*** Vermont Tax Structure Commission ***

Sec. 15. VERMONT TAX STRUCTURE COMMISSION

(a) There is hereby established the Vermont Tax Structure Commission
composed of three to five members to be selected as follows:

(1) the Speaker of the House, the President Pro Tempore of the Senate,
and the Governor shall each appoint one member; and

(2) the three members appointed pursuant to subdivision (1) of this
subsection may select one or two additional members, based on a majority
vote.

(b) The Commission shall be appointed as soon as possible after the
effective date of this act. The Commission shall elect a chair and a vice chair
from among its members.

(c) The Commission shall prepare a structural analysis of the State’s
revenue system and offer recommendations for improvements and
modernization and provide a long-term vision for the tax structure. The
Commission’s analysis shall include a review of Vermont’s income taxes,
consumption-based taxes, the education financing system, tax expenditures,
and property and asset-based taxes. The Commission shall have as its goal a
tax system that provides sustainability, appropriateness, and equity. For
guidance, the Commission may use the Principles of a High-Quality State
Revenue System as prepared by the National Conference of State Legislatures.

A high-quality revenue system:

(1) Comprises elements that are complementary, including the finances
of both state and local governments.

(2) Produces revenue in a reliable manner. Reliability involves stability,
certainty, and sufficiency.

(3) Relies on a balanced variety of revenue sources.

(4) Treats individuals equitably. Minimum requirements of an equitable
system are that it imposes similar tax burdens on people in similar
circumstances, it minimizes regressivity, and it minimizes taxes on individuals
with low income.

(5) Facilitates taxpayer compliance. It is easy to understand and
minimizes compliance costs.

(6) Promotes fair, efficient, and effective administration. It is as simple
as possible to administer, raises revenue efficiently, is administered
professionally, and is applied uniformly.

(7) Is responsive to interstate and international economic competition.

(8) Minimizes its involvement in spending decisions and makes any
such involvement explicit.

(9) Is accountable to taxpayers.
(d) It is the intent of the General Assembly that the work of the
Commission not supplant or delay the normal Legislative and Executive
Branch review and alteration of tax and revenue issues under State law.

(e) The Commission shall begin its work by:

(1) updating and incorporating the relevant work of the Blue Ribbon
Tax Structure Commission created by the 2009 S.S. Acts and Resolves, No. 1;

(2) updating and incorporating work from the existing studies of
Vermont’s education finance system since the enactment of the 1998 Acts and
Resolves, No. 60 and 2004 Acts and Resolves, No. 68;

(f) The Commission shall submit a two-year work plan and budget to the
Joint Fiscal Committee, the Senate Committee on Finance, and the House
Committee on Ways and Means by February 15, 2019. The work plan shall
outline the work the Commission intends to complete in its review of
Vermont’s income taxes, consumption-based taxes, education financing
system, tax expenditures, and property and asset-based taxes. The final report
of the Commission shall be made to the General Assembly on or before

(g) The Commission shall receive technical support from the Department
of Taxes, the legislative Joint Fiscal Office, and consultants.

(h) The Joint Fiscal Office with the assistance of the Legislative Council
and the Department of Taxes may contract with one or more consultants or hire
a limited service position to provide assistance with achieving the goals for the Commission. The consultants shall have extensive experience with state tax systems and shall have participated in at least one other study of a state tax system.

(i) Members of the Commission shall be entitled to compensation as provided under 32 V.S.A. § 1010.

(2) identifying barriers that hamper staffing flexibility at the local level, including whether aspects of the regulatory environment, including mandatory staffing requirements and collective bargaining or other contractual obligations, contribute to lower staff-to-student ratios;

(3) aligning to the greatest extent possible the work of the Task Force with existing research findings and reports, based on studies conducted either nationally or in New England, concerning optimal classroom practices and resources, and class and school sizes for successful learning outcomes, and the impact of population decline on rural schools;
(4) attending to compliance with federal rules and regulations, so as to avoid jeopardizing the State’s federal funding;
