**Rural Economic Development Infrastructure Districts**

Sec. B.1. 24 V.S.A. chapter 138 is added to read:

CHAPTER 138. RURAL ECONOMIC DEVELOPMENT INFRASTRUCTURE DISTRICTS

§ 5701. PURPOSE

The purpose of this chapter is to enable formation of special municipal districts to finance, own, and maintain infrastructure that provides economic development opportunities in rural and underresourced areas of the State, including areas within one or more municipalities. Specifically, this chapter provides mechanisms for public and private partnerships, including opportunities for tax-incentivized financing and voluntary citizen engagement, to help overcome density and economic hardship.

§ 5702. ESTABLISHMENT; GENERAL PROVISIONS

(a) Establishment. Upon written application by 20 or more voters within a proposed district or upon its own motion, the legislative body of a municipality may establish a rural economic development infrastructure district. The application shall describe the infrastructure to be built or acquired; the plan for financing its acquisition; the anticipated economic benefit; the source of revenues for loan, bond, or lease payments; and plans for retention and disbursement of excess revenues, if any. The application also shall clearly
state that the proposed district shall not have authority to levy taxes upon the
grand list and may not levy service charges or fees upon any underlying
municipality except for services used by such municipality, its own officers,
and employees in the operation of municipal functions. Notice of
establishment of a district shall be recorded as provided in subsection (e) of
this section, posted in at least three public places within the municipality for at
least 30 days, and published in a newspaper of general circulation within the
municipality not more than 10 days from the date of establishment by the
legislative body. Following 40 days from the later of the date of establishment
by the legislative body of the municipality or an affirmative vote under
subdivision (d)(1) or (2) of this section, the district shall be deemed to be a
body politic and corporate, capable of exercising those powers and
prerogatives explicitly granted by the legislative body of the municipality in
accordance with this chapter and the district’s establishment application.

(b) Districts involving more than one municipality. Where the limits of a
proposed district include two or more municipalities, or portions of two or
more municipalities, the application required by this section shall be made to
and considered by the legislative body of each such municipality.

(c) Alteration of district limits. The legislative body of a municipality in
which a district is located may alter the limits of a district upon application to
the governing board of the district, provided the governing board gives prior
written consent. A district expansion need not involve contiguous property.
Notice of an alteration of the limits of a district shall be recorded as provided in subsection (e) of this section, posted in at least three public places within the municipality for at least 30 days, and published in a newspaper of general circulation within the municipality not more than 10 days from the date of the legislative body’s decision to alter the limits of a district.

(d)(1) Contestability. If a petition signed by five percent of the voters of the municipality objecting to the proposed establishment or alteration of limits of a district is presented to the municipal clerk within 30 days of the date of posting and publication of the notice required by subsection (a) or (c) of this section, as applicable, the legislative body of the municipality shall cause the question of whether the municipality shall establish or alter the limits of the district to be considered at a meeting called for that purpose. The district shall be established in accordance with the application or the limits altered unless a majority of the voters of the municipality present and voting votes to disapprove such establishment or alteration of limits.

(2) If a petition signed by five percent of the voters of the municipality objecting to a legislative body’s decision denying the establishment or the alteration of limits of a district is presented to the municipal clerk within 30 days of the legislative body’s decision, the legislative body shall cause the question of whether the municipality shall establish or alter the limits of the district to be considered at an annual or special meeting called for that purpose.
(e) Recording. A record of the establishment of a district and any alteration of district limits made by a legislative body shall be filed with the clerk of each municipality in which the district is located, and shall be recorded with the Secretary of State.

§ 5703. LIMITATIONS; TAXES; INDEBTEDNESS; EMINENT DOMAIN

Notwithstanding any grant of authority in this chapter to the contrary:

(1) A district shall not accept funds generated by the taxing or assessment power of any municipality in which it is located.

(2) A district shall not have the power to levy, assess, apportion, or collect any tax upon property within the district, nor upon any of its underlying municipalities, without specific authorization of the General Assembly.

(3) All obligations of the district, including financing leases, shall be secured by and payable only out of the assets of or revenues or monies in the district, including revenue generated by an enterprise owned or operated by the district.

(4) A district shall not have powers of eminent domain.

§ 5704. GOVERNING BOARD; COMPOSITION; MEETINGS; REPORT

(a) Governing board. The legislative power and authority of a district and the administration and the general supervision of all fiscal, prudential, and governmental affairs of a district shall be vested in a governing board, except as otherwise specifically provided in this chapter.
(b) Composition. The first governing board of the district shall consist of four to eight members appointed in equal numbers by the legislative bodies of the underlying municipalities. It shall draft the district’s bylaws specifying the size, composition, quorum requirements, and manner of appointing members to the permanent governing board. The bylaws shall require that a majority of the board shall be appointed annually by the legislative bodies of the underlying municipalities. Board members shall serve staggered, three-year terms, and shall be eligible to serve successive terms. The legislative bodies of the municipalities in which the district is located shall fill board vacancies, and may remove board members at will. Any bylaws developed by the governing board under this subsection shall be submitted for approval to the legislative bodies of the municipalities within the district and shall be considered duly adopted 45 days from the date of submission, provided none of the legislative bodies disapprove of the bylaws.

(c) First meeting. The first meeting of the district shall be called upon 30 days’ posted and published notice by a presiding officer of a legislative body in which the district is located. Voters within a municipality in which the district is located are eligible to vote at annual and special district meetings. At the first meeting of the district, and at each subsequent annual meeting, there shall be elected from among board members a chair, vice chair, clerk, and treasurer who shall assume their respective offices upon election. At the first meeting, the fiscal year of the district shall be established and rules of
parliamentary procedure shall be adopted. Prior to assuming their offices, officers may be required to post bond in such amounts as determined by resolution of the board. The cost of such bond shall be borne by the district.

