**Act No. 163 (H.676). Energy; public service; natural resources**

**An act relating to miscellaneous energy subjects**

This act:

- revises the minimum setback requirements applicable to solar electric generation requiring a certificate of public good (CPG) from the Public Utility Commission (PUC);
- amends the statute governing fees charged to support the participation of the Agency of Natural Resources in CPG proceedings before the PUC; and
- establishes a voluntary habitat standard under which solar electric generation sites may claim that they provide benefits to pollinators and shrub-dependent birds.

Effective Date: July 1, 2018
