# Agency of Administration

## Secretary of Administration

### *Executive Summary*

#### **Philosophy**

The Secretary of Administration is both principal aide to the Governor and executive manager of the Agency of Administration. The Office of the Secretary assists in the development and implementation of policies and programs throughout state government, coordinates and controls functions within state government, and manages the Agency of Administration.

#### **Key Initiatives**

##### **Sustainable Budget**

A primary focus of this office is, by working with the legislature, to ensure the state budget is both balanced and sustainable for the long term. In addition to our Health Care Reform activities, a major focus of our office is coordinating and directing the Governor's priorities as outlined in Vermont State Government's Strategic Plan. The priority areas we are focusing on include:

- Creating a brighter economic future for Vermonters by raising incomes, growing jobs,

improving job training, and improving our quality of life.

- Supporting Vermonters' health through prevention and through affordable and quality health care for all, in a manner that supports employers and overall economic growth, and that gets us better care.
- Ensuring our children's future by supporting the success of our families, the safety of our communities, and the performance and economic sustainability of our schools.
- Ensuring Vermont's educational system prepares, in a cost effective and sustainable manner, all learners for success from early childhood through adulthood, and for lifelong learning.
- Enhancing our quality of life and economic security through environmental conservation and by building a strong renewable energy and energy efficiency economy that will grow businesses, create well-paid jobs, save Vermonters money, get us off our addiction to fossil fuels, reduce our carbon footprint and adapt to the effects of climate change.
- Strengthening the economies and cultures of Vermont's working landscape by facilitating investments in agriculture and forestry that keep our natural resource based economy healthy and

resilient, protect our increasingly unique pattern of alternating villages and countryside, conserve our important wildlife habitat, and bolster the state's resilience to flooding.

- Supporting modernization and improvements to Vermont's infrastructures, including our electric grid, road network, telecommunications system, and water supply and wastewater systems, to ensure Vermont's long-term economic and environmental sustainability.
- Improving the effectiveness of state government by support of a motivated and healthy workforce and through greater accountability, performance measurement, and focus on customer service.

### ***Administrative Bulletins***

The Secretary of Administration is responsible for issuing, rescinding and maintaining Administrative Bulletins.

These bulletins provide state policy and guidance regarding various administrative topics. The goals of these bulletins are to ensure the effective, consistent and efficient operation of State Government.

### **Funding Levels:**

The FY 2017 budget request to the General Assembly reflects changes resulting from a reduction in costs and interdepartmental transfers that are associated with Health Care Reform activities, transferring the VTHR Operations Division to the Department of Human Resources and the Purchasing and Contracting Division from BGS to the Secretary of Administration's Office.

### **Summary**

The Secretary of Administration provides first-line guidance to state agencies and departments in order to ensure state government operates efficiently and effectively.

# Program Budget Profiles

 Secretary of Administration

**Section 2**

**FY 2017 Budget  
Submission**

## FY17 Appropriations Committee Questionnaire

---

### Secretary of Administration

1.

**a. What are your programs?**

The Secretary of Administration is both principal aide to the Governor and executive manager of the Agency of Administration. The office of the Secretary assists in the development and implementation of policies and programs throughout state government, coordinates and controls functions within state government, and manages the Agency of Administration.

**b. How do these programs meet your core mission?**

These programs are in line and consistent with our core mission which is to provide responsive and centralized support services to the employees of all agencies and departments of state government so they may deliver services to Vermonters in an efficient, effective and fiscally prudent manner.

2.

**a. What does success in each program look like to Vermonters both those served by the program and the general population?**

We are successful when we deliver better and more responsive services to both our internal customers and the citizens of Vermont, at the lowest possible costs, while carrying out the policy objectives of the Governor and the laws of Vermont.

**b. What performance measures are used to determine progress and what baseline data is available (current and proposed budget, # served, etc)?**

## FY17 Appropriations Committee Questionnaire

---

The Secretary of Administration has led a number of efforts to promote transparency and to provide information and data to Vermonters and other interested parties. These efforts included developing a variety of baseline data elements, some of which include historical progress, and can be found at the following links:

Governor's Dashboard - <http://governor.vermont.gov/govdash>

Vermont Financial Transparency - <http://spotlight.vermont.gov/>

Performance Accountability: [http://spotlight.vermont.gov/performance\\_measures](http://spotlight.vermont.gov/performance_measures)

State of Vermont Strategic Plan - [http://aoa.vermont.gov/Strategic\\_Plan](http://aoa.vermont.gov/Strategic_Plan)

