Dear Senator Kitchel,

The proposed cuts to VT PBS are too much. I watch this station more than any other and I give annually. But the state needs to do its part to. VT PBS provides a public service and quality programming and news. Find a way to fund this – taxes on the cable companies or something. Now that VT is finally collecting tax on online purchases automatically, surely the state will see more revenue. (I am the only one I know who was actually paying the use tax on my tax return). I hope you feel the same way about public television and radio as I do.

Thank you in advance for your support.
