

8 Sec. 18. 6 V.S.A. § 2744a is amended to read:

9 § 2744a. DRUGS

10 (a) No producer shall sell or offer for sale milk which contains any drug or
11 drugs in excess of tolerances established by the United States Food and Drug
12 Administration in the Code of Federal Regulations.

13 ~~(1) In the event that milk from a dairy farm contains a drug, no more~~
14 ~~milk produced by that producer shall be received by any milk dealer or handler~~
15 ~~until a sample of at least one complete milking has been collected and found~~
16 ~~negative. In the event of a second violation within a 12-month period, no more~~
17 ~~milk produced by that producer shall be received by any milk dealer or handler~~
18 ~~for a period of up to two days and until a sample of at least one complete~~
19 ~~milking has been collected and found negative. In the event of a third violation~~
20 ~~within a 12-month period, the secretary shall, at a minimum, take the same~~
21 ~~action as required for a second violation and may prohibit the producer from~~

1 ~~selling milk in this state. No handler or dealer shall accept milk from a~~
2 ~~producer whose ability to sell milk is suspended or terminated.~~

3 ~~(2) In lieu of suspending a producer's ability to sell milk, the secretary~~
4 ~~may issue an administrative penalty. The amount of the penalty shall not~~
5 ~~exceed the value of the milk which could have been prohibited from sale. A~~
6 ~~producer who fails to pay an administrative penalty, after opportunity for~~
7 ~~hearing, shall have his or her ability to sell milk suspended until the penalty is~~
8 ~~paid. In lieu of suspending a producer's ability to sell milk, the secretary may~~
9 ~~accept the assessment by the milk dealer or handler, against the producer, of~~
10 ~~damages beyond the milk dealer's or handler's control that occurred as a result~~
11 ~~of purchasing the contaminated milk, as an equivalent penalty.~~

12 (1) In the event that milk from a dairy producer contains a drug residue:

13 (A) No more milk from that producer shall be received by any milk
14 dealer or handler until a sample of at least one complete milking has been
15 collected and found negative.

16 (B) If a second drug residue violation occurs within 12 months of the
17 first violation, no more milk from that producer shall be received by any milk
18 dealer or handler until a sample of at least one complete milking has been
19 collected and found negative. The producer shall have an administrative
20 penalty equal to the value of one day of milk production assessed.

1 (C) If a third drug residue violation occurs within 12 months of the
2 first violation, no more milk from that producer shall be received by any milk
3 dealer or handler until a sample of at least one complete milking has been
4 collected and found negative. The producer shall have an administrative
5 penalty equal to the value of two days of milk production assessed. A hearing
6 shall be warned to determine if the producer will be allowed to continue to
7 ship milk.

8 (2) No handler or dealer shall accept milk from:

9 (A) a producer after a drug residue violation has occurred until a
10 sample of at least one complete milking has been found negative; or

11 (B) a producer whose ability to sell milk is suspended or terminated.

12 (3) A producer who fails to pay an administrative penalty issued under
13 this section within 30 days of issuance of a citation for violation of this section
14 shall have his or her ability to sell milk suspended until the administrative
15 penalty is paid. In lieu of suspending a producer's ability to sell milk, the
16 Secretary may accept the assessment by the milk dealer against the producer.

17 ~~(3)~~(4) Notwithstanding the provisions of subsection (c) of this section,
18 the ~~secretary~~ Secretary may at any time issue an emergency order prohibiting a
19 producer from selling and a handler from accepting any milk until the milk
20 tests negative for drugs.

1 (b)(1) No producer shall sell ~~livestock~~ for slaughter ~~which contains~~
2 livestock with bodily tissue containing any drug or drugs in excess of
3 tolerances established by the ~~United States~~ U.S. Food and Drug Administration
4 in the Code of Federal Regulations.

5 (2) In the event that bodily tissue obtained from livestock intended for
6 slaughter is found to contain a drug or drugs in excess of levels established by
7 the ~~United States~~ U.S. Food and Drug Administration in the Code of Federal
8 Regulations at the time of sale, the ~~secretary~~ Secretary may assess an
9 administrative penalty not to exceed \$1,000.00 for each violation and may
10 require the farm to participate in a program approved by the Agency intended
11 to mitigate further selling of animals for food that contain violative drug
12 residues in their tissue.

13 (c) Before issuing an order or administrative penalty under this section, the
14 ~~secretary~~ Secretary shall provide the producer and the handler or dealer an
15 opportunity for hearing.