FY 2017 marks the third year of the Programmatic Performance Measure Budgeting initiative, now required as part of the Budget Development process in 32 V.S.A. §307(c), as amended by 2015 Act 11. The programs reported on in this initiative have grown from 13 programs across 11 departments for FY 2015, to 41 programs across 31 departments for FY 2016. For FY 2017, each previously reporting department is required to add at least one additional program and those departments that did not previously participate must select one program to report on. The Programmatic Performance Measure Budgeting initiative is a bottom-up initiative which rolls up to the Population-Level Outcomes and Indicators. This annual reporting under 3 V.S.A. §2311 is a top-down effort which completed its second annual report:

[http://spotlight.vermont.gov/sites/finance\\_transperancy/files/PerformanceMeasures/2015\\_Population-Outcomes-Indicators.pdf](http://spotlight.vermont.gov/sites/finance_transperancy/files/PerformanceMeasures/2015_Population-Outcomes-Indicators.pdf).

A total of nine Population-Level Outcomes are informed by 78 Population-Level Indicators, each of which are further described by narratives and graphs.

## FY17 Appropriations Committee Questionnaire

---

The CPO, the Performance Accountability Liaisons (PALs) and leaders in Lean across the agencies/departments work collaboratively on this annual report. Over the next 3-5 years the CPO's plan is to move to a Performance Management model of Continuous Improvement for which the Toolbox includes Results-Based Acceptability (RBA), business process improvement (Lean) and other performance enhancement efforts. Using Performance Management/Continuous Improvement enables all to see data which helps us answer these questions: "How much did we do? How well did we do it? and Is anyone better off?" The addition of Lean to our toolbox enables us to achieve the "How Well and Better Off" questions for task driven departments vs. those that are client-service focused.

### **3. Is there a better way?**

A primary focus of this Office has been the development of a statewide strategic plan that included all Agencies and stand alone departments. This plan will serve as the work plan for the Administration and will evolve overtime. It establishes a clear and transparent baseline for Vermonters to gauge our progress. A primary duty of the new Chief Performance Officer is to work with all agencies and departments to continue to develop and refine their strategic plans to ensure they are updated and integrated with the performance measures that are included as part of the budget process and aligned with the results based accountability framework that is being adopted by the General Assembly. Events and changing times will require us to adjust our strategic plan to meet pressing needs in the most efficient means possible.

---

# Program Performance\*

\*per 32 VSA §307(c)

Secretary of Administration

## Section 3

**FY 2017 Budget  
Submission**

# Secretary of Administration

## *Secretary's office*

### **Mission Statement**

*To provide responsive and centralized support services to the employees of all agencies and departments of state government so they may deliver services to Vermonters in an efficient, effective and fiscally prudent manner.*

### **Goals:**

The Agency of Administration ensures the uniform and consistent functioning of state government through the provision of centralized support services for all components of state government and its employees. We strive to consistently deliver better and more responsive services to both our internal customers and the citizens of Vermont, at the lowest possible costs, while carrying out the policy objectives of the Governor and the laws of Vermont.

### **Market:**

The Secretary of Administration is both principal aide to the Governor and executive manager of the Agency of Administration. The office of the Secretary assists in the development and implementation of policies and programs throughout state government, coordinates and controls functions within state government, and manages the Agency of Administration.

### **Resources:**

The programmatic resources requested in the Governor's recommended budget will meet the needs of our Office. We do not anticipate the need for additional funds over and above our current level of resources.

***Programmatic Changes:***

Given the shift in Health Care Reform initiatives, the Secretary of Administration's Office will be reviewing resource needs to align them with the level of effort required to ensure success.

***Capital Needs for the Program:***

The Secretary's Office has no capital needs for FY 2017.

# AOA Office of HCR

## Strategic Planning

- HC Workforce
- HIT
- Payment & Delivery Reform

## Coordination

- Executive Branch Agencies
- GMCB
- Federal Delegation & Agencies
- Stakeholders

## Transformative Reform

- All Payer Model (with GMCB)
- Vermont Health Care Innovation Program (State Innovation Model)

## Policy Development

- Governor's Agenda
- Legislative Reports/Studies
- Best Practices

## Goals for 2015-2017

- Successful management of the Vermont Health Care Innovation Project in order to transition to an All Payer Model
- Reorganization of Health Information Technology responsibilities
- Continue to develop policy and deliver required reports and studies
- Provide policy coordination and communication across state government and with the GMCB

# Secretary of Administration

## Financial Services

### **Mission Statement**

*The employees of the Secretary of Administration's office Financial Services division, working together, deliver quality operational services, enabling government departments to fulfill their missions.*

### **Programmatic Mission Statement:**

The mission of the Financial Services division (Agency of Administration Central Office) is to deliver timely, accurate and useful information and services to the entire agency in the areas of government finance, accounting, budgeting, auditing, rate setting, financial reporting and analysis.

