STATE OF VERMONT
SUNSET ADVISORY COMMISSION

MINUTES OF OCTOBER 9, 2018 MEETING

Room 10, Vermont State House; 10:00 AM – 3:30 PM

See 10/9/18 [Agenda](#) and [Meeting Record](#)

Members present: All

I. Introductions. Commission members, Office of Legislative Council staff (Julie Tucker, Commission Assistant; BetsyAnn Wrask, Legislative Counsel), and members of the audience (Hayden Dubois, Executive Assistant, Office of Governor; Otto Trautz, interested party) introduced themselves.

II. Act walk-through; historical overview. BetsyAnn Wrask conducted a walk-through of [2018 Sp. Sess. Act No. 2](#) (boards and commissions). Otto Trautz provided an overview of prior governmental actions to review, repeal, and track the State's boards and commissions.

III. Commission discussion: Post-Commission sunset; ongoing review. Commissioner Zeller raised the issue of how the State's boards and commissions would continue to be reviewed after the Commission sunsets, which by 2018 Sp. Sess. Act No. 2, Sec. 11 will be on Jan. 4, 2023 (the beginning of the 2023-24 legislative biennium).

IV. Commission discussion: Commission procedure. Commissioner Krauss recommended that the Commission adopt a procedure governing how the Commission will conduct its work. Commissioners discussed issues relating to scheduling witnesses, Commission documents, and the manner in which to review boards and commissions.

The Commission tentatively decided to categorize boards and commissions in the following groups:

1) ***Federally required.*** These cannot be repealed, but the Commission should still obtain the membership inventory and conduct a per diem review.

2) ***Non-State boards and commissions.*** These are beyond the scope of the Commission's review and include entities such as municipal and regional planning commissions.

3) ***Non-profits.*** Non-profits would be reviewed later in the Commission's work and further subdivided as follows:

(a) those created in law by the General Assembly; and

(b) those that already existed but were given specific authority in law by the General Assembly.

4) ***Licensing boards and commissions.*** These include Office of Professional Regulation boards and commissions and similar entities.

5) ***Already repealed.*** There are some State boards and commissions on the Commission's working list that have already been repealed by law.

6) ***Standard review.*** This is a catchall for all other boards and commissions that do not fall into any of the preceding categories. These include boards and commissions created by compact, since the Commission will review to determine whether the compact is still necessary, to obtain the membership inventory, and to conduct a per diem review.

V. Witness testimony regarding boards and commissions. The Commission took testimony and discussed the following boards and commissions:

1. Vermont Commission on Native American Affairs; Dale Azaria, General Counsel, Agency of Commerce and Community Development (ACCD).

- See [ACCD 10/9/18 memo](#).
- Enabling law: [1 V.S.A. § 852](#).
- *Purpose.* Commission has two main purposes:
 - 1) Offer opinions to the General Assembly when a tribe requests State recognition, based on statutory criteria. Currently four tribes have State recognition. This purpose is dormant right now, because other tribes are unknown.
 - 2) Preserve and pass on culture and heritage, including via education and social programs.
- *Activity.* Commission is active and meets regularly.
- *Per diems.* 1 V.S.A. § 852(d) limits the Commission to standard \$50 per diems for a maximum of six meetings per year.
 - ACCD has not discussed budget issues and is concerned about budget restraints, so it has no formal recommendation on whether to allow for more paid meetings.
- ***Agency recommendations:***
 - *Maintain this Commission.* It helps recommend how Native Americans are represented in our education system.
 - ACCD's Division for Historic Preservation may not be the best entity with which the Commission associates [the Division provides the Commission with administrative support via 1 V.S.A. § 852(d)].
 - Commission may be a better fit under the Agency of Education or of Human Services, although ACCD has not discussed this issue with those agencies.
 - If it were associated with a different agency, the State Archeologist could still assist with analyzing the history of proposed State-recognized tribes.

- **SAC recommendation:**
 - Request that ACCD return for more testimony at the next meeting to provide more specificity on what the Commission does, and whether the job it performs is a State function.
 - Request that at the Agency of Education testify at the next meeting on whether this Commission's authority could be addressed in that agency.

2. Travel Information Council; John Kessler, General Counsel, ACCD.

- See [ACCD 10/9/18 memo](#).
- Enabling law: [10 V.S.A. § 484](#).
- *Purpose.*
 - Administer the State's sign laws.
 - Role is to provide travel information. However, because of technology, its purpose is somewhat outdated.
 - Duties are related to the State's prohibition on billboards.
 - Bulk of work relates to reviewing and approving applications for signs.
 - Has an overlap with Agency of Transportation roadway signs.
- *Activity.* Activities are somewhat dormant.
- *Per diems.* **1979 session law** provides for a \$30 per diem.
- **Agency recommendation:** General Assembly should review and update the Council's enabling law.
- **SAC recommendation:** Request that at the next meeting, the Agency of Transportation and the Natural Resources Board provide testimony on whether the Council's duties could be performed within their existing structures.

3. Vermont Housing Finance Agency; Dale Azaria, General Counsel, ACCD.

- See [ACCD 19/9/18 memo](#).

7. State and Regional Economic Development and Planning Oversight Panel; ACCD.

- Enabling law: [2010, Act No. 146](#) (Challenges for Change Implementation Act), Sec. G6.