(d) Annual and special meetings. Unless otherwise established by the voters, the annual district meeting shall be held on the second Monday in January and shall be warned by the clerk or, in the clerk’s absence or neglect, by a member of the board. Special meetings shall be warned in the same manner on application in writing by five percent of the voters of the district. A warning for a district meeting shall state the business to be transacted. The time and place of holding the meeting shall be posted in two or more public places in the district not more than 40 days nor less than 30 days before the meeting and recorded in the office of the clerk before the same is posted.

(e) Annual report. The district shall report annually to the legislative bodies and the citizens of the municipalities in which the district is located on the results of its activities in support of economic growth, job creation, improved community efficiency, and any other benefits incident to its activities.

§ 5705. OFFICERS

(a) Generally. The district shall elect at its first meeting and at each annual meeting thereafter a chair, vice chair, clerk, and treasurer, who shall hold office until the next annual meeting and until others are elected. The board may fill a vacancy in any office.
(b) Chair. The chair shall preside at all meetings of the board and make and sign all contracts on behalf of the district upon approval by the board. The chair shall perform all duties incident to the position and office as required by the general laws of the State.

(c) Vice chair. During the absence of or inability of the chair to render or perform his or her duties or exercise his or her powers, the same shall be performed and exercised by the vice chair and when so acting, the vice chair shall have all the powers and be subject to all the responsibilities given to or imposed upon the chair. During the absence or inability of the vice chair to render or perform his or her duties or exercise his or her powers, the board shall elect from among its members an acting vice chair who shall have the powers and be subject to all the responsibilities given or imposed upon the vice chair.

(d) Clerk. The clerk shall keep a record of the meetings, votes, and proceedings of the district for the inspection of its inhabitants.

(e) Treasurer. The treasurer of the district shall be appointed by the board, and shall serve at its pleasure. The treasurer shall have the exclusive charge and custody of the funds of the district and shall be the disbursing officer of the district. When warrants are authorized by the board, the treasurer may sign, make, or endorse in the name of the district all checks and orders for the payment of money and pay out and disburse the same and receipt therefor. The treasurer shall keep a record of every obligation issued and contract
entered into by the district and of every payment made. The treasurer shall keep correct books of account of all the business and transactions of the district and such other books and accounts as the board may require. The treasurer shall render a statement of the condition of the finances of the district at each regular meeting of the board and at such other times as required of the treasurer. The treasurer shall prepare the annual financial statement and the budget of the district for distribution, upon approval of the board, to the legislative bodies of district members. Upon the treasurer’s termination from office by virtue of removal or resignation, the treasurer shall immediately pay over to his or her successor all of the funds belonging to the district and at the same time deliver to the successor all official books and papers.

§ 5706. AUDIT

Once the district becomes operational, the board shall cause an audit of the financial condition of the district to be performed annually by an independent professional accounting firm. The results of the audit shall be provided to the governing board and to the legislative bodies of the municipalities in which the district is located.

§ 5707. COMMITTEES

The board has authority to establish one or more committees and grant and delegate to them such powers as it deems necessary. Members of an executive committee shall serve staggered terms and shall be board members.
Membership on other committees established by the board is not restricted to board members.

§ 5708. DISTRICT POWERS

(5) Furthermore, it is important for Vermonters that these developments proceed in ways that do not create avoidable risks for individuals and enterprises in the new e-economy.

(6) The legislative and regulatory response in Vermont will be critical to our ability to embrace the benefits of financial technology and to avoid challenges it may create.

(b)(1) In order to permit the legislature to respond to these developing opportunities and concerns on an informed basis, on or before November 30, 2017, the Center for Legal Innovation at Vermont Law School, in consultation with the Commissioner of Financial Regulation, the Secretary of Commerce and Community Development, and the Attorney General, shall submit a report to the General Assembly that includes:

(B) The review shall take into account:

(A)(i) the amount of additional time, if any, needed to complete the proposed development within the tax increment district and the amount of additional cost that might be incurred if the project were to proceed without education property tax increment financing;

(3) Location criteria. Determine that each application meets one at least two of the following three criteria:

(A) The development or redevelopment is:

   (i) compact;

   (ii) high density and or

   (iii) located in or near existing industrial areas.

(B) The proposed district is within an approved growth center, designated downtown, designated village center, or new town center, or neighborhood development area.

(iii) a median sales price for residential properties under six acres that is not more than 80 percent of the statewide median sales price for residential properties under six acres as reported by the Vermont Department of Taxes.

(4) Project criteria. Determine that the proposed development within a tax increment financing district will accomplish at least three of the following five criteria:

(A) The development within the tax increment financing district clearly requires substantial public investment over and above the normal municipal operating or bonded debt expenditures.

(B) The development includes new or rehabilitated affordable housing that is affordable to the majority of the residents living within the municipality and is developed at a higher density than at the time of
application. “Affordable” has the same meaning as in 10 V.S.A. § 6001(29), as defined in 24 V.S.A. § 4303.

(C) The project will affect the remediation and redevelopment of a brownfield located within the district. (D) The development will include at least one entirely new business or business operation or expansion of an existing business within the district, and this business will provide new, quality, full-time jobs that meet or exceed the prevailing wage for the region as reported by the Department of Labor.

(E) The development will enhance transportation by creating improved traffic patterns and flow or creating or improving public transportation systems.