### **Goals:**

The goals of the Financial Services division are:

- a. To produce timely and accurate financial reports for all programs in all departments and offices served;
- b. To process all payments and customer billings in a timely and accurate manner and be responsive to customers;
- c. To analyze all business activities and establish/adjust rates accordingly and recommend business changes;
- d. To assist the departments and offices served in managing and secure their needed financial resources; and
- e. To assist with the annual audit assisting with maintaining the state's high bond rating and eliminate any audit findings.

### **Indicators:**

The performance indicators used to measure programmatic output and outcomes are:

- a. The dollar amount of efficiency savings achieved through organizational restructuring and constant review of work performed;

- b. The number of complaints received by customers as a result of delayed payment processing;
- c. The number of issues that arise out of departmental billing to agencies and departments on a monthly basis;
- d. The number of payroll and expense claim issues that need resolution on a biweekly basis;
- e. The number of annual audit findings for all agency departments and offices served including the number of internal control findings for all agency departments and offices served as a result of an internal audit conducted by Finance & Management; and
- f. The number and frequency of management reviews with department heads.

**Market:**

The primary and direct market consists of all departments that make up the Agency of Administration as well as other offices assigned. The broader market includes the Administration/Governor as well as the citizens of Vermont as found in their elected representatives.

**Resources:**

Currently our programmatic resources are meeting the needs of our program. We do not expect our future needs to overrun our current level of resources. In fact, our needs for FY 2017 will be 12% lower than the previous fiscal year as the unit continues to reassess work requirements and downsize staffing needs as the opportunities arise.

**Programmatic Changes:**

The program has added a much needed pre-audit function for all payment requests currently being accomplished outside the unit. Staffing is in place but the function has not yet been activated due to other programmatic needs.

**How we are going to achieve the desired outcomes:**

The Financial Services division will achieve its desired outcomes by:

- a. Ensuring that all programs are accounted for according to GAAP and GASB;
- b. Ensuring all payment requests are fully documented, supported, and in compliance with state and federal law as well as state contract law;
- c. Ensuring that all financial activity meets strict internal control policies and procedures;
- d. Ensuring that financial information is made available to program managers within 15 working days of the end of the month; and
- e. Providing financial analysis of all major programs at least monthly to assist management in keeping the programs on track.

***Measuring Productivity and Efficiency:***

A Summary of some of our results are:

- a. There have been no material weaknesses, reportable conditions, or management comments since FY05. In FY05 and each of the previous three years there was one management comment.
- b. Since the agency reorganization and consolidation of the financial services function in 2009, the unit continues to save the state approximately \$1 million per year due to the elimination of 5 business managers and 4 financial specialists. In those programs and departments that did not transfer staffing to the central office, the employee was re-tasked with duties that assist the department and programs with achieving their mission.
- c. Since the consolidation and creation of the central business office, the division has not added any additional staff and yet continues to take on more work through the use of technology, smart management, and a practice of continually reassessing our business needs and the needs of our customers.

***Capital Needs for the Program:***

There are no capital needs for the program for FY2017.

## **Secretary of Administration**

### **Office of Risk Management**

#### **Workers Compensation**

#### **Mission Statement**

*The employees of the Agency of Administration, working together, deliver quality operational services, enabling government agencies to fulfill their missions.*

#### **Programmatic Mission Statement:**

The mission of the Office of Risk Management, Workers' Compensation Section (ORMWC) is to manage the State's workers' compensation claims in a fair, timely, and accurate manner; to promote a safe workplace and to prevent work-related injuries and illnesses through training and consultation.

#### **Goals:**

To reduce the frequency and severity of workplace injuries, to efficiently and effectively manage workers' compensation claims, to coordinate appropriate and timely medical treatment for injured employees, and to comply with all legal mandates. We strive to consistently deliver the best possible service to our customers at the lowest cost.

#### **Indicators:**

The performance indicators used to measure programmatic output and outcomes are:

- a. Comparison of current to prior claim experience to determine whether claims have been managed in a timely and cost effective manner in accordance with legal requirements;

- b. Comparison of current to prior claim experience to determine whether the safety program has made an impact in reducing claim frequency and severity.

