### **Executive Office**

#### Office of the Governor

Executive Summary

#### **Philosophy**

The Executive Office is committed to ensuring every agency in state government works together to deliver high quality services that Vermonters deserve, as well as keeping government efficient, effective, and affordable to all. We are also committed to government transparency so all Vermonters have easy access to our work.

#### **Key Initiatives**

A major focus of our office is coordinating and directing the Governor's priorities as outlined in the Vermont State Government's Strategic Plan. Our primary focus includes:

 Creating a brighter economic future for Vermonters by raising incomes, growing jobs, improving job training, and improving our quality of life.

- Supporting Vermonters' health through prevention and through universal, affordable, and quality health care for all, in a manner that supports employers and overall economic growth, and that gets us better care.
- Ensuring our children's future by supporting the success of our families, the safety of our communities, and the performance and economic sustainability of our schools.
- Ensuring Vermont's educational system prepares, in a cost effective and sustainable manner, all learners for success from early childhood through adulthood, and for lifelong learning.
- Enhancing our quality of life and economic security through environmental conservation and by building a strong renewable energy and energy efficiency economy that will grow businesses, create well-paid jobs, save
   Vermonters money, get us off our addiction to fossil fuels, reduce our carbon footprint and adapt to the effects of climate change.
- Strengthening the economies and cultures of Vermont's working landscape by facilitating investments in agriculture and forestry that keep

our natural resource based economy healthy and resilient, protect our increasingly unique pattern of alternating villages and countryside, conserve our important wildlife habitat, and bolster the state's resilience to flooding.

- Supporting modernization and improvements to Vermont's infrastructures, including our electric grid, road network, telecommunications system, and water supply and wastewater systems, to ensure Vermont's long-term economic and environmental sustainability.
- Improving the effectiveness of state government by support of a motivated and healthy workforce and through greater accountability, performance measurement, and focus on customer service.
- Creating a state budget that is both balanced and sustainable for the long term.

#### Office Functions Include:

 Constituent Services – The Governor's Information and Referral Office supports
 Vermonters seeking assistance. Duties include providing communication and referrals, working

- with all agencies and departments, as well as outside organizations.
- Legislative Staff functions include communication and development, with Agencies/Departments as well as with the Legislature and private organizations, of the Governor's administrative and legislative agenda and priorities.
- Legal Administration Staff support the Governor as he fulfills his constitutional and statutory duties as Vermont's Chief Executive. Promote and meet requests for transparency and public access to state government for all Vermonters.
- Press Staff serve as main point of contact for the media on gubernatorial and administrative initiatives, and field related press inquiries.
- Boards & Commissions Duties include finding qualified and compassionate citizens to fill vacancies to over 180 Boards and Commissions and Justices of the Peace. Boards and Commissions are a critical part of the governmental process and for an opportunity for Vermonters to have a seat at the table.

- Health Care Reform Reducing health care costs and cost growth, while attracting and retaining providers. To assure that all Vermonters have access to and coverage for high-quality health care independent of employment. To improve the health of Vermont's population as well as assure greater fairness and equity in how we pay for health care.
- Race to the Top Early Learning Challenge federal grant – The management team for this grant is housed in the Governor's Office to ensure effective inter-agency implementation of a complex \$37 million federal grant which will build a strong, coordinated and high-quality early childhood system in the state, from birth to grade 3.

#### Summary

The Governor's Office provides first-line guidance to state agencies and departments in order to ensure state government operates efficiently and effectively, as well as direct support to the constituents of the state of Vermont.

#### **Funding Levels:**

The FY 2017 budget request to the General Assembly doesn't reflect any changes from FY16. The decrease in Interdepartmental transfers relates to the Race to the Top – Early Learning Challenge (RTTT ELC) federal grants as anticipated expenditures for FY17 will be less.
