Introduced by Committee on Ways and Means

Date:

Subject: Taxation; personal income tax; statewide education tax; municipal taxes

Statement of purpose of bill as introduced: This bill proposes to make numerous changes to Vermont’s personal income tax and its system of education financing.

For personal income taxes, the bill would:

- Create a Vermont personal exemption, standard deduction, and charitable credit to replace Vermont’s current reliance on federal definitions and its current treatment of itemized deductions;
- Lower Vermont’s marginal rates for personal income taxes;
- Exclude certain taxable Social Security benefits from State taxation.

In terms of education financing, the bill would:

- Alter the current structure of the homestead education property tax by:
  - Providing each school district with a base payment equal to the amount of per pupil education spending that could be supported by fixed Education Fund revenues.
  - For districts that choose to spend above the base amount, an additional homestead tax rate would be equalized across those
districts, based on a single property tax yield.

- Create a school income tax surcharge to support education financing;
- Eliminate the General Fund Transfer and move several Education Fund expenses to the General Fund;
- Commit all the revenue from the sales and use tax and a portion of the meals and rooms tax to the Education Fund;
- Set the education funding parameters for fiscal year 2019, including the property dollar equivalent yield and nonresidential property tax rate;
- Eliminate the excess spending penalty;
- Provide for separate municipal and statewide education tax billing.

An act relating to changes in Vermont’s personal income tax and education financing system

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 15. VERMONT TAX STRUCTURE COMMISSION

(a) There is hereby established the Vermont Tax Structure Commission composed of three to five members to be selected as follows:

(1) the Speaker of the House, the President Pro Tempore of the Senate, and the Governor shall each appoint one member; and

(2) the three members appointed pursuant to subdivision (1) of this subsection may select one or two additional members, based on a majority vote.

(b) The Commission shall be appointed as soon as possible after the effective date of this act. The Commission shall elect a chair and a vice chair
from among its members.

(c) The Commission shall prepare a structural analysis of the State’s revenue system and offer recommendations for improvements and modernization and provide a long-term vision for the tax structure. The Commission’s analysis shall include a review of Vermont’s income taxes, consumption-based taxes, the education financing system, tax expenditures, and property and asset-based taxes. The Commission shall have as its goal a tax system that provides sustainability, appropriateness, and equity. For guidance, the Commission may use the Principles of a High-Quality State Revenue System as prepared by the National Conference of State Legislatures.

A high-quality revenue system:

(1) Comprises elements that are complementary, including the finances of both state and local governments.

(2) Produces revenue in a reliable manner. Reliability involves stability, certainty, and sufficiency.

(3) Relies on a balanced variety of revenue sources.

(4) Treats individuals equitably. Minimum requirements of an equitable system are that it imposes similar tax burdens on people in similar circumstances, it minimizes regressivity, and it minimizes taxes on individuals with low income.

(5) Facilitates taxpayer compliance. It is easy to understand and
minimizes compliance costs.

(6) Promotes fair, efficient, and effective administration. It is as simple as possible to administer, raises revenue efficiently, is administered professionally, and is applied uniformly.

(7) Is responsive to interstate and international economic competition.

(8) Minimizes its involvement in spending decisions and makes any such involvement explicit.

(9) Is accountable to taxpayers.

(d) It is the intent of the General Assembly that the work of the Commission not supplant or delay the normal Legislative and Executive Branch review and alteration of tax and revenue issues under State law.

(e) The Commission shall begin its work by:

(1) updating and incorporating the relevant work of the Blue Ribbon Tax Structure Commission created by the 2009 S.S. Acts and Resolves, No. 1;

(2) updating and incorporating work from the existing studies of Vermont’s education finance system since the enactment of the 1998 Acts and Resolves, No. 60 and 2004 Acts and Resolves, No. 68;

(f) The Commission shall submit a two-year work plan and budget to the Joint Fiscal Committee, the Senate Committee on Finance, and the House Committee on Ways and Means by February 15, 2019. The work plan shall outline the work the Commission intends to complete in its review of Vermont’s
income taxes, consumption-based taxes, education financing system, tax
expenditures, and property and asset-based taxes. The final report of the
Commission shall be made to the General Assembly on or before January 15,
2021.

(g) The Commission shall receive technical support from the Department of
Taxes, the legislative Joint Fiscal Office, and consultants.

(h) The Joint Fiscal Office with the assistance of the Legislative Council
and the Department of Taxes may contract with one or more consultants or
hire a limited service position to provide assistance with achieving the goals
for the Commission. The consultants shall have extensive experience with
state tax systems and shall have participated in at least one other study of a
state tax system.

(i) Members of the Commission shall be entitled to compensation as
provided under 32 V.S.A. § 1010.

ratios should be included in statute for fiscal year 2021.