**Market:**

The primary market for our services is the Vermont State workforce.

**Resources:**

The programmatic resources requested in the Governor's recommended budget will meet the needs of the ORMWC. We do not anticipate the need for additional funds over and above our current level of resources.

**Programmatic Changes:**

The ORMWC recently upgraded its iVOS computerized claim system and began utilizing Mitchell Bill Review Services to review and approve medical bills.

**How we are going to achieve the desired outcomes:**

The ORMWC will achieve its desired outcomes by:

- a. Implementing the results of an annual independent claims audit report audit to determine whether the office meets leading industry practices;
- b. Ensuring all claim activity is fully documented in compliance with state law and internal control policies and procedures;
- c. Utilizing a case management team approach to each claim consisting of an adjuster and medical case manager. The workplace safety coordinator reviews claims when a need for safety intervention is apparent.

***Measuring Productivity and Efficiency:***

A Summary some of our results are:

- The independent claims audit found that ORMWC meets or exceeds leading industry practices in the following areas: claim file documentation, intake, assignment, compensability decisions, medical case management, settlement evaluations and negotiations, reserving practices and timely file closure.

***Capital Needs for the Program:***

There are no capital needs for the program for FY2017.

**Secretary of Administration**  
**Office of Risk Management**  
**State Liability and All Other Insurances**

**Mission Statement**

*The employees of the Agency of Administration, working together, deliver quality operational services, enabling government agencies to fulfill their missions.*

**Programmatic Mission Statement:**

The mission of the Office of Risk Management (ORMSL) is to protect the human, financial, and physical assets of the State, through a program that employs a combination of self insurance, commercial insurance and retention of risk. State policy is to minimize the purchase of commercial insurance by self-insuring or retention of risk where appropriate.

**Goals:**

To treat all claimants with courtesy; to manage and settle all claims in a fair, timely, and accurate manner; to secure commercial coverage that provides the best protection for the lowest cost; and to advise state entities in a professional and thoughtful manner consistent with statute and the policies of the State. We strive to consistently deliver the best service possible to our customers at the lowest possible cost.

**Indicators:**

The performance indicators used to measure programmatic output and outcomes are:

- a. comparing current to prior claim experience to determine whether claims have been managed in a timely and cost effective manner in accordance with legal requirements;

- b. comparing current to prior cost and scope of commercial insurance to determine whether adequate insurance coverage has been secured in a cost effective manner.

**Market:**

The liability program covers the operations of all state agencies, legislature, departments, judiciary, quasi-state agencies, boards, commissions and employees. The primary markets are State agencies and departments, members of the public, attorneys, local and national insurance brokers and carriers and automobile repair and service providers.

**Resources:**

The programmatic resources requested in the Governor's recommended budget will meet the needs of the ORMSL. We do not anticipate the need for additional funds over and above our current level of resources.

**Programmatic Changes:**

The ORMSL recently upgraded its iVOS computerized claim system.

Cyber liability is an ever increasing area of exposure and concern. Steps have been taken to address this hazard through requiring contractors to provide the coverage. In the near term it will be advisable for the State to purchase coverage directly and take appropriate proactive prevention measures that will have a statewide impact.

**How we are going to achieve the desired outcomes:**

The ORMSL will achieve its desired outcomes by:

- a. Implementing the results of an annual independent claims audit report audit to determine whether the office meets leading industry practices;
- b. Ensuring all claim activity is fully documented, supported, in compliance with state law and internal control policies and procedures;
- c. Continued focus on treating all claimants with courtesy and respect

- d. Striving to reach fair claim settlements and denying coverage when appropriate following a thorough investigation and evaluation of each claim
- e. Staying abreast of conditions in the insurance marketplace and marketing coverage as necessary

***Measuring Productivity and Efficiency:***

A Summary some of our results are:

- a. The claims audit found that ORMSL meets or exceeds leading industry practices in the following areas: claim file documentation, intake, assignment, initial claimant contact, compensability decisions, payment and supporting documentation, settlement evaluations and negotiations.
- b. While the cost of commercial insurance coverage is largely beyond our control, ORMSL monitors current and prior years' insurance costs and implements strategies to reduce costs by adopting safety measures, marketing of insurance policies and retaining risk where appropriate.

***Capital Needs for the Program:***

There are no capital needs for the program for FY2017.

