
This act summary is provided for the convenience of the public and members of the General Assembly. It is intended to provide a general summary of the act and may not be exhaustive. It has been prepared by the staff of the Office of Legislative Council without input from members of the General Assembly. It is not intended to aid in the interpretation of legislation or to serve as a source of legislative intent.

Act No. 139 (H.410). Commerce and trade; energy; public service; electric vehicles

An act relating to appliance efficiency, energy planning, and electric vehicle parking

This act adds efficiency standards for 16 products to Vermont's appliance efficiency law.

The act also requires the State Comprehensive Energy Plan (CEP) to include recommendations for State agency energy and transportation planning and requires those other plans and utility resource plans to be consistent with the CEP.

The act requires submissions to the General Assembly by the Public Utility Commission and the Department of Public Service on issues relating to renewable electric generation and constrained areas of the electric utility grid.

The act clarifies the enforceability of parking restrictions related to electric vehicles.

Multiple effective dates, beginning on May 21, 2018