10 shall include specifications, tolerances, and other technical requirements for
11 weights and measures of the character of those specified in section 2635 of this
12 title, designed to eliminate from use, without prejudice to apparatus that
13 conforms as closely as practicable to the official standards, those (1) that are
14 not accurate, (2) that are of such construction that they are faulty—that is, that
15 are not reasonably permanent in their adjustment or will not repeat their
16 indications correctly—or (3) that facilitate the perpetration of fraud.

17 (b) The specifications, tolerances, and other technical requirements for
18 commercial, law enforcement, data gathering, and other weighing and
19 measuring devices, as adopted by the national conference on weights and
20 measures and published in National Institute of Standards and Technology
21 Handbook 44, “Specifications, Tolerances, and other Technical Requirements

1 for Weighing and Measuring Devices,” and supplements thereto, or revisions
2 thereof, shall apply to weighing and measuring devices in the State, except
3 insofar as modified or rejected by regulation.

4 (c) The uniform regulation for packaging and labeling, the uniform
5 regulation for unit pricing, and the uniform regulation for the method of sale of
6 commodities, except for bread, as adopted by the national conference on

* * * Motor Fuel Oil Prices; Agricultural Economy * * *

Sec. 28. MOTOR FUEL OIL PRICES; STUDY

(a) Findings. The General Assembly finds as follows:

(1) The price of motor fuel has a major effect on Vermonters and our economy as a whole, particularly the agricultural sector of our economy.

(2) In recent years, it has become apparent that, although fuel prices have decreased nationally and across Vermont, this cost reduction has not kept pace in the State's northwestern communities.

1 (3) Based on the most recent census data collected by the U.S.
2 Department of Agriculture, in the year 2012 there were 1,444 farms spanning
3 278,897 acres in Chittenden, Franklin, and Grand Isle Counties.

4 (4) Combined, the gasoline, fuel, and oil expenses for the farms in those
5 three counties were \$14.712 million.

6 (5) It is incumbent upon the proper authorities to ensure to the greatest
7 extent possible that farm production expenses reflect fair pricing so that the
8 many agricultural products placed into the greater stream of commerce are
9 competitively priced.

10 (b) Definitions. As used in this section:

11 (1) “Control” means the power, whether or not exercised, to establish,
12 fix, or direct the retail price of motor fuel sold by a dealer, through ownership
13 of stock or assets used by the dealer or through contract, agency, consignment,
14 or otherwise, whether that power can be exercised directly or indirectly or
15 through parent corporations, subsidiaries, related persons and entities, or
16 affiliates.

17 (2) “Dealer” means a person located in Vermont that sells motor fuel oil
18 to an end user at a service station, filling station, or otherwise.

19 (3) “Distributor” means a person that sells motor fuel oil to a dealer or
20 directly to an end user.

1 (4) “Motor fuel oil” means internal combustion fuel sold for use in a
2 motor vehicle, as that term is defined in 23 V.S.A. § 4(21), or in a farm tractor,
3 as that term is defined in 23 V.S.A. § 4(68).

4 (5) “Motor fuel oil sales” means the wholesale or retail sale of motor
5 fuel oil.

6 (c) Reporting. On or before December 15, 2015, the Attorney General may
7 require distributors and dealers to provide information about the ownership or
8 control of dealers or of assets related to motor fuel oil sales, volume of motor
9 fuel oil sold or supplied, and wholesale and retail motor fuel oil prices.

10 (d) Confidentiality. Information received by the Attorney General under
11 this section is confidential and shall be treated in the same manner as provided
12 in 9 V.S.A. § 2460(a)(4).

13 (e) Report. The Attorney General shall study any data deemed relevant to
14 the retail price of motor fuel oil in Vermont, including the data identified in
15 subsection (c) of this section, and, on or before December 15, 2015, shall
16 report to the General Assembly with recommendations, if any, regarding
17 market conduct, including pricing, in the motor fuel oil industry in Vermont.

18 (f) Exercise of authority. The authority of the Attorney General under
19 subsection (c) of this section to require reporting of distributors and dealers
20 shall be exercised only with respect to the requirements of this section and
21 shall not be exercised after December 15, 2015.

20 exceeds the limits required under subdivision (3)(A) of this subsection, the
21 producer shall warn customers that unpasteurized milk from the farm exceeds

1 one or more of the limits required under subdivision (3)(A) of this subsection
2 until the producer submits test results indicating that unpasteurized milk from
3 the farm is below the limits required under subdivision (3)(A) of this
4 subsection. The producer may provide the warning by posting the test results
5 on a sign that is located in a prominent manner and that is clearly visible to
6 consumers at the point of delivery or by directly notifying customers.