## Agency of Administration

### Office of Purchasing & Contracting

#### **Mission Statement:**

*The employees of the Buildings & General Services Department, working together, deliver quality operational services and facilities management, enabling government agencies to fulfill their missions.*

#### **Programmatic Mission Statement:**

Provide leadership and services for innovative, responsive and accountable public purchasing.

- The Office of Purchasing & Contracting carries out the procurement responsibilities assigned to the Commissioner of the Department of Buildings and General Services (BGS) in 29 V.S.A. Chapter 49 and 29 V.S.A, and Chapter 5 § 161. Includes procurement of materials, commodities, construction, contract services, supplies, and equipment for all state agencies through an effective process that meets all statutory and administrative requirements.
- Delegate authority on behalf of the Commissioner to other agency/department to make certain types of purchases without going through the Office of Purchasing & Contracting. A "Blanket Delegation of Authority" (BDA) enables agencies to maintain the continuity of everyday operations.
- Procure goods and/or services needed by the state and/or BGS at the best value through an effective process that meets all statutory and administrative requirements.
- Administers the Purchasing Card Program. The Program was implemented to establish a more efficient, cost-effective method of purchasing and paying for small dollar transactions as well as high-volume, repetitive purchases. The program is designed as an alternative to the traditional purchasing process for supplies and services.
- Oversee the bidding and contracting process to ensure compliance with Administrative Bulletin 3.5 and relevant State statutes and Executive Orders. Title 29 alone provides 13 criteria in which consideration needs to be given; many of the

executive orders reference environmental requirements in which we need to adhere to, most recent legislation includes sweatshop prohibition.

- Provide direct services to all agencies in state government. In addition, these services may be used by political subdivisions of the state as well as schools and the state colleges.
- Oversee the preparation and issuing of bid proposals, management of the bid process, and the preparation and processing of all contracts for personal services, consulting, and construction/renovation for the Department of Buildings and General Services as well as AOT, ANR, and Military for construction/renovation.
- Environmentally Preferable Purchasing Practices: Ensures that policies and procedures, product specifications, and award decisions reflect and support the administration's commitment to environmental responsibility and stewardship.

### **Goals:**

The goal of the Office of Purchasing & Contracting is to provide state agencies with good products and services that meet agency requirements effectively, at the lowest cost, through a process that meets all applicable laws and administrative requirements.

### **Priorities:**

1. Education. Increase procurement awareness and requirements through statewide procurement education, internally and externally, thereby fostering active and growing "partnerships" with our supported agencies.
2. eProcurement implementation. Increase efficiencies, and effectiveness throughout the entire process, while providing valuable reporting tools for daily operations and managerial oversight.
3. Technology procurement. Continue efforts to acquire and implement evolving technologies to support, streamline, and improve outcomes of current and out-year procurement strategies; providing necessary work platforms to "un-complicate" the process for users and vendors alike, while ensuring seamless interface with financial/inventory systems.

- a. Identifying desired outcomes based on the state's goals and objectives in an effort to maximize the vendor's ability to put forth a proposal which solves the problem versus delivering a strict list of requirements.
- b. Procurement, legal, and IT is an initial part of the process versus a back end process, i.e. involved at the beginning of a procurement action instead of too late in the process to make a difference.
- c. Evaluations done based on how well the vendor would address the states objectives.

**Indicators:**

1. Make certain continuous contract coverage exist.
2. Ensure solicitations are issued and in compliance with bid process.
3. Cost avoidance.

**Market:**

The program provides direct services to all agencies in state government. In addition, services may be used by political subdivisions of the state including cities, towns, schools, and the state colleges. The program also oversees the preparation and issuance of bid proposals, management of the bid process, and the preparation and processing of all contracts for information technology, personal services, consulting, and construction/renovation for the Department of Buildings and General Services as well as AOT, ANR, and Military for construction/ renovation. Competitive bidding is employed to develop contracts and purchase orders that meet the combined or individual needs of our customers. State purchasing is governed by Title 29, Chapter 49, of the Vermont Statutes Annotated.

The purpose of the competitive bid process is two-fold: to ensure that any person or company has the opportunity to get the state's business, and also to ensure that the taxpayers get the best possible value when their money is being spent by state agencies.

**Legislative and Administrative compliance:**

- Commodities: Awards issued in accordance with Title 29, Chapter 49 § 903; awards are made in the best interest of the state with a number of factors considered. The most frequently asked question by the Legislature is "Were Vermont companies given consideration?".

