Sec. 7a. CALCULATION OF TAX RATES FOR MEMBER TOWNS IN  
VOLUNTARY SCHOOL GOVERNANCE MERGERS

(a) Definitions. As used in this section:

(1) The “tax rate reductions” means collectively the equalized homestead property tax rate reductions, and related household income percentage reductions, provided for voluntary school governance mergers in 2010 Acts and Resolves No. 153, 2012 Acts and Resolves No. 156, and 2015 Acts and Resolves No. 46.

(2) The “five percent provision” means collectively the provisions in 2010 Acts and Resolves No. 153, 2012 Acts and Resolves No. 156, and 2015 Acts and Resolves No. 46, limiting a town’s equalized homestead property tax rate increase or decrease, and related household income percentage adjustments to five percent in a single year during the years in which the corresponding tax rate reductions apply to a new union school district’s equalized unified homestead property tax rate.

(3) “Yield change” means the percentage change in the property dollar equivalent yield from the year for which the equalized homestead property tax rate is being calculated, and the prior fiscal year.

(b) Calculation of tax rates for member towns in voluntary school governance mergers.

(1) In any fiscal year in which tax rate reductions are applied to the equalized homestead property tax rate of a union school district, if the tax rate of a member town is determined to be the same as the new district’s equalized homestead property tax rate, then the member town’s tax rate shall be the same as the new district’s equalized homestead property tax rate and shall not be adjusted pursuant to the five percent provision in that or any subsequent year.

(2) In a fiscal year in which the tax rate reductions are applied, if a new union school district’s education spending per equalized pupil increases by more than the yield change above its education spending per equalized pupil in the prior fiscal year, then the five percent provision shall be adjusted by the difference between the yield change and the actual increase (the “percentage point increase”) as follows:

(A) the tax rate of a member town that would otherwise be increased by no more than five percent shall be increased by no more than five percent plus the percentage point increase; and

(B) the tax rate of a member town that would otherwise be decreased by no more than five percent shall be decreased by no more than five percent minus the percentage point increase.

(3) For purposes of the adjustments required by subdivision (2) of this subsection, in the first fiscal year in which a union school district operates, the union school district's "education spending per equalized pupil in the prior fiscal year" shall be defined as the total education spending of all merging districts in the year prior to merger, divided by the total number of equalized pupils of all the merging districts in the year prior to merger.

(4) For any fiscal year in which the provisions of subdivision (2) of this subsection shall apply, a union school district may appeal to the Secretary of Education for an exemption in that fiscal year. The Secretary may grant the requested exemption upon demonstration that the increase was beyond the union school district's control or for other good cause shown. The Secretary's determination shall be final.