- Construction: Awards issued in accordance with Title 29, Chapter 5 § 161 which states: The contract shall be awarded to one of the three lowest responsible bidders.
- Services: No specific statute exists. Awards are issued in the best interest of the state.
- All bid solicitations and resulting awards are issued in accordance with Administrative Bulletin 3.5, statute and executive orders.

### **Resources:**

The program succeeds when its customers are provided with exceptional products and services that meet agency requirements effectively, at the lowest cost, through a process that meets all applicable laws and administrative requirements. To simplify the acquisition process, BGS maintains numerous statewide contracts for supplies, which include materials, equipment, parts, services, and commodities to cover ongoing requirements of state agencies. Whenever appropriate, requisitions from agencies are issued for a one time bid and buy process. Success is monitored in a couple of ways:

- By providing customers with information about the "how's and why's" of purchasing, we are able to foster a better understanding of the way the program operates. Outreach meetings are conducted; a Resource Guide which is a widely utilized reference book that contains helpful information about both purchasing and sound procurement practices are available as well as a newsletter.

### **Programmatic Changes:**

- Reinstating the Purchasing Advisory Council (PAC) which is generally composed of agency and State Procurement personnel, providing a forum for discussion of policies and procedures, and makes recommendations for the promotion and improved effectiveness of the statewide purchasing function. Teaming is the keystone to the PAC, and the collective strength which follows, will in itself present the catalyst for change as we continue to elicit and share ideas. We will be having our first meeting in February.
- The state recently completed a requirements gathering phase for a replacement Cost Accounting and Reporting System, Statewide eProcurement System, Construction Engineering and IT Contract Management project. The state is in the process now of determining how to roll out these projects in conjunction with the PeopleSoft upgrade from v8.8 to v9.2. When we do proceed, we will require outside resources to assist in the implementations. An RFP will be issued to accept bids on soliciting those resources. An eProcurement system would allow us to implement a system where

technology supports a streamlined and efficient procurement process that meets all of State Government needs while ensuring for complete accessibility and transparency.

- Interface of the Purchasing Card Program software (currently WORKS) with the financial management system (VISION).
- Currently under review and consideration is mandating the purchasing card statewide for all requirements purchased under BDA #1.
- Continue to enhance efforts in the area of environmentally preferable purchasing. Most recently, we have worked with the Northeast Recycling Council on Environmentally Preferable Purchasing (EPP) Guide by the Northeast States. The document is a reference tool about EPP programs and activities in the 10 Northeast states: Connecticut, Delaware, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont.
- Update and restructure of website for ease of use by the customer and vendor community. Purchasing & Contracting policies and procedures to be posted on-line to support transparency efforts.
- Complete the IT Handbook and the necessary components for the draft release of 3.5.
- VISION System: Communication is being drafted for changes that are in testing at this time and that will become effective the first part of 2016. Those changes include identifying the type of contract and the bid process used. BGS already tracks but the rest of the state does not, information will be required when entering or changing contracts with all contracts having to be updated by a specific date.

#### **How we are going to achieve the desired outcomes:**

- Improve the completeness and quality (adequacy/accuracy) of initial submissions of contract and/or bid documents.
- Provide Technical Assistance through:
  - Training initiatives: policies, processes, and systems fully documented by BGS.
  - Project Manager Training.
  - Provide training to local communities and municipalities
- Streamline practices by generating templates for:
  - Sourcing events (RFI, RFP, RFQ, etc.)
  - Contract Creation & Approvals

- CM, A&E, etc.
  - Scopes of Work
  - Cooperative Agreements
  - Open/Competitive Bid Postings
- Enable online catalog for NASPO ValuePoint Cooperative Agreements (eMarketCenter)
  - Document a paperless and transparent environment.
  - Document and post online all policies and procedures that includes a handbook for Vendors & Contractors.

### **Measuring Productivity and Efficiency:**

We constantly look for ways to review productivity, find efficiencies which may include adding additional statewide service and commodity contracts, streamline processes, consolidate requirements, and/or implement technologies.

- Reduce procurement cycle time and ensure contracts are processed accurately and on time. Three-week processing time on contracts.
- Improved communication and consistency with vendor/contractor community.
- Continue to audit to ensure ongoing compliance with Bulletin 3.5 and relevant State statutes and Executive Orders to ensure an open and fair process with highest integrity.
- Continue efforts to acquire and implement evolving technologies to support, streamline, and improve outcomes of current and out-year procurement strategies; providing necessary work platforms to “un-complicate” the process for users and vendors alike, while ensuring seamless interface with financial/inventory systems.

### **Capital Needs for the Program:**

Not at this time.

---

# Budget Rollup Report
